Bewitched First Three Episodes From First Season:

The Essential Elizabeth Montgomery Herbie J Pilato, 2013-10-07 Bewitched star Elizabeth Montgomery was one of the most prolific and popular actresses of the twentieth century. In her more than five hundred appearances on television, film, and the stage, Elizabeth Montgomery's talent, charisma, and personality have charmed millions for decades. This delightful new book delineates, dissects, and celebrates the diversity and minutia of Montgomery's remarkable career while chronicling just how much her real life spilled into her historic roles on stage and screen. The book is based on Pilato's exclusive interviews with the actress and supplemented with commentary provided by myriad entertainment professionals, journalists, and media and classic TV historians, including the Oscar-nominated actress Juanita Moore, Montgomery's co-star from the historic *White Lie* episode of *TV's 77 Sunset Strip*, and producer/writer/actor Jimmy Lydon, Elizabeth's co-star from the *Wagon Train* episode *The Victorio Bottecelli Story*. Including plot summaries, airdates, release dates, and behind-the-scenes notes and anecdotes of select performances, *The Essential Elizabeth Montgomery* is the ultimate handy, entertaining, and informative reference to the on and off screen adventures of one of the world's most beloved stars. **1999: A Space Odyssey** John K Balor, 2018-08-03

Part of the premise of the online discussion transcribed in this book is how Gerry Anderson's television series *Space: 1999* can be understood in relation to Stanley Kubrick's 2001 *A Space Odyssey* by looking at both narratives through the perspective of systems theory. As a result of doing so, an engaged debate concerned with the political and philosophical subtext of both stories developed. This book gives a full account of the debate with summaries of ideas and insights. The book has been developed on an idealistic basis. It is sold at the lowest price the publisher was willing to accept. critics have often differed with the public with respect to the artistic and cultural merits of television programming over the last half century, television has indubitably influenced popular culture, and vice versa. No matter what reasons are cited, the characters, the actors, the plots, the music, television shows that were beloved by audiences in their time remain fondly remembered. This study covers the classic period of popular television shows from the 1960s through the 1990s, focusing on how regular viewers interacted with television shows on a personal level. Bridging popular and scholarly approaches, this book discovers what America actually watched and why through documents, footage, visits to filming locations, newspapers, and magazine articles from the show's eras. The book features extensive notes and bibliography. **TIME Star Trek** The

Television's The Twilight Zone, 1959-1964 Don Presnell, Marty McGee, 2015-07-11 Rod Serling's anthology series The Twilight Zone is recognized as one of the greatest television shows of all time. Always intelligent and thought provoking, the show used the conventions of several genres to explore such universal qualities as violence, fear, prejudice, love, death, and individual identity. This comprehensive reference work gives a complete history of the show from its beginning in 1959 to its final 1964 season, with critical commentaries, incisive analyses, and the most complete listing of casts and credits ever published. Biographical profiles of writers and contributors are included, followed by detailed appendices, bibliography, and index.

The Cold War and Entertainment Television Lori Maguire, 2016-08-17 An essential dimension of the Cold War took place in the realm of ideas and culture. While much work exists on cinema, relatively little research has been conducted on this subject in relation to television, despite the latter being a technology and popular cultural form that emerged during this period. This book rectifies that absence by examining the impact of the Cold War on entertainment television and underlines the comparative aspect by studying programs from both blocs without forgetting, of course, the outsized impact of American television. Although most of the focus is on the two main protagonists, the US and the USSR, chapters also consider programming from the UK, Czechoslovakia, Romania, and both East and West Germany. This book represents a contribution to the debate about the cultural Cold War through a rigorously comparative analysis of the two blocs. For this reason, the approach used is thematic. The study begins by considering the subject of censorship and then goes on to look at the very particular case of the two Germanys. A series of comparative genre studies follow, including police and war, variety shows, and documentaries and docudramas. Perhaps surprisingly, the similarities are often greater than the differences between television in the two blocs.

Irwin Allen Television Productions, 1964-1970 Jon Abbott, 2015-06-14 Before establishing himself as the master of disaster with the 1970s films The Poseidon Adventure and The Towering Inferno, Irwin Allen created four of television's most exciting and enduring science fiction series: Voyage to the Bottom of the Sea, Lost in Space, The Time Tunnel, and Land of the Giants. These 1960s series were full of Allen's favorite tricks, techniques, and characteristic touches and influenced other productions from the original Star Trek forward. Every science fiction show owes something to Allen, yet none has equaled his series' pace, excitement, or originality. This detailed examination and documentation of the premise and origin of the four shows offers an objective evaluation of every episode and demonstrates that when Irwin Allen's television episodes were good, they were great, and when they were bad, they were still terrific fun.

Easy Living Elizabeth A. Patton, 2020-07-17 How did Americans come to believe that working at home is feasible, productive, and desirable? Easy Living examines how the idea of working within the home was constructed and disseminated in popular culture and mass media during the twentieth century. Through the analysis of national magazines and newspapers, television and film, and marketing and advertising materials from the housing, telecommunications, and office technology industries, Easy Living traces changing concepts about what it meant to work in the home. These ideas reflected larger social, political, economic, and technological

trends of the times Elizabeth A Patton reveals that the notion of the home as a space that exists solely in the private sphere is a myth as the social meaning of the home and its market value in relation to the public sphere are intricately linked

The Evil Twins of American Television Kristi Rowan Humphreys, 2019-08-22 The Evil Twins of American Television examines evil twin depictions in over fifty years of television comparing male twins to female twins and male writer depictions to female writer depictions Kristi Rowan Humphreys evaluates The Patty Duke Show Bewitched Gilligan's Island I Dream of Jeannie and The Brady Bunch among other television programs that use the twinning trope to explore

themes of feminism and identity Employing traits identified by Betty Friedan in *The Feminine Mystique* as belonging to the evil side of her schizophrenic split theory Humphreys analyzes the ways in which these alter ego characters embody the desire for a separate self and independence through loose inhibitions career interests political interests intellectual prowess and assertiveness This book then compares female written twin episodes to male written twin episodes finding that when evil twin episodes are written by women writers the twins are presented less as oppositional binaries and more as compatible often symbiotic binaries Thus the women writers of these shows offer a compelling response to Friedan's text one that acknowledges and underscores the many complexities of women the image of which cannot in reality be so easily split into two oppositional binaries Humphreys then connects 1960s depictions to more current evil twin examples including those in *Friends* *Knight Rider* and *Sabrina the Teenage Witch* *The Complete Directory to Prime Time Network and Cable TV Shows, 1946-Present* Tim Brooks, Earle F.
