Modern Confessional Writing Jo Gill, 2006 This collection of essays provides a critique of the popular and powerful genre of confessional writing Contributors discuss a range of poetry prose and drama including the work of John Berryman Anne Sexton Ted Hughes and Helen Fielding The Athenaeum, 1888 **Petrarch and the Making of Gender in Renaissance Italy** Shannon McHugh, 2025-10-01 This book is a new history of early modern gender told through the lyric poetry of Renaissance Italy In the evolution of Western gender roles the Italian Renaissance was a watershed moment when a

confluence of cultural developments disrupted centuries of Aristotelian binary thinking Men and women living through this upheaval exploited Petrarchism's capacity for subjective expression and experimentation as well as its status as the most accessible of genres in order to imagine new gendered possibilities in realms such as marriage war and religion One of the first studies to examine writing by early modern Italian men and women together it is also a revolutionary testament to poetry's work in the world These poets' works challenge the traditional boundaries drawn around lyric's utility They show us how poems could be sites of resistance against the pervading social order how they are texts capable not only of recording social history but also of shaping it

Books of Metatron Collection Scriptural Research Institute, 1901 The Revelation of Metatron is a medieval Jewish work that claims to have been written in the late 2nd century AD by Rabbi Ishmael the High Priest It is known by various names including the Sepher Hekhalot Book of the Palaces the 3rd Book of Enoch and the Book of Rabbi Ishmael the High Priest although its most common name is the Revelation of Metatron The earliest name for the work was likely the Sepher Hekhalot Book of the Palaces however all copies have been so reworked that it cannot be known for sure It is clear that Rabbi Ishmael did not write it and his name which is in almost every verse was inserted to replace another name that the medieval publisher did not want associated with the book Rabbi Ishmael was the author of the book called Hekhalot Rabbati Greater Palaces sometime between 100 and 130 AD and his name was later used as a pseudonym by many authors of Merkabah literature between 200 and 1000 AD Several fragments of the Ascension of Moses have survived to the present however most of the work is likely lost forever The Ascension of Moses is almost certainly the precursor to the Revelation of Metatron in which Rabbi Ishmael was taken up to the sky by Metatron the supreme archangel In the Ascension of Moses it was Moses who was taken up to the sky and Metatron played a smaller role although clearly the same role in the Long Aramaic Revelation of Moses which is the closest to Revelation of Metatron In both the Long Aramaic Revelation of Moses and the Revelation of Metatron Metatron identifies himself as Enoch Moses' ancestor which connects this clearly heretical Jewish work with the older Enochian literature In the other surviving fragments the connection is less clear as is the cosmography of the seven skies and it is therefore possible that there were several stages of textual development before the version that was redacted into the Revelation of Metatron In the Revelation of Metatron the role of Moses has been replaced by Rabbi Ishmael a rabbi who lived in Palestine in the late 1st century and early 2nd century AD however his name was attached to most of the Merkabah literature in that circulated in Babylonia during between 400 and 1000 AD and is

universally considered to have been used to replace an earlier name Chapter 15B of the Revelation of Metatron is itself an excerpt from the Ascension of Moses which if nothing else proves that the Ascension has been viewed as an earlier copy of the Revelation since at least the 1000 AD the latest the Revelation was likely to have been edited significantly The story of Samyaza and Azazel which like the Yiddish Ascension of Moses is a Yiddish story found among the Chronicles of Jarahmeel also appears to be a very ancient story bordering about as close as a Jew could get to polytheism without actually crossing that imaginary line It is included as an appendix as it seems relevant to the question of Metatron's origin within Judaism however it is its treatment of Astarah that reveals its true age The name is a variation of Asherah who is mentioned many times in the Hebrew Bible generally in association with Ba'al Her worship was banned by King Josiah in the Hebrew Book of Kings when he banned the worship of Ba'al and the armies of the sky hosts of heaven Archaeological evidence has proven that Jews or possibly Essenes continued to worship Asherah until the 6th century BC during the early Persians era which is missing from the Talmud's records
