Beyond Slavery Explorations Of Race Labor And Citizenship In Postemancipation Societies:

Beyond Slavery Frederick Cooper, Thomas Cleveland Holt, Rebecca J. Scott, 2014-06-30 In this collaborative work three leading historians explore one of the most significant areas of inquiry in modern historiography the transition from slavery to freedom and what this transition meant for former slaves former slaveowners and the societies in which they lived Their contributions take us beyond the familiar portrait of emancipation as the end of an evil system to consider the questions and the struggles that emerged in freedom's wake Thomas Holt focuses on emancipation in Jamaica and the contested meaning of citizenship in defining and redefining the concept of freedom Rebecca Scott investigates the complex struggles and cross racial alliances that evolved in southern Louisiana and Cuba after the end of slavery and Frederick Cooper examines the intersection of emancipation and imperialism in French West Africa In their introduction the authors address issues of citizenship labor and race in the post emancipation period and they point the way toward a fuller understanding of the meanings of freedom

Societies After Slavery Rebecca J. Scott, Thomas C. Holt, Frederick Cooper, Aims McGinness, 2002-08-18 One of the massive transformations that took place in the nineteenth and early twentieth centuries was the movement of millions of people from the status of slaves to that of legally free men women and children Societies after Slavery provides thousands of entries and rich scholarly annotations making it the definitive resource for scholars and students engaged in research on postemancipation societies in the Americas and Africa

HeinOnline's Beyond Slavery Frederick Cooper, Thomas Cleveland Holt, Rebecca Jarvis Scott, 2000 **Global Labour History** Jan Lucassen, 2008 Contains 18 essays on worldwide aspects and comparisons in labour history Covers mainly the period from the beginning of 19th century to 2000

The Anti-Slavery Project Joel Quirk, 2011-05-26 It is commonly assumed that slavery came to an end in the nineteenth century While slavery in the Americas officially ended in 1888 millions of slaves remained in bondage across Africa Asia and the Middle East well into the first half of the twentieth century Wherever laws against slavery were introduced governments found ways of continuing similar forms of coercion and exploitation such as forced bonded and indentured labor Every country in the world has now abolished slavery yet millions of people continue to find themselves subject to contemporary forms of slavery such as human trafficking wartime enslavement and the worst forms of child labor The Anti Slavery Project From the Slave Trade to Human Trafficking offers an innovative study in the attempt to understand and eradicate these ongoing human rights abuses In The Anti Slavery Project historian and human rights expert Joel Quirk examines the evolution of political opposition to slavery from the mid eighteenth century to the present day Beginning with the abolitionist movement in the British Empire Quirk analyzes the philosophical economic and cultural shifts that eventually resulted in the legal abolition of slavery By viewing the legal abolition of slavery as a cautious first step rather than the end of the story he demonstrates that modern anti slavery activism can be best understood as the latest phase in an evolving response to the historical shortcomings of earlier forms of political activism By exposing the historical and cultural roots of

An Indigenous Ocean Damon Salesa,2023-11-01 The Pacific's Indigenous times are not just smaller sections of larger histories but dimensions of their own Histories of our Pacific world are richly rendered in these essays by Damon Salesa From the first Indigenous civilisations that flourished in Oceania to the colonial encounters of the nineteenth century and on to the complex contemporary relationships between New Zealand and the Pacific Salesa offers new perspectives on this vast ocean its people its cultures its pasts and its future Spanning a wide range of topics from race and migration to Pacific studies and empire these essays demonstrate Salesa's remarkable scholarship Bridging the gap between academic disciplines and cultural traditions Salesa locates Pacific peoples always at the centre of their stories An Indigenous Ocean is a pivotal contribution to understanding the history and culture of Oceania Counting the Cost of Freedom Amanda Laury Kleintop,2025-08-19 During the Civil War the US government abolished slavery without reimbursing enslavers diminishing the white South's wealth by nearly 50 percent After the Confederacy's defeat white Southerners demanded federal compensation for the financial value of formerly enslaved people and fought for other policies that would recognize abolition's costs during Reconstruction As Amanda Laury Kleintop shows their persistence eventually led to the creation of Section 4 of the Fourteenth Amendment which abolished the right to profit from property in people Surprisingly former Confederates responded by using Lost Cause history making to obscure the fact that they had demanded financial redress in the first place The largely successful efforts of white Southerners to erase this history continues to generate false understandings today

Kleintop draws from an impressive array of archival sources to uncover this lost history In doing so she demonstrates how this legal battle also undermined efforts by formerly enslaved people to receive reparations for themselves and their descendants a debate that persists in today s national dialogue Gender and Slave Emancipation in the Atlantic World Pamela Scully,Diana Paton,2005-10-04 A comparative perspective on the way ideas of gender relations and identities shaped the struggle over resources cultural practices and political rights that followed the end of slavery in the Atlantic world
