## **Beyond Pleasure And Pain How Motivation Works:**

*Beyond Pleasure and Pain* Edward Tory Higgins, 2012 How does motivation work Scientific research shows that people are motivated by more than the pursuit of pleasure and the avoidance of pain Higgins argues that people are motivated by the pursuit of value truth and control but the central story to motivation lies in how these elements work together

**Beyond Pleasure and Pain** E. Tory Higgins, 2012 Rather they work together **A State of Secrecy** Alison Lewis, 2021-10 A series of five interlaced in depth biographical studies from across the spectrum of writers turned spies recruited by the Stasi Scientists Making a Difference Robert J. Sternberg, Susan T. Fiske, Donald J. Foss, 2016-08-15 This book presents the most important contributions to modern psychological science and explains how the contributions came to be **Mapping Motivation** James Sale, 2017-05-15 Ever wondered what motivation is and why organizations do not and cannot until now measure it James Sale tackles the question of what motivation is why we need it and what happens when we don't have it He defines and measures motivation from an individual team and most critically organizational or workplace point of view and he introduces the reader to the core concepts of how it relates to fundamental issues such as performance and productivity and its role in a number of key management functions team building performance appraisal leadership development engagement and change management Motivation is a core aspect of all people development initiatives and programmes if we wish them to succeed Based on over ten years of research into motivation and performance James created Motivational Maps the first and only accurate diagnostic tool that describes measures monitors and maximizes motivation and performance through an easy simple to use online questionnaire that takes only 10 minutes to complete and which readers have access to Mapping Motivation therefore is the definitive book on motivation its language and metrics written by its creator are full of knowledge insight and practical tips this will appeal to leaders managers HR specialists trainers coaches consultants and visionaries around the world who wish to engage with people development and productivity in a new dynamic way **Language Learning Motivation in Japan** Matthew T. Apple, Dexter Da Silva, Terry Fellner, 2013-09-27 This book synthesises current theory and research on L2 motivation in the EFL Japanese context covering topics such as the issues of cultural identity demotivation language communities positive psychology possible L2 selves and internationalisation within a key EFL context The studies examine L2 motivation in primary secondary and tertiary education utilising a wide variety of research methodologies to do so Communication Yearbook 39 Elisia Cohen, 2015-04-10 Communication Yearbook 39 continues the tradition of publishing state of the discipline literature reviews and essays Editor Elisia Cohen presents a volume that is highly international and interdisciplinary in scope with authors and chapters representing the broad global interests of the International Communication Association The contents include summaries of communication research programs that represent the most innovative work currently Offering a blend of chapters emphasizing timely disciplinary concerns and enduring theoretical questions this volume will be valuable to scholars throughout communication

studies      **Language Learning Motivation in a Multilingual Chinese Context** Mairin Hennebry-Leung, Xuesong (Andy) Gao, 2022-07-13 Drawing on quantitative and qualitative data from teachers and students in Hong Kong's secondary schools this book examines critical questions in relation to language learning motivation and instructional contexts Readers are provided with a critical overview of developments in theory and research on language learning motivation and the potential to further extend these developments Grounded in the Douglas Fir Group conceptualization of language learning the book explores the complex interplay of diverse factors that shape learners' motivation It offers a unique window into the situated nature of language learning motivation in the macro, meso and micro contexts of a Chinese heritage society In so doing it brings the Chinese voice into the theorization of this important language learning construct Potential future research avenues are suggested and implications for policy and practice are discussed This book will be a useful resource for academics and postgraduates interested in the fields of English as a second language, ESL, English language teaching, language teaching and learning

