Klassen**

Beyond Great Powers And Hegemons Why Secondary States Support Follow Or Challenge:

Beyond Great Powers and Hegemons Kristen P. Williams, Steven E. Lobell, Neal G. Jesse, 2012-03-28 This book adds a new dimension to the discussion of the relationship between the great powers and the weaker states that align with them or not Previous studies have focused on the role of the larger or super power and how it manages its relationships with other states or on how great or major powers challenge or balance the hegemonic state Beyond Great Powers and Hegemons seeks to explain why weaker states follow more powerful global or regional states or tacitly or openly resist their goals and how they navigate their relationships with the hegemon The authors explore the interests motivations objectives and strategies of these followers including whether they can and do challenge the policies and strategies or the core position of the hegemon Through the analysis of both historical and contemporary cases that feature global and regional hegemons in Europe Latin America the Middle East Africa Asia and South Asia and that address a range of interest areas from political to economic and military the book reveals the domestic and international factors that account for the motivations and actions of weaker states

China's Strategic Multilateralism Scott L. Kastner, Margaret M. Pearson, Chad Rector, 2019 Applying insights from cutting edge theories of international cooperation this study brings new understanding to China's approach to contemporary global challenges

The Oxford Handbook of Grand Strategy Thierry Balzacq, Ronald R. Krebs, 2021 The Oxford Handbook of Grand Strategy addresses the conceptual and historical foundations production evolution and future of grand strategy from a wide range of standpoints

Maxwell's Demon and the Golden Apple Randall L. Schweller, 2014-05-01 Mixing myth entropy and Angry Birds Randall Schweller brings a novel perspective to international studies Just what exactly will follow the American century This is the question Randall L Schweller explores in his provocative assessment of international politics in the twenty first century Schweller considers the future of world politics correlating our reliance on technology and our multitasking distracted disorganized lives with a fragmenting world order He combines the Greek myth of the Golden Apple of Discord which explains the start of the Trojan War with a look at the second law of thermodynamics or entropy In the coming age Schweller writes disorder will reign supreme as the world succumbs to entropy an irreversible process of disorganization that governs the direction of all physical changes taking place in the universe Interweaving his theory of global disorder with issues on the world stage coupled with a disquisition on board games and the cell phone app Angry Birds Schweller's thesis yields astonishing insights Maxwell's Demon and the Golden Apple will appeal to leaders of multinational corporations and government programs as well as instructors of undergraduate courses in international relations

New Trends in Emerging Power-Great Power Conflicts Haans J. Freddy, V. Bijukumar, 2024-05-27 The rise and fall of states in the international system has been an interesting problem that has received attention amongst scholars policy makers journalists politicians and leaders of states Interestingly there have been numerous attempts that have sought to define explain and interpret the consequences of these developments that occur in the international system Chan 2008 1 Efforts

have been made to define Great Powers Middle Powers Emerging Powers Small Powers Super Powers Hegemons etc of which the idea of Great Power and Emerging Power receives primary attention in this research The dramatic rise of China and India in particular in terms of their economy and military capabilities has brought about a paradigm shift in terms of thinking of world politics that is coupled with the decline of the US hegemonic status Randall Schweller points out that there have been arguments that support the fact of the increasing potential for security competition and war between the US and China and on the other hand he also directs the reader to the optimist s argument that the transition of power would be smooth and evolutionary where there will be efforts towards accommodating these changes that are occurring in the international system He also points out that there will be efforts by great powers to accept these changes through restraint reciprocity cooperation and establish a mutually acceptable order that would benefit all Schweller 2011 285 These complexities make it both interesting as well as a serious concern in terms of peace and security in the world Leverage and Cooperation in the US World Order Giacomo Chiozza,2023-08-10 Since the end of World War II the United States has maintained a unique system of partnerships and alliances known as the US world order Within this order it has sought both compliance from and consensus with its partners Sometimes it has achieved both sometimes one but not the other and sometimes neither What accounts for this variation in hegemonic leadership Giacomo Chiozza suggests that the answer depends on the domestic political institutions that structure US relations with the incumbent leaders in the partner nations Domestic political institutions that foster political successors and allow for regular and flexible channels of leadership turnover make it easier for the US to sustain friendly relations However unexpectedly institutions that allow for regular and flexible channels of leadership turnover also create domestic political incentives that foster the attainment of better governance and more respect of human rights Understanding NATO in the 21st Century Graeme P. Herd,John Kriendler,2013-02-15 Understanding NATO in the 21st Century enhances existing strategic debates and clarifies thinking as to the direction and scope of NATO s potential evolution in the 21st century The book seeks to identify the possible contours and trade offs embedded within a potential third Transatlantic Bargain in the context of a U S strategic pivot in a Pacific Century To that end it explores the internal adaptation of the Alliance evaluates the assimilation of NATO s erstwhile adversaries and provides a focus on NATO s operational future and insights into the new threats NATO faces and its responses Each contribution follows a similar broad tripartite structure an examination of the historical context in which the given issue or topic has evolved an identification and characterization of key contemporary policy debates and drivers that shape current thinking and on that basis a presentation of possible future strategic pathways or scenarios relating to the topic area This book will appeal to students of NATO international security and international relations in general

