Cummins shows that mercantile commerce and land acquisition went hand in hand as dual motivations for the migration of English speakers into Louisiana and Texas Mercantile trade dominated by Anglo Americans increasingly tied the Mississippi valley and western Gulf Coast to the English speaking ports of the Atlantic world bridging two centuries shifting it away from earlier French and Spanish commercial patterns As a result Anglo Americans moved to the region as residents and secured land from Spanish authorities who often welcomed them with favorable settlement policies This steady flow of settlement set the stage for families such as the Austins first Moses and later his son Stephen to take root and further Anglocize a colonial region Taken together To the Vast and Beautiful Land makes a new contribution to the growing literature on the history of the Spanish borderlands in North America *Subject Catalog, 1978* Library of Congress,1978 [Bowker's Law Books and Serials in Print](#) ,1995 **Historic Resource Study, Chalmette Unit, Jean Lafitte National Historical Park and**

Preserve Jerome A. Greene,1985 **New Orleans and the Texas Revolution** Edward L. Miller,2004-08-30 In the fall of 1835 Creole mercantile houses that backed the Mexican Federalists in their opposition to Santa Anna essentially lost the fight for Texas to the Americans of the Faubourg St Marie As a result New Orleans capital some 250 000 in loans and New Orleans men and arms two companies known as the New Orleans Greys went to support the upstart Texians in their battle against Santa Anna Author Edward L Miller has delved into previously unused or overlooked papers housed in New Orleans to reconstruct a chain of events that set the Crescent City in many ways at the center of the Texian fight for independence Not only did New Orleans business interests send money and men to Texas in exchange for promises of land but they also provided newspaper coverage that set the scene for later American annexation of the young republic In New Orleans and the Texas Revolution Miller follows other historians in arguing that Texian leaders recognized the importance of securing financial and popular support from New Orleans He has gone beyond others though in exploring the details of the organizing efforts there and the motives of the pro Texian forces On October 13 1835 a powerful group of financiers and businessmen met at Banks Arcade and formed the Committee on Texas Affairs Miller deftly mines the long ignored documentation of this meeting and the group that grew out of it to raise significant questions He also carefully documents the military efforts based in New Orleans from the disastrous Tampico Expedition to the formation of two companies of New Orleans Greys and their tragic fates at the Alamo and Goliad Whatever their motives Miller argues Texas became a life long preoccupation for many who attended that crucial meeting at Banks Arcade And the history of Texas was changed because of that preoccupation
