Running Wild By Jg Ballard:

Running Wild J. G. Ballard, 2014-12-18 A high security luxury housing estate in the Thames Valley sees a disturbing outbreak of violence in this compelling novella newly reissued with an introduction from Adam Phillips *J.G. Ballard's Surrealist Imagination* Jeannette Baxter, 2016-12-05 Making the case that J G Ballard's fictional and non fictional writings must be read within the framework of Surrealism Jeannette Baxter argues for a radical revisioning of Ballard that takes account of the political and ethical dimensions of his work Ballard's appropriation of diverse Surrealist aesthetic forms and political writings Baxter suggests are mobilised to contest official narratives of postwar history and culture and offer a series of counter historical and counter cultural critiques Thus Ballard's work must be understood as an exercise in Surrealist historiography that is politically and ethically engaged Placing Ballard's illustrated texts within this critical framework permits Baxter to explore the effects of photographs drawings and other visual symbols on the reading experience and the production of meaning Ballard's textual spectacles raise a variety of questions about the shifting role of the reader and the function of the written text within a predominantly visual culture while acknowledging the visual contexts of Ballard's Surrealist writings allows a very different historical picture of the author and his work to emerge The Empire's of J. G. Ballard David Ian Paddy, 2015-08-25 J G Ballard once declared that the most truly alien planet is Earth and in his science fiction he abandoned the traditional imagery of rocket ships traveling to distant galaxies to address the otherworldliness of this world The Empires of J G Ballard is the first extensive study of Ballard's critical vision of nation and empire of the political geography of this planet Paddy examines how Ballard's self perceived status as an outsider and exile the Sheppertonian from Shanghai generated an outlook that celebrated worldliness and condemned parochialism This book brings to light how Ballard wrestled with notions of national identity and speculated upon the social and psychological implications of the post war transformation of older models of empire into new imperialisms of consumerism and globalization Presenting analyses of Ballard's full body of work with its tales of reverse colonization psychological imperialism the savagery of civilization estranged Englishmen abroad and at home and multinational communities built on crime The Empires of J G Ballard offers a fresh perspective on the fiction of J G Ballard The Empires of J G Ballard An Imagined Geography offers a sustained and highly convincing analysis of the imperial and post imperial histories and networks that shape and energise Ballard's fictional and non fictional writings To what extent can Ballard be considered an international writer What happens to our understanding of his post war science fictions when they are opened up to the language and logics of post colonialism And what creative and critical roles do the spectres of empire play in Ballard's visions of modernity Paddy follows these and other fascinating lines of enquiry in a study that is not only essential reading for Ballard students and scholars but for anyone interested in the intersections of modern and contemporary literature history and politics Jeanette Baxter Anglia Ruskin University Shanghai made my father Arriving in England after WW2 he was a

person of the world who d witnessed extremes of human experience and remained the outsider observing life from his home in Shepperton 1930s Shanghai Paris of the East was a mix of international sophistication and violence unfettered capitalism and acute poverty American cars martinis and Coca Cola a place marked by death and war It had a profound influence on my father and his imagination Dr Paddy s fascinating book explores my father s fiction within an international context and offers a profound reading of a man who always kept his eyes and mind open to the world Fay Ballard *The Psychological Fictions of J.G. Ballard* Samuel Francis,2013-06-20 J G Ballard self professedly devoured the work of Freud as a teenager and entertained early thoughts of becoming a psychiatrist he opened his novel writing career with a manifesto declaring his wish to write a science fiction exploring not outer but inner space and declaring the need for contemporary fiction to be viewed as a branch of neurology He also apparently welcomed a reader s report on Crash 1973 condemning him as beyond psychiatric help as confirming his achievement of total artistic success Samuel Francis investigates Ballard s engagement with psychology and the psychological in his fiction tracing the influence of key figures including Sigmund Freud C G Jung and R D Laing and placing his work in the context of the wider fields of psychology and psychiatry While the psychological preoccupations of his writing are very clear including his use of concepts such as the unconscious psychopathology deviance obsession abnormal psychology and schizophrenia this is the first book to offer a detailed analysis of this key conceptual and historical context for his fiction *J.G. Ballard* Michel Delville,1998 Michel Delville has produced in this volume the first book length study of J G Ballard s literary output and commentaries on contemporary culture **The Encyclopedia of Twentieth-Century Fiction, 3 Volume Set** Brian W. J. G. Ballard Jeannette Baxter,2009-02-12 J G Ballard is one of the most significant British writers of the contemporary period His award winning novels are widely studied and read yet the appeal of Ballard s idiosyncratic and often controversial imagination is such that his work also enjoys something of a cult status with the reading public The hugely successful cinematic adaptations of Empire of the Sun Spielberg 1987 and Crash Cronenberg 1996 further confirm Ballard s unique place within the literary cultural and popular imaginations This guide includes new critical perspectives on Ballard s major novels as well as his short stories and journalistic writing covering issues of form narrative and experimentation Whilst offering fresh readings of dominant and recurring themes in Ballard s writing including history sexuality violence consumer capitalism and urban space the contributors also explore Ballard s contribution to major contemporary debates including those surrounding post 9 11 politics terrorism neo imperialism science morality and ethics **Authors and Art**

