Aburrow, 2018-02-09 Inner work is a name commonly given to the inner processes that happen in ritual It can also mean the transformation of the psyche that comes about through engaging in religious ritual However the best kind of inner work also has an effect outside the individual and outside the circle When rituals are focused only on self development they tend to be a bit too introspective Ritual is about creating and maintaining relationships and connections between body mind and spirit with the Earth Nature the land the spirit world the community and friends It is about making meaning weaving a web of symbolism story mythology meaning community and love Creating a community that welcomes and celebrates diversity Creating strong and authentic identity to resist the pressures of consumerism and commercialism and capitalism Weaving relationship with other beings humans animals birds spirits deities **Sh*gging Outside the Box: Bold Moves for Bolder Sex Lives** Kate Argus, Why settle for same old when you can go spectacularly off script In *Shagging Outside the Box* Kate Argus invites couples to ditch the rulebook and explore bold exciting ways to keep their sex lives buzzing From adventurous role play and unexpected locations to testing out fantasies you've never dared to say aloud this book is all about swapping just fine for mind blowing With practical tips step by step suggestions and a lot of laughter along the way Kate shows you how to safely and cheekily stretch your comfort zone together This isn't about fixing what's broken it's about supercharging what's already great So if you've ever thought Wouldn't it be wild if this is your chance to find out Because the best sex lives don't fit neatly in a box They break right out of it **Yes Means Yes!** Jaclyn Friedman, Jessica Valenti, 2019-03-05 This groundbreaking feminist classic dismantles the way we view rape in our culture and replaces it with a genuine understanding

and respect for female sexual pleasure In the original edition feminist political and activist writers alike presented their ideas for a paradigm shift from the No Means No model and the result was the groundbreaking shift to today s affirmative consent model Yes Means Yes as coined by this book With a timely new introduction refreshed cover and the timeless contributions of authors from Kate Harding to Jill Filipovic Yes Means Yes brings to the table a dazzling variety of perspectives and experiences focused on the theory that educating all people to value female sexuality and pleasure leads to viewing women differently and ending rape Yes Means Yes has radical and far reaching effects from teaching men to treat women as collaborators and not conquests encouraging men and women that women can enjoy sex instead of being shamed for it and ultimately that our children can inherit a world where rape is rare and swiftly punished Pagan Consent Culture Christine Hoff Kraemer,Yvonne Aburrow,2016 In this collection Druids Wiccans Heathens Polytheists and others show how to ground good consent practices in Pagan stories liturgies and values Although many Pagans see the body and sexuality as sacred Pagan communities still struggle with the reality of assault and abuse To build consent culture good consent practices must be embraced by communities not just by individuals and consent is about much more than sexuality Consent culture begins with the idea of autonomy with recognizing our right to control our bodies in all areas of life and it is sustained by empathy the ability to understand and share the emotional states of others
