The Literature of Ireland Terence Brown, 2010-07-01 One of Ireland's foremost literary and cultural historians Terence Brown's command of the intellectual and cultural currents running through the Irish literary canon is second to none and he has been enormously influential in shaping the field of Irish studies These essays reflect the key themes of Brown's distinguished career most crucially his critical engagement with the post colonial model of Irish cultural and literary history currently dominant in Irish Studies With essays on major figures such as Yeats MacNeice Joyce and Beckett as well as contemporary authors including Seamus Heaney Derek Mahon Michael Longley Paul Muldoon and Brian Friel this volume is a major contribution to scholarship directing scholars and students to new approaches to twentieth century Irish cultural and literary history

Unauthorized Versions José Lanthers, 2000 Certain moments in history especially periods of cultural turmoil and political change appear to be conducive to the writing of Menippean satire Unauthorized Versions is the first integral study of Menippean satires written in Ireland in the three decades following the declaration of the Irish Free State in 1922 The book discusses works by Darrell Figgis Eimar O Duffy Austin Clarke Flann O'Brien and Mervyn Wall in the context of political and social developments particularly relating to economic policy the role of the Church and censorship Mikhail Bakhtin defines Menippean satire as an unresolved dialogue between actual and or implied voices designed to test a truth or philosophical idea The Irish satirists of the first half of the twentieth century use medieval Ireland as a setting for addressing contemporary concerns or borrow characters from medieval Irish texts that they place in a modern context Each satire thus creates a series of dialogues between the past and present between characters who represent opposing values and ideologies and between the older texts and their modern reworkings Unauthorized Versions reveals the double bind at the core of every Menippean satire Each writer discussed in the book expresses an awareness of the paradox of an author writing in the vacuum created by official censorship seeking to engage his audience in the dethroning of the very authorities by whom he is deprived of his audience By revealing his own ambiguous position the satirist knowingly subverts his own authority along with that of his opponents This study will appeal to students and scholars interested in Irish literature genre studies the reception of the Middle Ages and the relationship between literature and history Jos Lanthers associate professor of classics at the University of Oklahoma will begin her position as associate professor of English at the University of Wisconsin Milwaukee in Fall 2000 She is author of Missed Understandings A Study of Stage Adaptations of the Works of James Joyce and coeditor of Troubled Histories Troubled Fictions Twentieth Century Anglo Irish Prose Irish satire in the twentieth century has awaited a critic as intelligent and well

informed as Jose Lanters whose *Unauthorized Versions* nicely complements Vivian Mercier's pioneering efforts. For several of the works she discusses Lanters here provides the only substantial criticism they have received to date. Her approach combines sensitivity to form and expression with a constant attentiveness to historical context while her study is anchored in a lucid and suggestive use of Bakhtin. Every library with an interest in Irish writing will want this book. R. Brandon Kershner, Alumni Professor of English, University of Florida. Lanters' well argued volume will be a valuable resource for the study of modern Irish prose at the upper division undergraduate level and above. Choice Works discussed in *Unauthorized Versions*. [The Playful Air of Light\(ness\) in Irish Literature and Culture](#). Marta Goszczyńska, Katarzyna Poloczek, 2011-05-25. While discussions in the field of Irish Studies traditionally gravitate towards themes of struggle, oppression and death, the present book originates from a contradictory impulse. Without losing sight of Ireland's troubled history and the complexities that shape its present, it centres on instances of playfulness, lightness and air in Irish literature and culture. Refracted through the prism of contemporary philosophy, notably of Italo Calvino, Luce Irigaray and Mar-a-Lugones, these categories serve as the basis for thirteen essays by academics from Poland, the UK, Germany and Spain. Some of these offer fresh readings of such seminal authors as W.B. Yeats, Louis MacNeice, Seamus Heaney and John Banville; others look at lesser known figures such as Eimar O'Duffy and Forrest Reid, who before now have received little scholarly attention. *Irish Literature*. Mary Ketsin, 2004. Irish literature's roots have been traced to the 7th-9th century. This is a rich and hardy literature starting with descriptions of the brave deeds of kings, saints and other heroes. These were followed by generous veins of religious, historical, genealogical, scientific and other works. The development of prose, poetry and drama raced along with the times. Modern well-known Irish writers include William Yeats, James Joyce, Sean Casey, George Bernard Shaw, Oscar Wilde, John Synge and Samuel Beckett. [The Oxford History of the Irish Book, Volume V](#). Clare Hutton, Patrick Walsh, 2011-06-23. Part of a series providing an authoritative history of the book in Ireland, this volume comprehensively outlines the history of 20th-century Irish book culture. This book embraces all the written and printed traditions and heritages of Ireland and places them in the global context of a worldwide interest in book histories. *Irish Literature Since 1800*. Norman Vance, 2014-06-11. This book surveys Irish writing in English over the last two centuries, from Maria Edgeworth to Seamus Heaney, to give the literary student and the general reader an up-to-date sense of its variety and vitality and to indicate some of the ways in which it has been described and discussed. It begins with a brief outline of Irish history, of Irish writing in Irish and Latin and of writing in English before 1800. Later chapters consider Irish romanticism, Victorian Ireland, W.B. Yeats and the Irish Literary Revival, new directions in Irish writing after Joyce and the literature of