**Handbook of Moral Motivation** Karin Heinrichs, Fritz Oser, Terence Lovat, 2013-06-12 The Handbook of Moral Motivation offers a contemporary and comprehensive appraisal of the age-old question about motivation to do the good and to prevent the bad From a research point of view this question remains open even though we present here a rich collection of new ideas and data Two sources helped the editors to frame the chapters first they looked at an overwhelmingly fruitful research tradition on motivation in general attribution theory performance theory self-determination theory etc in relationship to morality The second source refers to the tension between moral judgment, feelings, beliefs and the real moral act in a twofold manner: a) as a necessary duty and b) as a social but not necessary bond In addition the handbook utilizes the latest research from a wide range of disciplinary perspectives wishing to suggest by this that the answer to the posed question will likely not come from one discipline alone Furthermore our hope is that the implicit criticism that the narrowly constructed research approach of the recent past has contributed to closing off rather than opening up interdisciplinary lines of research becomes in this volume a strong counter-discourse The editors and authors of the handbook commend the research contained within in the hope that it will contribute to better understanding of humanity as an inherently moral species

**The Oxford Handbook of the Human Essence** Martijn van Zomeren, John F. Dovidio, 2018 Oxford Handbooks offer authoritative and up-to-date reviews of original research in a particular subject area Specially commissioned chapters from leading figures in the discipline give critical examinations of the progress and direction of debates as well as a foundation for future research Oxford Handbooks provide scholars and graduate students with compelling new perspective upon a wide range of subjects in the humanities, social sciences and sciences Book jacket

**Social Psychology** Paul A. M. Van Lange, E. Tory Higgins, Arie W. Kruglanski, 2022-04-21 This definitive work now extensively revised with virtually all new chapters has introduced generations of researchers to the psychological processes that underlie social behavior What sets the book apart is its unique focus on the basic principles that guide theory building

and research Since work in the field increasingly transcends such boundaries as biological versus cultural or cognitive versus motivational systems the third edition has a new organizational framework Leading scholars identify and explain the principles that govern intrapersonal interpersonal intragroup and intergroup processes in chapters that range over multiple levels of analysis The book's concluding section illustrates how social psychology principles come into play in specific contexts including politics organizational life the legal arena sports and negotiation New to This Edition Most of the book is entirely new Stronger emphasis on the contextual factors that influence how and why the basic principles work as they do Incorporates up to date findings and promising research programs Integrates key advances in such areas as evolutionary theory and neuroscience

Goal Systems Theory Arie W. Kruglanski, Ayelet Fishbach, Catalina Kopetz, Catalina E. Kopetz, 2023 The book investigates how the mental organization of goals impacts the motivation to pursue them overcome obstacles to them experience intrinsic motivation and flow and even engage in extreme and risky behavior

Breaking the rules Roland Pfister, 2013 Violation of rules and norms is a common phenomenon in human societies Whereas behavioural research has delineated situational and organizational determinants of rule violations very little is known about the consequences of this behaviour right at the moment it takes place The present experiments show that the mere fact of violating a rule leaves a fingerprint on the acting agent indicating that rule representations cannot be suppressed easily This holds true even when violations are neither sanctioned nor yield any other obvious consequences These observations open a new perspective on rule violation behaviour shifting the focus from predicting whether or not violations are likely to occur to the processes involved in actually performing the behaviour

**Communication Yearbook 37** Elisia Cohen, 2013-05-29 Communication Yearbook 37 continues the tradition of publishing state of the discipline literature reviews and essays Editor Elisia Cohen presents a volume that is highly international and interdisciplinary in scope with authors and chapters representing the broad global interests of the International Communication Association The contents include summaries of communication research programs that represent the most innovative work currently Offering a blend of chapters emphasizing timely disciplinary concerns and enduring theoretical questions this volume will be valuable to scholars throughout communication studies

*Humanistic Wellbeing* Joar Vittersø, 2025-02-12 This open access book seeks to change the way we think about happiness and the good life It starts ambitiously by exploring how the biological question What is life can be integrated with the philosophical question What is good It ends with a radical idea for how scientific reasoning can include a value based theory of the good life Anchored in basic knowledge about human nature the new humanistic theory of wellbeing suggests that a life is good to the extent that it allows us to perform our humanness well The theory further defines a well performed humanness as the fulfilment of three universal human needs the need for stability the need for change and the need to and for care To reach this standpoint the author critically examines major concepts in the wellbeing literature such as values happiness life satisfaction affect hedonia eudaimonia and the good life Based on these

