Pretties Uglies 2 By Scott Westerfeld:

Uglies Quartet: Uglies; Pretties; Specials; Extras Scott Westerfeld, 2013-11-21 Before The Hunger Games there was Uglies Fast paced chilling and thought provoking this ebook collection will leave you wondering Beauty guaranteed but at what price In Tally's world at sixteen you are transformed from a repellent Ugly into a stunningly attractive Pretty and catapulted into a high tech paradise where your only job is to have a great time But Tally is tired of it And the choices she makes changes her world forever First as an ugly then a pretty and finally a special Tally takes down the social infrastructure And then a generation later a world obsessed with fame and instant celebrity and filled with extras will reap the consequences This ebook boxed set includes all four titles in the international bestselling series **Pretties with Ugly Thoughts** Thérèse Remus, 2013-09-18 Seminar paper from the year 2013 in the subject Didactics for the subject English Literature Works grade 1 0 Humboldt University of Berlin Institut für Anglistik course Figurations of Survival in Dystopian Young Adult Fiction language English abstract Scott Westerfeld's trilogy Uglies Pretties Specials tells us about the 15 year old girl Tally who lives in a society whose citizens have to undergo an operation in order to be made pretty as soon as they get 16 years old The books could easily be taken for prominently criticizing callomania i.e. the excessive love of and craving for beauty and the respective extreme efforts people make to appear beautiful and thus correspond to a certain ideal It is widely acknowledged that Western countries have developed into societies whose citizens spend remarkable amounts of time and money in the improvement or maintenance of their fitness and body appearance Since the 1980s an increasing number of so called body image disorders is reported More and more and even younger people suffer from a systematic depreciation of their bodies as they compare them to ideal and imaginative body images Menninghaus Winfried Das Versprechen der Schönheit Frankfurt a Main Suhrkamp 2007 250 251 It therefore seems a first and logical approach to see Westerfeld's books as a major criticism of today's Western societies and media which make people perceive their bodies as negative and inferior As they are considered to be dystopian fictions we anticipate Westerfeld's novels to carry a warning reference to the reader's present society In this sense Westerfeld's books offer a most sinister view on how far we could get if we are advancing technologies like aesthetic surgery and genetic engineering without reconsidering how why and to what extent we use them We assume this critical warning to be embodied in the protagonist Tally who tries to succeed in disengaging from the ideology indoctrinated by her city This paper wants to track the critical approaches we find in the novels and examine whether the narrations really live up to the criticism apparently promised It will look at the concepts of beauty the protagonist Tally is confronted with and refer to current scientific and popular discourses about these respective concepts Finally a connection shall be drawn between the issues raised in the novels and the genre chosen to work on them Why are beauty and body relevant topics to be treated in Young Adult fiction And how does the genre Young Adult literature change the portrayal and reception of the issues Questions like these shall be dealt with in order to review the book's message in the

context of their intended readership Pretties Scott Westerfeld, 2012-09-20 Tally est enfin devenue une sublime Pretty Elle a de grands yeux pailletés un visage et un corps parfaits tout le monde l'apprécie et son petit copain est craquant Ses rêves les plus fous sont devenus réalité Mais au cœur de cette vie de fête de luxe high tech et de liberté perce un sentiment de malaise quelque chose ne va pas quelque chose d'important Un jour Tally reçoit un message crit de sa propre main lorsqu'elle était Ugly A mesure qu'elle se lit les souvenirs reviennent sous la beauté parfaite et le bonheur absolu des Pretties se cache une effroyable vérité D'ordinaire pour Tally un choix cruel s'impose oublier tout prix cette vérité ou fuir la cité pour sauver sa peau

Uglies & Pretties Scott Westerfeld, 2015-06-16 The first two novels of Scott Westerfeld's New York Times bestselling series a global phenomenon that started the dystopian trend now available in one edition Tally can't wait to turn sixteen Only then will she be able to have an operation to turn her from a repellant ugly into a stunningly attractive pretty and live in New Pretty Town a high tech paradise where her only job will be to have fun But when Tally finally becomes pretty everything isn't as perfect as it seems Underneath all the beauty and luxury is a nagging sense that something is wrong Very wrong Searching for the truth Tally discovers a whole new side of the pretty world and it isn't very pretty Now Tally has a choice to make fight to forget what she knows or fight for her life **Beauty ideals and cosmetic surgery in Scott Westerfeld's novel "Uglies"**, 2019-03-22 Seminar paper from the year 2018 in the subject English Language and Literature Studies Literature grade 1-5 Karlsruhe University of Education language English abstract Television social platforms and advertisements are full of them successful rich and irresistibly attractive people Their pretty faces their beguiling smiles and glamorous appearances have a great influence on our idea of being beautiful In our recent society beauty is a privilege which leads to success money and an unbridled lovelife We strive for being equal to them We envy them for their beauty their fame and their lifestyle At the same time it is obvious that this world of glamour and flawlessness is more often a world of sham and pretence High prices are paid for a beautiful face or a slim figure Being under pressure to fit into a certain beauty ideal the people in our society are victims of a beauty mania which demands a lot Not only a ridiculous high consumption of cosmetics and beauty products but also more drastic measures like cosmetic surgeries or symptoms like anorexia and bulimia can be seen as a sign for that But let us imagine a world without this beauty competition A world in which everyone is equally pretty due to a compulsory cosmetic surgery as a teenager Scott Westerfeld creates such a scenery in his young dystopian fiction novel Uglies and takes a critical approach to a society which is only based on being pretty On the basis of this book I want to have a closer look on our modern beauty ideals and how they influence our recent society Or rather how our society influences beauty ideals What problems arise with this beauty mania What does Westerfeld criticise in his novel I also want to pay attention on the beauty ideals in a historical context and how they changed over time **The Inter-Galactic Playground** Farah Mendlesohn, 2009-07-15 Science fiction is often considered the genre of ideas and imagination which would seem to make it ideal for juveniles and young adults however the ideas are often dispensed by