Movements of the Twentieth Century Declan Lloyd,2022-12-30 This book explores the great influence of twentieth century artists and art movements on many major writers of the twentieth century It focuses in particular on four seminal writers who were strongly influenced by very different movements they are Gertrude Stein and Cubism William S Burroughs and Dada J G Ballard and Surrealism and Douglas Coupland and Pop Art For these authors the presence and influence of these art movements is not limited to a small cluster of texts but can be felt much more expansively across their work infiltrating all manner of multifarious and complex dimensions These authors are all keen to explore new methods of shifting the signature styles and forms of visual art into the literary world Alongside these more overt methods of artistic transposition the authors also often demonstrate a deep philosophical affinity with their chosen movements This book uproots and examines these kinds of artistic engagements and also explores the authors own personal connections with the world of art For these are all authors not only interested in visual art but also intimately connected to the art world Indeed some went on to become renowned artists in their own right while others were closely associated with major historical art figures Above all however they are unified by a kindred interest in exploring how the methods and philosophies of art can be transposed into and even challenge the constraints of traditional forms of literature *J. G. Ballard: Visions and Revisions* J.

Baxter,R. Wymer,2011-11-10 Providing an extensive reassessment of dominant and recurring themes in Ballard s writing including historical violence pornography post 9 11 politics and urban space this book also engages with Ballard s late modernism his experimentation with style and form and his sustained interests in psychology and psychopathology J. G.

Ballard D. Harlan Wilson,2017-11-10 Prophetic short stories and apocalyptic novels like The Crystal World made J G Ballard a

foundational figure in the British New Wave Rejecting the science fiction of rockets and aliens he explored an inner space of humanity informed by psychiatry and biology and shaped by surrealism Later in his career Ballard's combustible plots and violent imagery spurred controversy even legal action while his autobiographical 1984 war novel *Empire of the Sun* brought him fame D Harlan Wilson offers the first career spanning analysis of an author who helped steer SF in new if startling directions Here was a writer committed to moral ambiguity one who drowned the world and erected a London high rise doomed to descend into savagery and coolly picked apart the characters trapped within each story Wilson also examines Ballard's methods his influence on cyberpunk and the ways his fiction operates within the sphere of our larger culture and within SF itself

Applied Ballardianism Simon Sellars, 2019-01-15 An existential odyssey weaving together lived experience and theoretical insight this startling autobiographical hyperfiction surveys and dissects a world where everything connects and global technological delirium is the norm The mediascapes of late capitalism reconfigure erotic responses and trigger primal aggression under constant surveillance we occupy simulations of ourselves private estates on a hyperconnected globe fictions reprogram reality memories are rewritten by the future Fleeing the excesses of 1990s cyberculture a young researcher sets out to systematically analyse the obsessively reiterated themes of a writer who prophesied the disorienting future we now inhabit The story of his failure is as disturbingly psychotropic as those of his magus J G Ballard prophet of the post postmodern voluptuary of the car crash surgeon of the pathological virtualities pulsing beneath the surface of reality Plagued by obsessive fears defeated by the tedium of academia yet still certain that everything connects to Ballard his academic thesis collapses into a series of delirious travelogues deranged speculations and tormented meditations on time memory and loss Abandoning literary interpretation and renouncing all scholarly distance he finally accepts the deep assignment that has run throughout his entire life and embarks on a rogue fieldwork project Applied Ballardianism a new discipline and a new ideal for living Only the darkest impulses the most morbid obsessions and the most apocalyptic paranoia can uncover the technological mutations of inner space An existential odyssey inextricably weaving together lived experience and theoretical insight this startling autobiographical hyperfiction surveys and dissects a world where everything connects and global technological delirium is the norm a world become unmistakably Ballardian

Posthuman Subjectivity in the Novels of J.G. Ballard Carolyn Lau, 2023-07-28 This book proposes that Ballard's novels extrapolate the formation of a posthuman subjectivity that is centred around an affirmative understanding of what a human body can do This new subjectivity transforms constraints and prescribed desires into creative openings in a hyper mediated control society that conditions docile bodies through technology and consumerism Set in surrealist predicaments in postwar affluent Western societies Ballard's novels remind us of the fragile veneer of order in the familiar every day In these moments of crisis complacent characters are compelled to undergo a process of defamiliarisation and transformation of their understanding of the self and the body The ability to form new relationships with the unfamiliar is imperative to survival in a

hostile environment Ballard delineates both the possibilities and obstacles of forming these relationships In particular the author attributes the failure to do so to the irreconcilable contradictions of late capitalism