International Institutions and Power Politics Anders Wivel,T.V. Paul,2019-10-01 This book moves scholarly debates beyond the old question of whether or not international institutions matter in order to examine how they matter even in a

world of power politics Power politics and international institutions are often studied as two separate domains but this is in need of rethinking because today most states strategically use institutions to further their interests Anders Wivel T V Paul and the international group of contributing authors update our understanding of how institutions are viewed among the major theoretical paradigms in international relations and they seek to bridge the divides Empirical chapters examine specific institutions in practice including the United Nations International Atomic Energy Agency and the European Union The book also points the way to future research International Institutions and Power Politics provides insights for both international relations theory and practical matters of foreign affairs and it will be essential reading for all international relations scholars and advanced students Regional Powers and Contested Leadership Hannes Ebert, Daniel

Flemes, 2018-03-19 When do rising powers fail to establish legitimate regional leadership and instead face contestation by their regional challengers This book investigates how and why the BRICS Brazil Russia India China and South Africa project leadership in South America post Soviet Eurasia South and Southeast Asia and sub Saharan Africa respectively and in what ways their main regional challengers respond Based on a systematic conceptualization of the types and drivers of leadership and contestation the authors assess the impact of the rise of regional powers on weaker states security sovereignty and status as well as the consequences of contestation for regional economic development and stability and the regional powers bid for greater voice in global governance By illuminating the sources and effects of power politics in five regions that are increasingly pivotal for the emerging world order the volume offers a global comparative analysis of contemporary regional contested leadership that will interest scholars and students of international affairs foreign policy and area studies

Russia, China and the Revisionist Assault on the Western Liberal International Order Gerlinde Groitl, 2023-05-22 This book analyzes Russian and Chinese revisionism in the face of US and Western post Cold War liberal international order building and asks why both powers have turned revisionist in the late 2000s The study develops a neoclassical realist model of international order building and contestation and posits to view revisionism as a strategic choice States go revisionist if the status quo international order threatens their vital security needs broadly defined not only as territorial security but also political economic normative and ontological and if they have the means to challenge the undesirable status quo Russia and China were both unhappy with the post Cold War international order of American designs but had to opt for accommodation in the 1990s and early 2000s strategic accommodation in the Chinese case resentful accommodation in the Russian case before revisionism became even more of a necessity and a real policy option from the late 2000s onward constructive revisionism in the Chinese case destructive revisionism in the Russian case The author calls for a policy of neo containment to counter Moscow's and Beijing's efforts to game and erode the international order Turkey-West Relations Oya Dursun-Özkanca, 2019-11-28 This timely book fills an important gap in the literature of international relations providing a thorough up to date empirically supported and theoretically grounded analysis of how and why Turkish foreign policy has

changed in recent years vis vis the West Presenting one of the first balancing studies that employs elite interviews as data Turkey West Relations develops a framework of intra alliance opposition classifying the tools of statecraft into three categories boundary testing boundary challenging and boundary breaking Six case studies are examined regarding Turkish foreign policy over the past nine years exploring an array of topics including Turkey s foreign policy in relation to various nations and organizations the refugee crisis defense procurement energy policies and more Dursun zkanca demonstrates how international regional issue specific and domestic factors may serve to explain Turkey s increasing boundary breaking behavior This book is crucial for anyone who seeks to understand the recent growing rifts between Turkey and the US the EU and NATO

