**Beyond Death** Edgar Cayce, 2023-10-23 Few visionaries have as detailed and expansive a vision of life beyond death as renowned psychic and seer Edgar Cayce This latest book presents his discourses on life beyond the physical world He reveals how our loved ones remain connected to us and may be communicated with He helps us understand dreams of death dying and dreams in which the dead appear or communicate He explains the nature of our mind its multilevels and how it may venture beyond physical consciousness even while we are incarnate Of course Cayce also presents his insights into reincarnation and how we souls travel together through many lifetimes even with our pets He explains how life is truly continuous how the mind and soul never die From his perspective it is not a death but only a transition to the other side and many realms of activity and learning all leading to a realization of our ultimate purpose for existence *Your Passport to*

*Alternative Spirituality and the After-Life* Maureen Perez, 2022-09-27 My reason for writing this book is to address the many opinions people have about alternative spirituality topics and what happens when we die There are many fearful ideas about death personal responsibility and sin I want to provide an alternative view of these subjects I firmly believe that our Creator would never cause us to suffer in any way shape or form That energy is of a loving parent who disciplines us when we need it and loves us unconditionally

**A MYSTICAL CONNECTION** H. Torrevillas, M.D., 2011-03-29 From early childhood through high school medical school and in his practice of Medicine in the Philippines and Australia he had encountered strange experiences some snatched him from the claws of death These experiences Part I inspired him to write this book The author's mother during World War II had a near death experience She was told to take care of the eldest the author because God has a design for him Is this call now 65 years later coming to its fulfillment At age 20 a voice communicated with the author At age 30 he was possessed for 20 minutes and messages were given to him At 48 Jesus Christ appeared before him in the cloud There are many other strange encounters in the life of the author A key was given to him to DECODE the symbologies in the Book of Revelation What is the real meaning of 666 The Dragon With Seven Heads and Ten Horns and many more Are these delusional Read carefully the book *My Son and the Afterlife* Elisa Medhus, 2013-10 Love knows no boundaries not even death An emotional journey through a mother's grief to healing and a doctor's skepticism to belief discover the answers that changed one woman's life forever and may just change yours too Are you not sure of what awaits you after death Dr Elisa Medhus wasn't either having never believed in life after death As an accomplished physician she placed her faith in science All of those beliefs changed after her son Erik took his own life and then reached out to her from the other side Intimate heartbreaking and illuminating this is an incredible journey from grief and skepticism to healing and belief in the afterlife Based on Medhus's wildly popular blog Channeling Erik *My Son and the Afterlife* is a story that is as painful as it is uplifting depicting a mother's healing journey as she discovers that Erik is still with her Erik speaks from the other side with candor wisdom and depth as he describes his own experiences and provides new answers about the nature of

**Endings** Michael C. Kearl, 1989-10-26 Arguing that death is the central force shaping our social life and order Michael Kearl draws on anthropology religion politics philosophy the natural sciences economics and psychology to provide a broad sociological perspective on the interrelationships of life and death showing how death contributes to social change and how the meanings of death are generated to serve social functions Working from a social as well as a psychological perspective Kearl analyzes traditional topics including aging suicide grief and medical ethics while also examining current issues such as the impact of

the AIDS epidemic on social trust governments use of death symbolism the business of death and dying the political economy of doomsday weaponry and death in popular culture Incisive and original this book maps the separate contributions of various social institutions to American attitudes toward death observing the influence of each upon the broader cultural outlook on life     *About - 2012 & Beyond* White Eagle,2010-12-31 Have You wondered What will really occur on December 21 2012 Have You wondered Why the Mayan Calendar Stops on that Date Would You like to know what You can do Now to save All Life here on Mother Earth Share in the means and experiences that a practicing Medicine Man takes to solve these very questions that is described and illustrated in detail within this very book Within the pages and chapters of this book not only does White Eagle provide detailed descriptions of what he experienced and saw he even includes photos so that you can examine them and make your own conclusions     **The Lost Secret of Death** Peter Novak,2025-09-12 Novak investigates a belief called the Binary Soul Doctrine BSD which states simply that humans possess two souls which split at death the conscious going on to reincarnate again and again while the unconscious ends up in a type of limbo judging itself for all eternity He goes on to explain that long ago the BSD was the primary belief of a single world religion which since has been broken into more and more fragments However he claims that twentieth century findings including the work of Freud and Jung as well as findings of modern neuroscience and Near Death research has marked a resurgence of belief in the veracity of the BSD Novak argues just as those long ago did that it is essential for humans to integrate these two souls together before death to avoid the nightmare of being split in two at death He even offers a few steps to help readers start the process of integration
