The strict traditions of piano teaching have remained entrenched for generations. The dominant influence of Muzio Clementi 1752-1832, the first composer-pedagogue of the instrument, brought about an explosion of autocratic instruction and bizarre teaching systems exemplified in the mind-numbing drills of Hanon's *The Virtuoso Pianist*. These practices, considered absurd or abusive by many, persist today at all levels of piano education. This book critically examines two centuries of teaching methods and encourages instructors to do away with traditions that disconnect mental and creative skills. *The Cultivator & Country Gentleman*, 1891 **New York Magazine**, 1992-09-14 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country.