reviews the author argues that a science of wellbeing cannot be strictly descriptive and value free A life should not be considered good only because it feels good or is thought of as good for the person living it A good life must also be committed to a universal morality Therefore the humanistic theory of wellbeing suggests that it is good to like one's life but even better to like it for the right reasons *The Oxford Handbook of Social Cognition, Second Edition* Donal E. Carlston, Kurt Hugenberg, Kerri L. Johnson, 2024 This revised edition overhauls the first edition with a majority of chapters reconceptualized focusing on offering a comprehensive review and a new multigenerational perspective The chapter also includes a multitude of new topics including gender identity intersectionality prejudice happiness and wellbeing questionnaire methodology and more *Competition in Second Language Classrooms* Nourollah Zarrinabadi, 2025-05-10 This book offers an in depth exploration of the causes and consequences of competition among language learners with a particular focus on understanding the intricate relationships between competitiveness beliefs about competition and other psychological variables pertinent to language learning such as motivation anxiety and mindsets The initial chapters provide a comprehensive review of various competition theories and the latest empirical research on competition across diverse domains including education and the workplace Subsequently the book qualitatively investigates the linguistic psychological educational cultural and contextual factors that contribute to competition in English language classrooms It also delves into the potential psychological educational and personal outcomes of such competition in second language L2 learning environments Furthermore this monograph scrutinizes the interplay between competition related variables and the motivational and emotional dimensions of L2 learning In its concluding sections the book offers practical insights for language educators guiding them on how to effectively manage competition among students to mitigate its adverse effects while leveraging its potential to enhance language learning and development

**Dual-Process Theories of the Social Mind** Jeffrey W. Sherman, Bertram Gawronski, Yaacov Trope, 2014-05-01 This volume provides an authoritative synthesis of a dynamic influential area of psychological research Leading investigators address all aspects of dual process theories their core assumptions conceptual foundations and applications to a wide range of social phenomena In 38 chapters the volume addresses the pivotal role of automatic and controlled processes in attitudes and evaluation social perception thinking and reasoning self regulation and the interplay of affect cognition and motivation Current empirical and methodological developments are described Critiques of the duality approach are explored and important questions for future research identified *Focused Genograms* Rita DeMaria, Gerald R. Weeks, Markie L. C. Twist, 2017-06-26 Part I The Intersystem Approach and Integration of Attachment Theory chapter 1 The Intersystem Approach Intergenerational Assessment and Clinical Practice chapter 2 Focused Genograms and Assessment of Intergenerational Transmission of Attachment part II Re Introducing Focused Genograms and Therapeutic Posture chapter 3 A Guide to the Focused Genogram Maps and Timelines chapter 4 Therapeutic Posture The Attachment Based Therapeutic Alliance with Individuals Couples and Families

part Part III The New and Expanded Attachment Focused Genograms chapter 5 The Attachments Focused Genogram Expanding the Basic Genogram chapter 6 The Fairness Focused Genogram A Contextual Therapy Perspective chapter 7 The Gender Focused Genogram chapter 8 The Sexuality Focused Genogram chapter 9 The Abuse Violence and Trauma Focused Genogram     **Handbook of Personality, Fourth Edition** Oliver P. John,Richard W. Robins,2021-02-19 Now in a revised and expanded fourth edition this definitive reference and text has more than 50% new material reflecting a decade of theoretical and empirical advances Prominent researchers describe major theories and review cutting edge findings The volume explores how personality emerges from and interacts with biological developmental cognitive affective and social processes and the implications for well being and health Innovative research programs and methods are presented throughout The concluding section showcases emerging issues and new directions in the field New to This Edition Expanded coverage of personality development with chapters on the overall life course middle childhood adolescence and early adulthood Three new chapters on affective processes plus chapters on neurobiology achievement motivation cognitive approaches narcissism and other new topics Section on cutting edge issues personality interventions personality manifestations in everyday life geographical variation in personality self knowledge and the links between personality and economics Added breadth and accessibility 42 more concise chapters compared to 32 in the prior edition