Power Politics in Africa Olusola Ogunnubi, Samuel Oyewole, 2020-11-09 This collection of essays examines the subject of power politics in Africa paying special attention to the interests of African regional powers as well as their capabilities and strategies in the international arena It provides a theoretical bridge between concerns for militarised national interest perpetual distrust and insecurity struggles for power and hegemony in power politics and the spirit of pan African solidarity brotherhood consensus cooperation and integration It is on these bases that this volume offers rich empirical insight into leading regional powers in Africa with special attention given to Nigeria and South Africa It serves to contribute African perspectives to the field of International Relations particularly regarding power politics which is important in terms of Africanising the narratives of a subject matter that is largely considered as Eurocentric in African and other non Western societies

Theory of Unipolar Politics Nuno P. Monteiro, 2014-04-21 Theory of Unipolar Politics studies the durability and peacefulness of the post Cold War international system

Middle Powers and the Rise of China Bruce Gilley, Andrew O'Neil, 2014-07-08 This is the first work to examine the importance and role of middle powers in the key phenomenon of contemporary international politics the rise of China This book reviews China s middle power relations with South Korea Malaysia Thailand Indonesia Australia South Africa Turkey and Brazil

Order, Contestation and Ontological Security-Seeking in the South China Sea Anisa Heritage, Pak K. Lee, 2020-01-22 This book examines the South China Sea territorial disputes from the perspective of international order The authors argue that both China and the US are attempting to impose their respective preferred orders to the region and that the observed disputes are due to the clash of two competing order building projects Ordering the maritime space is essential for these two countries to validate their national identities and to achieve ontological security Because both are ontological security seeking states this imperative gives them little room for striking a grand bargain between them The book focuses on how China and the US engage in practices and discourses that build contest and legitimise the two major ordering projects they promote in the region It concludes that China must act in its legitimation strategy in accordance with contemporary publicly accepted norms and rules to create a legitimate maritime order while the US should support ASEAN in devising a multilateral resolution of the disputes

The China Factor Shantanu Roy-Chaudhury, 2022-12-29 India s relations with China are at a crossroads Apart from examining

the complex and dynamic bilateral relations it is equally important to highlight the nuances of China's engagement with the countries in India's neighbourhood and understand the strategic implications that arise for New Delhi Shantanu Roy Chaudhury's *The China Factor* explores Beijing's political economic and defence relations with Sri Lanka Maldives Bangladesh and Myanmar and weighs the dividends of the bilateral relationships to better comprehend the geopolitical subtleties in the region The book subsequently draws out the implications for India illuminates New Delhi's engagement with its neighbours and suggests policy recommendations for a way forward Drawing from diverse sources including government documents and literature from India China and the countries being studied along with interviews with serving and former officials *The China Factor* offers a detailed investigation into China's engagement with India's neighbourhood which necessitates a deeper understanding as New Delhi manoeuvres the tectonic shifts in its external environment Print edition not for sale in South Asia India Sri Lanka Nepal Bangladesh Pakistan and Bhutan

Handbook of Regional Conflict Resolution Initiatives in the Global South Jeronimo Delgado-Caicedo, 2022-07-28 During the first half of the twentieth century the international system was largely dominated by the USA and the colonial powers of western Europe After the two world wars the political and economic dominance of these states guaranteed them and their allies an almost complete control of world politics However as it is the norm in the international system power structures are not immutable After the end of the Cold War rapid changes to the existing international hierarchies took place as new countries from the so called developing world began to emerge as crucial actors capable of questioning and altering the power dynamics of the world It is therefore unthinkable to ignore emerging countries such as Russia the People's Republic of China India Brazil or South Africa in the decision making process in today's world order In addition there is a group of smaller yet increasingly important countries that while acknowledging their inability radically to change the rules of the international system are still eager to shift power relations and enhance their influence in the world Argentina Colombia Egypt Indonesia Iran South Korea Mexico Nigeria Pakistan Saudi Arabia Turkey and Vietnam are generally recognised as part of this grouping of emerging powers from the Global South While there is a consensus amongst academics that emerging powers from the Global South must have a stabilising role within their own regions previous analyses have focused primarily on the impact that emerging powers have had in their own regions conflict resolution initiatives This volume instead aims to go beyond these analyses and provide new insights regarding the effect that this stabilising role has on the continental and global positioning of emerging powers In other words this book explores the relation between a country's involvement in conflict resolution initiatives and its positioning in the international system The volume will contribute to this approach using the perspective of academics and practitioners from countries of the Global South particularly from states that have strengthened or sometimes weakened their position in the international hierarchy of power through a leading role in regional conflict resolution initiatives

