Kenneyism Jeremy Appel,2024-02-06 The harsh moralistic worldview of Jason Kenney has spurred right wing populism to the mainstream in Canadian politics but he unleashed forces he couldn t control From Jason Kenney s days as an anti abortion activist at the University of San Francisco and through his years as a Canadian Taxpayers Federation lobbyist Reform MP top cabinet minister in the Harper government and Alberta premier he has been single mindedly driven to bring his harsh moralistic worldview into the mainstream Kenney took on the old guard of Canada s liberal consensus and won

playing a key role in shifting the country's political discussion to the right But the very right wing populist forces Kenney cultivated would come back to haunt him Jeremy Appel has observed Alberta politics and reported on various aspects of Kenney's agenda since 2017 when Kenney made his way across the province in his big blue pickup truck to rile up aggrieved conservatives Kenneyism examines Kenney's political beliefs his rise through federal political ranks and his ultimate resignation from the leadership of the United Conservative Party Immigration and Naturalization Service--records Management Problems United States. implementation of integration provisions threatening the immigrants individual rights in the EU member states of Denmark Finland and Sweden The study challenges readers to critically review the meaning of rights and the notion of global caring It takes a critical look at how vulnerable immigrants fare in a largely immigrant nation with a welfare capitalism legacy when compared to three European nations which claim to embrace institutional welfare models This book will be of great interest to scholars and decision makers interested in Scandinavian or Canadian immigration and integration policies
