Troubled Sleep By Jean Paul Sartre:

Troubled Sleep Jean-Paul Sartre, Prescott S. Nichols, Gerard Hopkins, SDSU Syllabus Service, 19?? *Troubled Sleep* Jean-Paul Sartre, 1951 Various French people react differently to the news of the fall of France in June 1940 **Jean-Paul Sartre: A Bibliography of International Criticism** Robert Wilcocks, 1975 A large comprehensive compilation of journalism and international criticism of the works and activities of Jean Paul Sartre The work covers Sartre's stormy career from 1937 to 1975 containing nearly 700 000 entries and over 3 200 authors *Jean-Paul Sartre and the Jewish Question* Jonathan Judaken, 2006-12-01 Examines the image of the Jew in Sartre's work to rethink not only his oeuvre but also the role of the intellectual in France and the politics and ethics of existentialism This book explores how French identity is defined through the abstraction and allegorization of the Jew *Inventing the New: History and Politics in Jean-Paul Sartre* Luca Basso, 2023-10-30 Gilles Deleuze's assertion that Sartre knew how to invent the New suggests a vital aspect of the French philosopher one that departs from the image that has often been presented of him Sartre's post 1956 critique of the Stalinist USSR together with the increasing prominence of anti colonial struggles and a series of experiences that would find their condensation in 1968 pushed him to a continuous rearticulation of his political ideas on the basis of an intense confrontation with Marx In Basso's lucid study here newly translated into English the expression singular universal seeks to capture the revolutionary potential of individual and collective subjects illuminating the close but also unstable relationship between history and politics **Humanistic Existentialism** Hazel Estella Barnes, 1959-01-01 Click for larger cover scan Humanistic Existentialism The Literature of Possibility Paper 1959 X 419 CIP LC 59 11732 ISBN 0 8032 5229 3 Price 29 95 University of Nebraska Press This study in humanistic existentialism is highly informative as well as entertaining It is a scholarly detailed analysis of the literary art the philosophical ideas and the psychologies of Albert Camus Jean Paul Sartre and Simone de Beauvoir It is also a competent effort to explain the positive implications for the theory of freedom and possibility which lie half buried under this literature of nothingness alienation and absurdity Miss Barnes makes thoroughly enjoyable reading of a subject matter which might have seemed forbidding Herbert W Schneider Journal of Philosophy Recommended unqualifiedly as the most thorough and reliable exposition of the works of Sartre Camus and de Beauvoir to have appeared in this country Willard Colston Chicago Sun Times Those who want a real understanding of existentialism instead of the usual superficial generalizations are certain to gain it from this book Walter Kaufmann The American Scholar The book captures much of the forlorn dark grandeur of the existentialist vision of the human condition Yale Review The philosophy of Sartre is presented accurately and with rare elegance and simplicity The section on psychoanalysis compares Sartre to Freud then to Horney and Fromm then to the phenomenologists The treatment is fair minded and careful Robert Champigny L'Esprit Createur **The Quintessence of Sartrism** Maurice Cranston, 1970 The essays published in this volume were originally delivered as lectures by Professor Cranston in 1968 on the C B C public affairs program Ideas under the title Marxism and

Existentialism A previous volume on Sartre which Cranston published in 1963 under the title Jean Paul Sartre dealt mainly with Sartre's literary output While the present volume does not ignore his creative works it is mainly biographical philosophical and political in emphasis **Existential-phenomenological Readings on Faulkner**, 1991 **A Critique of Jean-Paul Sartre's Ontology** M.A. Natanson, 2012-12-06 Why is my pain perpetual and my wound incurable which refuseth to be healed Jeremiah Existentialism today refers to faddism decadentism morbidity the philosophy of the graveyard to words like fear dread anxiety anguish suffering aloneness death to novelists such as Jean Paul Sartre Dostoevski Camus Kafka to philosophers like Kierkegaard Heidegger Marcel Jaspers and Sartre and because it refers to and is concerned with all of these ideas and persons existentialism has lost any clearer meaning it may have originally possessed Because it has so many definitions it can no longer be defined As Sartre writes Most people who use the word existentialism would be embarrassed if they had to explain it since now that the word is all the rage even the work of a musician or painter is being called existentialist A gossip columnist signs himself The Existentialist so that by this time the word has been so stretched and has taken on so broad a meaning that it no longer means anything at all 2 This state of definitional confusion is not an accidental or negligible matter An attempt will be made in this introduction to account for the confusion and to show why any definition of existentialism involves us in a tangle First however it is necessary to state in a tentative and very general manner what points of view are here intended when reference is made to existentialism The Aesthetics of Clarity and Confusion Geoffrey A. Baker, 2016-12-22 What should literature with political aims look like This book traces two rival responses to this question one prizing clarity and the other confusion which have dominated political aesthetics since the late nineteenth century Revisiting recurrences of the avant garde experimentalism versus critical realism debates from the twentieth century Geoffrey A Baker highlights the often violent reductions at work in earlier debates Instead of prizing one approach over the other as many participants in those debates have done Baker focuses on the manner in which the debate itself between these approaches continues to prove productive and enabling for politically engaged writers This book thus offers a way beyond the simplistic polarity of realism vs anti realism in a study that is focused on influential strands of thought in England France and Germany and that covers well known authors such as Zola Nietzsche Arnold Mann Brecht Sartre Adorno Lukács Beauvoir Morrison and Coetzee
