Transborder Los Angeles Yu Tokunaga, 2022-10-18 Focusing on Los Angeles farmland during the years

between the Immigration Act of 1924 and the Japanese Internment in 1942 Transborder Los Angeles weaves together the narratives of Mexican and Japanese immigrants into a single transpacific history In this book Yu Tokunaga moves from international relations between Japan Mexico and the US to the Southern California farmland where ethnic Japanese and Mexicans played a significant role in developing local agriculture one of the major industries of LA County before World War II Japanese Mexicans and white Americans developed a unique triracial hierarchy in farmland that generated both conflict and interethnic accommodation by bringing together local issues and international concerns beyond the Pacific Ocean and the US Mexico border Viewing these experiences in a single narrative form Tokunaga breaks new ground demonstrating the close relationships between the ban on Japanese immigration Mexican farmworkers strikes wartime Japanese removal and the Bracero Program

Immigrants to the Pure Land Michihiro Ama, 2011-01-31 Religious acculturation is typically seen as a one way process The dominant religious culture imposes certain behavioral patterns ethical standards social values and organizational and legal requirements onto the immigrant religious tradition In this view American society is the active partner in the relationship while the newly introduced tradition is the passive recipient being changed Michihiro Ama's investigation of the early period of Jodo Shinshu in Hawaii and the United States sets a new standard for investigating the processes of religious acculturation and a radically new way of thinking about these processes Most studies of American religious history are conceptually grounded in a European perspectival position regarding the US as a continuation of trends and historical events that begin in Europe Only recently have scholars begun to shift their perspectival locus to Asia Ama's use of materials spans the Pacific as he draws on never before studied archival works in Japan as well as the US More

The Strikers of Coachella Christian O.

Paiz,2022-12-06 The past decades have borne witness to the United Farm Workers UFW tenacious hold on the country s imagination Since 2008 the UFW has lent its rallying cry to a presidential campaign and been the subject of no less than nine books two documentaries and one motion picture Yet the full story of the women men and children who powered this social movement has not yet been told Based on more than 200 hours of original oral history interviews conducted with Coachella Valley residents who participated in the UFW and Chicana o movements as well as previously unused oral history collections of Filipino farm workers bracero workers and UFW volunteers throughout the United States this stirring history spans from the 1960s and 1970s through the union s decline in the early 1980s Christian O Paiz refocuses attention on the struggle inherent in organizing a particularly vulnerable labor force especially during a period that saw the hollowing out of virtually all of the country s most powerful labor unions He emphasizes that telling this history requires us to wrestle with the radical contingency of rank and file agency an agency that often overflowed the boundaries of individual intentions By drawing on the voices of ordinary farmworkers and volunteers Paiz reveals that the sometimes heroic sometimes tragic story of the UFW movement is less about individual leaders and more the result of a collision between the larger anti union currents of the era and the aspirations of the rank and file

Tumultuous Decade Masato Kimura,Tosh Minohara,2013-03-18 The 1930s was

a dark period in international affairs The Great Depression affected the economic and social circumstances of the world s major powers contributing to armed conflicts such as the Spanish Civil War and the Second World War This volume focuses exclusively on Japan which witnessed a flurry of progressive activities in this period activities which served both domestic

and international society during the tumultuous decade. Featuring an interdisciplinary and international group of scholars *Tumultuous Decade* examines Japanese domestic and foreign affairs between 1931 and 1941. It looks at Japan in the context of changing approaches to global governance, the rise of the League of Nations and attempts to understand the Japanese worldview as it stood in the 1930s, a crucial period for Japan and the wider world. The editors argue that like many other emerging powers at the time, Japan experienced a national identity crisis during this period and that this crisis is what ultimately precipitated Japan's role in the Second World War as well as the global order that took shape in its aftermath.

[The Diplomacy of Migration](#) Meredith Oyen, 2016-02-19. The Diplomacy of Migration combines important innovations in the field of diplomatic history with new international trends in migration history. During the Cold War both Chinese and American officials employed a wide range of migration policies and practices to pursue legitimacy, security and prestige.