Russia Abroad Anna Ohanyan, 2018-10-01 While we know a great deal about the benefits of regional integration there is

a knowledge gap when it comes to areas with weak dysfunctional or nonexistent regional fabric in political and economic life Further deliberate un regioning applied by actors external as well as internal to a region has also gone unnoticed despite its increasingly sophisticated modern application by Russia in its peripheries This volume helps us understand what Anna Ohanyan calls fractured regions and their consequences for contemporary global security Ohanyan introduces a theory of regional fracture to explain how and why regions come apart consolidate dysfunctional ties within the region and foster weak states Russia Abroad specifically examines how Russia employs regional fracture as a strategy to keep states on its periphery in Eurasia and the Middle East weak and in Russia s orbit It argues that the level of regional maturity in Russia s vast vicinities is an important determinant of Russian foreign policy in the emergent multipolar world order Many of these fractured regions become global security threats because weak states are more likely to be hubs of transnational crime havens for militants or sites of protracted conflict The regional fracture theory is offered as a fresh perspective about the post American world and a way to broaden international relations scholarship on comparative regionalism

Asymmetric Neighbors and International Relations Ian Roberge,Nara Park,Thomas R. Klassen,2023-06-09 With a range of case studies from every continent the contributors to this book analyze the challenges that arise for states living with much larger neighbors and the policies they develop to account for this asymmetry Bringing together the perspectives of bilateral relations and the study of small states this book analyzes a range of scenarios where one or more smaller countries must manage relations with a much larger neighbor or neighbors from the perspective of the smaller countries Each case presents different priorities depending on the relationship between the states concerned while highlighting the commonalities across the various scenarios The range of cases and contributors is wide and diverse with examples including Togo s relationship with Ghana Mongolia s with China and Colombia s with Brazil as well as more widely known examples such as Canada and the United States or Australia and New Zealand A valuable resource for scholars and students of international relations and public policy of small and medium sized states

The Neighborhood Effect Anna Ohanyan,2022-08-23 Why are certain regions of the world mired in conflict And how did some regions in Eurasia emerge from the Cold War as peaceful and resilient Why do conflicts ignite in Bosnia Donbas and Damascus once on the peripheries of mighty empires yet other postimperial peripheries like the Baltics or Central Europe enjoy quiet stability Anna Ohanyan argues for the salience of the neighborhood effect the complex regional connectivity among ethnic religious communities that can form resilient regions In an account of Eurasian regional formation that stretches back long before the nation state Ohanyan refutes the notion that stable regions are the luxury of prosperous stable democratic states She examines case studies from regions once on the fringes of the Habsburg Ottoman and Russian Empires to find the often overlooked patterns of bonding and bridging or clustering and isolation of political power and social resources that are associated with regional resilience or fracture in those regions today With comparative examples from Latin America and Africa The Neighborhood Effect offers a new

explanation for the conflicts we are likely to see emerge as the unipolar US led order dissolves making the fractures in regional neighborhoods painfully evident And it points the way to the future of peacebuilding making space for the smaller links and connections that comprise a stable neighborhood

Beyond Great Powers And Hegemons Why Secondary States Support Follow Or Challenge Introduction

In today's digital age, the availability of Beyond Great Powers And Hegemons Why Secondary States Support Follow Or Challenge books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Beyond Great Powers And Hegemons Why Secondary States Support Follow Or Challenge books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Beyond Great Powers And Hegemons Why Secondary States Support Follow Or Challenge books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Beyond Great Powers And Hegemons Why Secondary States Support Follow Or Challenge versions, you eliminate the need to spend money on physical copies. This not only saves you money but also

reduces the environmental impact associated with book production and transportation. Furthermore, Beyond Great Powers And Hegemons Why Secondary States Support Follow Or Challenge books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Beyond Great Powers And Hegemons Why Secondary States Support Follow Or Challenge books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Beyond Great Powers And Hegemons Why Secondary States Support Follow Or Challenge books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Beyond Great Powers And Hegemons Why Secondary States Support Follow Or Challenge books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Beyond Great Powers And Hegemons Why Secondary States Support Follow Or Challenge books and manuals for download and embark on your journey of knowledge?

FAQs About Beyond Great Powers And Hegemons Why Secondary States Support Follow Or Challenge Books

1. Where can I buy Beyond Great Powers And Hegemons Why Secondary States Support Follow Or Challenge books?
Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Beyond Great Powers And Hegemons Why Secondary States Support Follow Or Challenge book to read?
