Military Academy,1942 Atlas to Accompany Napoleon as a General Yorck von Wartenburg,United States Military Academy, West Point Department of Military Art and Engineering,1958 Tema kort over Napoleons felttog og slag Krigskortene i bogen er samh rende med Yorck von Wartenburgs bog Napoleon as a General Denne haves p tysk med titlen Napoleon als Feldherr bd 1 2 **Clausewitz and Modern Strategy** Michael I. Handel,1986 Clausewitz and Modern Strategy is the first ever volume devoted to the influence and interpretation of Clausewitz On War to be published in the English language Among all the better known works on military theory in Western civilization it is Carl von Clausewitz magnum opus that has been able to withstand every kind of political social economic and technological change since it first appeared in 1832 and will always remain of more than purely historical interest This collection of essays first presented at an international conference on Clausewitz at the US Army War College in April 1985 spans every possible aspect of Clausewitz influence It is grouped into three parts The first addresses the issue of whether an early nineteenth century book on war is still pertinent today in an era when war more than any other human activity has been revolutionized by modern technology In the second part analyses are made of selected theoretical concepts and other specific subjects discussed by Clausewitz ranging from chance and uncertainty space and time and intelligence in war to guerrilla warfare The final part takes a critical look at Clausewitz influence on the development of strategic doctrines in several European countries as well as the degree to which his theories were not only understood but misunderstood by various military thinkers In many instances Clausewitz readers interpreted his ideas out of context and selectively employed his theories to match their own preconceived notions Like many other works on political theory and philosophy On War is not always easy to read and understand Clausewitz and Modern Strategy provides an excellent introduction to the complex world of Clauswitzian thought offering a better overall understanding of Clausewitz key concepts his system of thinking and his influence on the study of modern war It is indispensable reading for all students military historians strategic analysts and thinkers **Parameters** ,1990 **Review of Current Military Literature** ,1942
