country's academic performance and ultimately competitiveness. In comparing six geographical clusters, this book analyses data by applying the Interocular Test visualisation of data distributions to supplement traditional statistical mean comparisons. The findings advance the discourse on culture and performance by drawing attention to the significant impact that improving discipline can have for a nation's productivity, not only those of Confucian East Asia. Written with the evolving global economy in mind, this book highlights the relevance of discipline for shaping individual productivity for the future workforce and offers new perspectives on how this can be achieved for all societies through three key contributions: Taxonomy of Discipline dimensions, Parent Engagement School Discipline Taxonomy (PESD), and Wheel of Competitiveness. Building on the author's prior works, this book offers a comprehensive look at three interrelated concepts: Confucianism, Discipline, and Competitiveness, and how they relate to performance in East Asia. Written in an accessible style, this book will be a valuable guide for students, educators, practitioners, and policy makers who seek to further understand the valuable role of discipline in shaping the success of societies present and future.

Battle Hymn of the Tiger Mother Amy Chua, 2011-01-11 A lot of people wonder how Chinese parents raise such stereotypically successful kids. They wonder what Chinese parents do to produce so many math whizzes and music prodigies, what it's like inside the family, and whether they could do it too. Well, I can tell them because I've done it. Amy Chua's daughters, Sophia and Louisa Lulu, were polite, interesting, and helpful; they were two years ahead of their classmates in maths and had exceptional musical abilities. But Sophia and Lulu were never allowed to attend a sleepover, be in a school play, choose their own extracurricular activities, get any grade less than an A, and not be the 1 student in every subject except gym and drama. And they had to practice their instruments for hours every day, as well as in school breaks and on family holidays. The Chinese parenting model certainly seemed to produce results. But what happens when you do not tolerate disobedience and are confronted by a screaming child who would sooner freeze outside in the cold than be forced to play the piano? In *Battle Hymn of the Tiger Mother*, Amy Chua relates her experiences raising her children the Chinese way and how dutiful, patient Sophia flourished under the regime, and how tenacious, hot-tempered Lulu rebelled. It is a story about a mother, two daughters, and two dogs. It's also about Mozart and Mendelssohn, the piano and the violin, and how they made it to Carnegie Hall. It was supposed to be a story of how Chinese parents are better at raising kids than Western ones. But instead, it's about a bitter clash of cultures, a fleeting taste of glory, and how you can be humbled by a thirteen-year-old. Witty, entertaining, and provocative, this is a unique and important book that will transform your perspective of parenting forever.

Tiger Babies Strike Back Kim Wong Keltner, 2013-04-30 An answer to Amy Chua's *Battle Hymn of the Tiger Mother*, author Kim Wong Keltner's *Tiger Babies Strike Back* takes the control freak beast by the tail with a humorous and honest look at the issues facing women today. Chinese American and otherwise, Keltner, the author of the novels *Buddha Baby* and *I Want Candy*, mines her own past in an attempt to dispel the myth that all Chinese women are Tiger Mothers. Keltner strikes back at Chua's

argument through topics including East Meets West in the Board Room and the Bedroom and I Was Raised by a Tiger Mom and All I Got Was this Lousy T Shirt A Rebuttal to Chua Through personal anecdotes and tough love advice Keltner's witty and forthright opinions evoke an Asian American Sex and the City while showing how our families shape our personal worlds
