Skinny Legs And All By Tom Robbins:

Skinny Legs and All Tom Robbins,1995-11-01 An Arab and a Jew open a restaurant together across the street from the United Nations It sounds like the beginning of an ethnic joke but it s the axis around which spins this gutsy fun loving and alarmingly provocative novel in which a bean can philosophizes a dessert spoon mystifies a young waitress takes on the New York art world and a rowdy redneck welder discovers the lost god of Palestine while the illusions that obscure humanity s view of the true universe fall away one by one like Salome s veils *Skinny Legs and All* deals with today s most sensitive issues race politics marriage art religion money and lust It weaves lyrically through what some call the end days of our planet Refusing to avert its gaze from the horrors of the apocalypse it also refuses to let the alleged end of the world spoil its mood And its mood is defiantly upbeat In the gloriously inventive Tom Robbins style here are characters phrases stories and ideas that dance together on the page wild and sexy like Salome herself Or was it Jezebel

Scepticism and Hope in Twentieth Century Fantasy Literature Kath Filmer-Davies,1992 Religious discourse has become alien to the secular and skeptical western societies of the twentieth century There is real discomfort when religious discourse appears either in the popular press or in society But even in a secular society there is still a psychological need one might even use the stronger word will if not to believe then at least to hope Dr Filmer states this need is met in the literature of fantasy

Losing Our Heads Regina Janes,2005-08 What is the fascination that decollation holds for us as individuals and as a culture Why does the idea make us laugh and the act make us close our eyes *Losing Our Heads* explores in both artistic and cultural contexts the role of the chopped off head It asks why the practice of decapitation was once so widespread why it has diminished but not as scenes from contemporary Iraq show completely disappeared and why we find it so peculiarly repulsive that we use it as a principal marker to separate ourselves from a more barbaric or primitive past Although the topic is grim Regina Janes s treatment and conclusions are neither grisly nor gruesome but continuously instructive about the ironies of humanity s cultural nature Bringing to bear an array of evidence the book argues that the human ability to create meaning from the body motivates the practice of decapitation its diminution the impossibility of its extirpation and its continuing fascination Ranging from antiquity to the late nineteenth century passion for Salome and John the Baptist and from the enlightenment to postcolonial Africa s challenge to the severed head as sign of barbarism *Losing Our Heads* opens new areas of investigation enabling readers to understand the shock of decapitation and to see the value in moving past shock to analysis Written with penetrating wit and featuring striking illustrations it is sure to captivate anyone interested in his or her head

The End That Does Cathy Gutierrez,Hillel Schwartz,2014-12-18 Millennial movements have had a significant impact on history and lie behind many

artistic and scientific views of the world **The End that Does** tracks the interplay of the arts sciences and millennial imagination across 3000 years The volume presents essays ranging across the study of ancient ritualistic sacrifice utopian technology and the American millennial dream science fiction and the apocalypse of the tabloids **The End that Does** will be invaluable to any student or scholar interested in the history of millennialism **Popes and Politics** Justus George

Lawler,2004-10-12 In the last three decades scores of books have been published on the role of the Vatican in the modern world **Popes and Politics** shows that many recent authors whether devoted or antagonistic to the papacy have been guilty of factual distortions and biased interpretations that lead to a flawed picture of the church and its relation to contemporary society **The Art of the Epigraph** Rosemary Ahern,2012-10-30

For many book Lovers there is no more pleasing start to a book than a well chosen epigraph These intriguing quotations sayings and snippets of songs and poems do more than set the tone for the experience ahead the epigraph informs us about the author s sensibility Are we in the hands of a literalist or a wit A cynic or a romantic A writer of great ambition or a miniaturist The epigraph hints at hidden stories and frequently comes with one of its own **The Art of the Epigraph** collects more than 250 examples from across five hundred years of literature and offers insights into their meaning and purpose including what induces so many writers to cede the very first words a reader will encounter in their book to another writer With memorable quotations ranging from Dr Johnson to Dr Seuss Herodotus to Hemingway Jane Austen to Karl Marx and A A Milne to Marcel Proust here is a book that allows us a glimpse of the great writer as devoted reader This lively and distinctive literary companion traces not only the art of the epigraph but the history of the book **The Ecology and Semiotics of Language Learning** Leo van Lier,2006-04-18

In this book I try to give a coherent and consistent overview of what an ecological approach to language learning might look like This is not a fully fledged grand theory that aims to provide an explanation of everything but an attempt to provide a rationale for taking an ecological world view and applying it to language education which I regard as one of the most important of all human activities Goethe once said that everything has been thought of before but that the difficulty is to think of it again The same certainly is true of the present effort If it has any innovative ideas to offer these lie in a novel combination of thoughts and ideas that have been around for a long long time The reader will encounter influences that range from Spinoza to Bakhtin and from Vygotsky to Halliday The scope of the work is intentionally broad covering all major themes that are part of the language learning process and the language teaching profession These themes include language perception and action self learning critical pedagogy and research At the same time I have attempted to look at both the macro and the micro sides of the ecological coin and address issues from both a theoretical and a practical perspective This then aims to be a book that can be read by practitioners and theoreticians alike and the main idea is that it should be readable and challenging at the same time **We Did It** Mike Scott,2000-08-16

We Did It is an edgy action adventure story told within a Romantic Comedy story Today is Monday Three Terrorist groups a Hate Group in the US a Colombian Drug

Tom Robbins Catherine E. Hoyser, Lorena Laura Stookey, 1997-10-28 This is the first book length study of the popular novelist Tom Robbins. Whimsy and humor characterize Robbins' work but style and language are the keystones. Hoyser and Stookey show how Robbins deftly uses style and humor to depict the absurdities and injustices of our world. His novels constantly challenge perceptions of the world that people automatically label as normal. His fiction criticizes the complacency of humans in a world becoming increasingly alienated from nature and the joy of life. In addition to a critical analysis of each of his novels, the study contains biographical material never before published and the first full length bibliography on Robbins including a bibliography of reviews of his fiction. Myth, Magic, and Metaphor Patricia Daly-Lipe, PhD, 2011-08-25 Myth Magic Metaphor attempts to put together a fairly simple creative writing classroom scenario The idea is to awaken the aesthetic sense the creative muse who lurks within us all The method is multisensory interdisciplinary and holistic Philosophy art music and linguistics are some of the disciplines used The goal is to have the reader recognize and enjoy the process It asks for the students of writing to experience the sense of wonder they knew as children to use their imagination to feel and absorb the world around them to listen not just to hear to see not just to look in sum to become intoxicated with life The tool is the heart the medium is words They say that the human mind once stretched to a new idea never returns to its original shape Georgi Lozanov Our hope is that this little tome will reshape a few minds Myth Magic Metaphor is luminous with oracular wisdom about the nature and sources of creativity From first page to last this book will inspire you to be inspired Richard Lederer author of The Miracle of Language Crazy English The Play of Words and many other Linguistic Treasures