The Color of Success Ellen D. Wu, 2015-12-29. The Color of Success tells of the astonishing transformation of Asians in the United States from the yellow peril to model minorities peoples distinct from the white majority but lauded as well assimilated upwardly mobile and exemplars of traditional family values in the middle decades of the twentieth century. As Ellen Wu shows, liberals argued for the acceptance of these immigrant communities into the national fold, charging that the failure of America to live in accordance with its democratic ideals endangered the country's aspirations to world leadership. Weaving together myriad perspectives, Wu provides an unprecedented view of racial reform and the contradictions of national belonging in the civil rights era. She highlights the contests for power and authority within Japanese and Chinese America alongside the designs of those external to these populations including government officials, social scientists, journalists and others. And she demonstrates that the invention of the model minority took place in multiple arenas such as battles over zoot suiters leaving wartime internment camps, the juvenile delinquency panic of the 1950s, Hawaii statehood and the African American freedom movement. Together these illuminate the impact of foreign relations on the domestic racial order and how the nation accepted Asians as legitimate citizens while continuing to perceive them as indelible outsiders. By charting the emergence of the model minority stereotype, The Color of Success reveals that this far-reaching politically charged process continues to have profound implications for how Americans understand race, opportunity and nationhood.

Argentina lies at the heart of the American hemisphere's history of global migration booms of the mid nineteenth to early twentieth century by 1910 one of every three Argentine residents was an immigrant twice the demographic impact that the United States experienced in the boom period In this context some one hundred and forty thousand Ottoman Syrians came to Argentina prior to World War I and over the following decades Middle Eastern communities institutions and businesses dotted the landscape of Argentina from bustling Buenos Aires to Argentina's most remote frontiers Argentina in the Global Middle East connects modern Latin American and Middle Eastern history through their shared links to global migration systems By following the mobile lives of individuals with roots in the Levantine Middle East Lily Pearl Balloffet sheds light on the intersections of ethnicity migrant homeland ties and international relations Ranging from the nineteenth century boom in transoceanic migration to twenty first century dynamics of large scale migration and displacement in the Arabic speaking Eastern Mediterranean this book considers key themes such as cultural production philanthropy anti imperial activism and financial networks over the course of several generations of this diasporic community Balloffet's study situates this transregional history of Argentina and the Middle East within a larger story of South South alliances solidarities and exchanges [Soft Soil, Black Grapes](#) Simone Cinotto, 2014-05-02 Winner of the 2013 New York Book Show Award in Scholarly Professional Book Design From Ernest and Julio Gallo to Francis Ford Coppola Italians have shaped the history of California wine More than any other group Italian immigrants and their families have made California viticulture one of America's most distinctive and vibrant achievements from boutique vineyards in the Sonoma hills to the massive industrial wineries of the Central Valley But how did a small group of nineteenth century immigrants plant the roots that flourished into a world class industry Was there something particularly Italian in their success In this fresh fascinating account of the ethnic

origins of California wine Simone Cinotto rewrites a century old triumphalist story He demonstrates that these Italian visionaries were not skilled winemakers transplanting an immemorial agricultural tradition even if California did resemble the rolling Italian countryside of their native Piedmont Instead Cinotto argues that it was the wine makers access to social capital or the ethnic and familial ties that bound them to their rich wine growing heritage and not financial leverage or direct enological experience that enabled them to develop such a successful and influential wine business Focusing on some of the most important names in wine history particularly Pietro Carlo Rossi Secondo Guasti and the Gallos he chronicles a story driven by ambition and creativity but realized in a complicated tangle of immigrant entrepreneurship class struggle racial inequality and a new world of consumer culture Skillfully blending regional social and immigration history Soft Soil Black Grapes takes us on an original journey into the cultural construction of ethnic economies and markets the social dynamics of American race and the fully transnational history of American wine