adults This book considers the development of science fiction for children and teens between 1950 and 2010 exploring why it differs from science fiction aimed at adults In a broader sense this critical examination of 400 texts sheds light on changing attitudes toward children and teenagers toward science education and toward the authors expectations and sociological views of their audience The Publishers Weekly , *Female Rebellion in Young Adult Dystopian Fiction* Sara K. Day, Miranda A. Green-Barteet, Amy L. Montz, 2016-04-15 Responding to the increasingly powerful presence of dystopian literature for young adults this volume focuses on novels featuring a female protagonist who contends with societal and governmental threats at the same time that she is navigating the treacherous waters of young adulthood The contributors relate the liminal nature of the female protagonist to liminality as a unifying feature of dystopian literature literature for and about young women and cultural expectations of adolescent womanhood Divided into three sections the collection investigates cultural assumptions and expectations of adolescent women considers the various means of resistance and rebellion made available to and explored by female protagonists and examines how the adolescent female protagonist is situated with respect to the groups and environments that surround her In a series of thought provoking essays on a wide range of writers that includes Libba Bray Scott Westerfeld Tahereh Mafi Veronica Roth Marissa Meyer Ally Condie and Suzanne Collins the collection makes a convincing case for how this rebellious figure interrogates the competing constructions of adolescent womanhood in late twentieth and early twenty first century culture

Representations of Technology in Science Fiction for Young People , *Pretties* Scott Westerfeld, 2008-11-11 The second installment of Scott Westerfeld s New York Times bestselling and award winning Uglies series a global phenomenon that started the dystopian trend Tally has finally become pretty Now her looks are beyond perfect her clothes are awesome her boyfriend is totally hot and she s completely popular It s everything she s ever wanted But beneath all the fun the nonstop parties the high tech luxury the total freedom is a nagging sense that something s wrong Something important Then a message from Tally s ugly past arrives Reading it Tally remembers what s wrong with pretty life and the fun stops cold Now she has to choose between fighting to forget what she knows and fighting for her life because the authorities don t intend to let anyone with this information survive

The Sidekick Comes of Age Stephen M. Zimmerly, 2019-04-09 Literary sidekicks like Dr Watson and Robin the Boy Wonder have not been the singular subject of a significant critical study until now Using young adult literature YA to study the sidekick reveals new and exciting ways to understand these kinds of characters and this kind of literature YA has embraced the sidekick recognizing the way the character reflects the importance of growth and finding one s place in the world The nature of many YA texts allows sidekicks

to grow beyond literary or historical origins This includes letting sidekicks evolve over the course of multiple texts using parallel novels to add complexity to a sidekick's characterization and telling a story from the sidekick's perspective paradoxically making the sidekick the hero A singularly focused and prolonged study helps to establish sidekick scholarship as a burgeoning field in and of itself *Uglies* Scott Westerfeld, 2011-05-03 A fresh repackaging of the bestselling *Uglies* books the series that started the whole dystopian trend **For Younger Readers**, 2008 **Grammar to Get Things Done** Darren Crovitz, Michelle D. Contemporary Dystopian Fiction for Young Adults Balaka Basu, Katherine R. Broad, Carrie Hintz, 2013-05-02 Winner of the Children's Literature Association Edited Book Award From the jaded wired teenagers of M T Anderson's *Feed* to the spirited young rebels of Suzanne Collins' *The Hunger Games* trilogy the protagonists of Young Adult dystopias are introducing a new generation of readers to the pleasures and challenges of dystopian imaginings As the dark universes of YA dystopias continue to flood the market Contemporary Dystopian Fiction for Young Adults *Brave New Teenagers* offers a critical evaluation of the literary and political potentials of this widespread publishing phenomenon With its capacity to frighten and warn dystopian writing powerfully engages with our pressing global concerns liberty and self determination environmental destruction and looming catastrophe questions of identity and justice and the increasingly fragile boundaries between technology and the self When directed at young readers these dystopian warnings are distilled into exciting adventures with gripping plots and accessible messages that may have the potential to motivate a generation on the cusp of adulthood This collection enacts a lively debate about the goals and efficacy of YA dystopias with three major areas of contention do these texts reinscribe an old didacticism or offer an exciting new frontier in children's literature Do their political critiques represent conservative or radical ideologies And finally are these novels high minded attempts to educate the young or simply bids to cash in on a formula for commercial success This collection represents a prismatic and evolving understanding of the genre illuminating its relevance to children's literature and our wider culture *Senior High School Library Catalog*
