Getting to Good Friday Marilynn Richtarik, 2023-01-03 Getting to Good Friday intertwines literary analysis and narrative history in an accessible account of the shifts in thinking and talking about Northern Ireland's divided society that brought thirty years of political violence to a close with the 1998 Belfast Good Friday Agreement Drawing on decades of reading researching and teaching Northern Irish literature and talking and corresponding with Northern Irish writers Marilynn Richtarik describes literary reactions and contributions to the peace process during the fifteen years preceding the Agreement and in the immediate post conflict era Progress in this period hinged on negotiators ability to revise the terms used to discuss the conflict As poet Michael Longley commented in 1998 In its language the Good Friday Agreement depended on an almost poetic precision and suggestiveness to get its complicated message across Interpreting selected literary works by Brian Friel Seamus Heaney Michael Longley Deirdre Madden Seamus Deane Bernard MacLaverty Colum McCann and David Park within a detailed historical frame Richtarik demonstrates the extent to which authors were motivated by a desire both to comment on and to intervene in unfolding political situations Getting to Good Friday suggests that literature as literature that is in its formal properties in addition to anything it might have to say about a given subject can enrich readers historical understanding Through Richtarik's engaging narrative creative writing emerges as both the medium of and a metaphor for the peace process itself

G. Ingersoll, Mary C. Ingersoll, 2017-07-13 *Conversations with Colum McCann* brings together eighteen interviews with a world renowned fiction writer. Ranging from his 1994 literary debut *Fishing the Sloe Black River* to a previously unpublished interview conducted in 2016, these interviews represent the development as well as the continuation of McCann's interests. The number and length of the later conversations attest to his star power. *Let the Great World Spin* earned him the National Book Award and promises to become a major motion picture. His most recent novel *TransAtlantic* has awed readers with its dynamic yoking of the 1845-46 visit of Frederick Douglass to Ireland, the 1919 first nonstop transatlantic flight of Alcock and Brown, and Senator George Mitchell's 1998 efforts to achieve a peace accord in Northern Ireland. An extensive interview by scholar Cécile Maudet is included here, as is an interview by John Cusatis who wrote *Understanding Colum McCann*, the first extensive critical analysis of McCann's work. An author who actually enjoys talking about his work, McCann's 1965 offers insights into his method of writing, what he hopes to achieve, as well as the challenge of writing each novel to go beyond his accomplishments in the novel before. Readers will note how many of his responses include stories in which he himself is the object of the humor, and how often his remarks reveal insights into his character as a man who sees the grittiness of the urban landscape but never loses faith in the strength of ordinary people and their capacity to prevail. **The Legacy of the**

Good Friday Agreement Charles I. Armstrong, David Herbert, Jan Erik Mustad, 2018-09-03 This book provides a multidisciplinary collection of essays that seek to explore the deeply problematic legacy of post Agreement Northern Ireland. Thus the authors of this book look at a number of issues that continue to stymie the development of a robust and sustainable peacebuilding project, including segregation, contested parades and flags, ethnic party mobilization, and memorialization. Towards addressing these contemporary issues, authors are drawn from a range of disciplines including politics, history, literature, drama, cultural studies, sociology, and social psychology. **The Body in Pain in Irish Literature and Culture**

Fionnuala Dillane, Naomi McAreavey, Emilie Pine, 2016-12-06 This book elucidates the ways the pained and suffering body has been registered and mobilized in specifically Irish contexts across more than four hundred years of literature and culture. There is no singular approach to what pain means; the material addressed in this collection covers diverse cultural forms, from reports of battles and executions to stage and screen representations of sexual violence produced in response to different historical circumstances, in terms that confirm our understanding of how pain, whether endured or inflicted, witnessed or remediated, is culturally coded. Pain is as open to ongoing redefinition as the Ireland that features in all of the essays gathered here. This collection offers new paradigms for understanding Ireland's literary and cultural history. **Trauma and Recovery in the Twenty-First-Century Irish Novel** Kathleen Costello-Sullivan, 2018-05-07 The desire to engage and confront traumatic subjects was a facet of Irish literature for much of the twentieth century. Yet just as Irish society has adopted a more direct and open approach to the past, so too have Irish authors evolved in their response to and literary uses of trauma. In *Trauma and Recovery in the Twenty First Century Irish Novel*, Costello-Sullivan considers the ways in which the Irish

canon not only represents an ongoing awareness of trauma as a literary and cultural force but also how this representation has shifted since the end of the twentieth and beginning of the twenty first century While earlier trauma narratives center predominantly on the role of silence and the individual and or societal suffering that traumas induce twenty first century Irish narratives increasingly turn from just the recognition of traumatic experiences toward exploring and representing the process of healing and recovery both structurally and narratively Through a series of keenly observed close readings Costello Sullivan explores the work of Colm T ib n John Banville Anne Enright Emma Donohue Colum McCann and Sebastian Barry In highlighting the power of narrative to amend and address memory and trauma Costello Sullivan argues that these works reflect a movement beyond merely representing trauma toward also representing the possibility of recovery from it

In Search of Liberty Ronald Angelo Johnson, Ousmane K. Power-Greene, 2021-07-15 *In Search of Liberty* explores how African Americans since the founding of the United States have understood their struggles for freedom as part of the larger Atlantic world The essays in this volume capture the pursuits of equality and justice by African Americans across the Atlantic World through the end of the nineteenth century as their fights for emancipation and enfranchisement in the United States continued This book illuminates stories of individual Black people striving to escape slavery in places like Nova Scotia Louisiana and Mexico and connects their efforts to emigration movements from the United States to Africa and the Caribbean as well as to Black abolitionist campaigns in Europe By placing these diverse stories in conversation editors Ronald Angelo Johnson and Ousmane K Power Greene have curated a larger story that is only beginning to be told By focusing on Black internationalism in the eighteenth and nineteenth centuries *In Search of Liberty* reveals that Black freedom struggles in the United States were rooted in transnational networks much earlier than the better known movements of the twentieth century