contemporary Ireland north and south from 1960 to the present Possible Worlds Theory and Contemporary Narratology

Alice Bell, Marie-Laure Ryan, 2019 The notion of possible worlds has played a decisive role in postclassical narratology by awakening interest in the nature of fictionality and in emphasizing the notion of world as a source of aesthetic experience in narrative texts As a theory concerned with the opposition between the actual world that we belong to and possible worlds created by the imagination possible worlds theory has made significant contributions to narratology Possible Worlds Theory and Contemporary Narratology updates the field of possible worlds theory and postclassical narratology by developing this theoretical framework further and applying it to a range of contemporary literary narratives This volume systematically outlines the theoretical underpinnings of the possible worlds approach provides updated methods for analyzing fictional narrative and profiles those methods via the analysis of a range of different texts including contemporary fiction digital fiction video games graphic novels historical narratives and dramatic texts Through the variety of its contributions including those by three originators of the subject area Lubomír Doležel, Thomas Pavel and Marie-Laure Ryan Possible Worlds Theory and Contemporary Narratology demonstrates the vitality and versatility of one of the most vibrant strands of contemporary narrative theory *New Voices in Irish Literary Criticism* Cathy McGlynn, Paula Murphy, 2007 This book combines twelve essays derived from the proceedings of the New Voices in Irish Criticism Conference of 2005 which took place at Mary Immaculate College Limerick all of which concentrate on the intersection between text and theory in the field of Irish Studies All of the contributors to this volume have an interest in developing novel ways of reading both traditional and conventional Irish texts through various theoretical contexts which include postcolonialism feminism psychoanalysis and deconstruction

Translation in a Postcolonial Context Maria Tymoczko, 2016-04-08 This ground breaking analysis of the cultural trajectory of England's first colony constitutes a major contribution to postcolonial studies offering a template relevant to most cultures emerging from colonialism At the same time these Irish case studies become the means of interrogating contemporary theories of translation Moving authoritatively between literary theory and linguistics philosophy and cultural studies anthropology and systems theory the author provides a model for a much needed integrated approach to translation theory and practice In the process the work of a number of important literary translators is scrutinized including such eminent and disparate figures as Standish O'Grady Augusta Gregory and Thomas Kinsella The interdependence of the Irish translation movement and the work of the great 20th century writers of Ireland including Yeats and Joyce becomes clear expressed for example in the symbiotic relationship that marks their approach to Irish formalism Translation in a Postcolonial Context is essential reading for anyone interested in translation theory and practice postcolonial studies and Irish literature during the 19th and 20th centuries Echoes of Our Heritage: A Literary Journey Through Ireland Pasquale De Marco, 2025-08-12
