Blanc,2015-04-15 There are few more divisive names in history than the Soviet communist Leon Trotsky To some he was a betrayer a hypocrite and a totalitarian and yet to many others he was a revolutionary of high esteem who battled an outdated oppressive dynasty and helped to usher in a new political era and whose name became a political moniker trotskyist Whether colored by disdain or admiration one thing is certain Trotsky was one of the most important figures of the twentieth century In Leon Trotsky Paul Le Blanc delves deep into Trotsky s life and relationships to reveal and make sense of his complex character and decisive actions Interweaving dramatic historical events with examinations of Trotsky s multi faceted personality he offers incisive views of the key facets of Trotsky s life his involvement with Soviet bureaucracy the Spanish Civil War and the rise of Hitler in the years before World War II Illuminating Trotsky s personal and political struggles and achievements this balanced portrait will be invaluable to history students or anyone interested in the extraordinary lives that made up the twentieth century **Trotsky** Robert Service,2010 *Lenin: A Political Life* Robert Service,2016-07-27 In this second volume of his Lenin trilogy Robert Service builds on the approach established in the first He emphasises the extraordinary circumstances in Russia and the world enabling Lenin to come to power in 1917 He also details ways whereby Lenin led a turbulent Bolshevik party and adjusted its policies so as to gain authority in the soviets Lenin the crafty and pragmatic politician as well as the utopian and merciless class warrior are portrayed *Joseph Stalin and the Art of Tyranny* William Nester,2025-10-30 Joseph Stalin and the Art of Tyranny examines authoritarian rule revealing how tyrants sustain power through a mix of comfort terror love and fear often convincing their subjects of their divine purpose Such leaders build systems of loyalists and subservient institutions enabling unchecked authority Joseph Stalin exemplifies this tyranny As Soviet leader from 1929 to 1953 he implemented totalitarian policies nationalizing industry and agriculture controlling economic production through five year plans and eliminating dissent through imprisonment forced labour or execution His brutal regime caused an estimated 20 million deaths Despite this grim legacy Stalin s reputation remains divisive In Western democracies he is remembered as a genocidal dictator but in Russia he often ranks among the most admired historical

figures illustrating the paradox of his influence Stalinism served as a model for Communist regimes in China Vietnam and Cuba shaping their governance While many of these nations transitioned toward democracy countries like Russia China and North Korea continue to echo Stalinist practices Modern leaders such as Saddam Hussein Vladimir Putin and Xi Jinping have adopted similar strategies of control Joseph Stalin and the Art of Tyranny offers crucial insights into authoritarianism revealing the enduring appeal and devastating impact of totalitarian rule

Russia Robert Service,2003 The first history of modern Russia from 1991 to the present day by one of the leading historians of the 20th century USSR and Russia In 1991 in a huge experiment with a people and in a state of euphoria Boris Yeltsin abolished the USSR and recreated the Russian nation At the point of its declaration it was in a state of economic and social disarray and yet there were high hopes Hopes which have subsequently been dashed Robert Service brings to bear his vast knowledge of the people and the country to put the recent upheavals into context and he shows that not everything changed for the worst 1991 The Gorbachev years have allowed the Russian people to give a priority to living a private life and shutting the door on the state They could think what they liked They could enjoy intellectual and religious freedom and indulge in recreations their income would allow Gays and Lesbians could come out The Youth culture could finally be loosed from constraints This is a broad political social and cultural history of one of the newest nations ever to be formed

Leon Trotsky Joshua Rubenstein,2011-10-15 Born Lev Davidovich Bronstein in southern Ukraine Trotsky was both a world class intellectual and a man capable of the most narrow minded ideological dogmatism He was an effective military strategist and an adept diplomat who staked the fate of the Bolshevik revolution on the meager foundation of a Europe wide Communist upheaval He was a master politician who played his cards badly in the momentous struggle for power against Stalin in the 1920s And he was an assimilated indifferent Jew who was among the first to foresee that Hitler's triumph would mean disaster for his fellow European Jews and that Stalin would attempt to forge an alliance with Hitler if Soviet overtures to the Western democracies failed Here Trotsky emerges as a brilliant and brilliantly flawed man Rubenstein offers us a Trotsky who is mentally acute and impatient with others one of the finest students of contemporary politics who refused to engage in the nitty gritty of party organization in the 1920s when Stalin was maneuvering inexorably toward Trotsky's own political oblivion As Joshua Rubenstein writes in his preface Leon Trotsky haunts our historical memory A preeminent revolutionary figure and a masterful writer Trotsky led an upheaval that helped to define the contours of twentieth century politics In this lucid and judicious evocation of Trotsky's life Joshua Rubenstein gives us an interpretation for the twenty first century

Trotsky, The Passionate Revolutionary Allan Todd, 2022-09-15 Although Trotsky was dramatically assassinated just over eighty years ago he remains a controversial figure He has had many biographers over the decades ranging from the overly sympathetic to the extremely hostile Robert Service his most recent biographer expressed the hope that his book would finish off Trotsky a job he believed the ice axe had failed to do in 1940 This biography as expected deals with those aspects for which Trotsky is noted his passionate and fiery oratory which captivated and inspired huge crowds organising the Bolshevik Revolution of November 1917 masterminding the creation of the Red Army and ensuring its victory during the Civil War becoming the most determined opponent of Stalin's creation of a monolithic party and state being a Marxist theoretician of socialist revolution and combatting fascism and of course being the originator of the very specific brand of revolutionary socialism that as early as 1906 became known as Trotskyism However this biography also explores other aspects of Trotsky's life which are not so well known In particular from a very early age his love of writing the world of books and publishing became his first passion it remained his first love and if revolutionary politics had not taken over his life would have been a very literary one Immediately after the November Revolution he hoped to return to his literary work believing his main practical work as a revolutionary was over His writings on art and literature when compared to the stultifying strictures of the Socialist Realism associated with Stalinism are remarkably sympathetic and open while he also wrote many perceptive articles as a war correspondent covering both the Balkan Wars and the early stages of the First World War Other aspects covered by this biography concern his family life and his relationships with his children Also explored is his love life while it is known he had a brief affair with the Mexican artist Frida Kahlo there are also suggestions he may have had other affairs Whatever the truth of such allegations he certainly maintained a passionate relationship with his long term companion Natalya Sedova and readers should be aware that one proof of that provided towards the end of this book contains very explicit language [The Russian Revolution](#) Russell Trenton, 2015-07-15 This gripping historical narrative relates the circumstances that led to the end of the Romanov Dynasty and the Russian aristocracy the heartrending struggles of the

peasants the violence and bloodshed of the revolution and the rise of the new social order and its far reaching consequences that continue to be felt in Russia today In addition to the causes of the Russian revolution and the events that led to civil war the narrative delves into the mindset of the Bolshevik leadership and recounts the profound transformation and industrialization of the economy in the Soviet era The Russian Revolution, 1905-1921 Mark D. Steinberg, 2017 A new history of the Russian Revolution exploring how people experienced it in their own lives from Bloody Sunday in 1905 to the final shots of the civil war in 1921 The Russian Revolution 1905 1921 focuses on human experience to address key issues of inequality power and violence and ideas of justice and freedom
