Beyond Texas Through Time Breaking Away From Past Interpretations

Paul J. P. Sandul, M. Scott Sosebee

Beyond Texas Through Time Breaking Away From Past Interpretations:

Beyond Texas Through Time Walter L. Buenger,Arnoldo De León,2011-01-27 In 1991 Walter L Buenger and the late Robert A Calvert compiled a pioneering work in Texas historiography Texas Through Time a seminal survey and critique of the field of Texas history from its inception through the end of the 1980s Now Buenger and Arnoldo De Le n have assembled an important new collection that assesses the current state of Texas historiography building on the many changes in understanding and interpretation that have developed in the nearly twenty years since the publication of the original volume This new work Beyond Texas Through Time departs from the earlier volume s emphasis on the dichotomy between traditionalism and revisionism as they applied to various eras Instead the studies in this book consider the topical and thematic understandings of Texas historiography embraced by a new generation of Texas historians as they reflect analytically on the work of the past two decades The resulting approaches thus offer the potential of informing the study of themes and topics other than those specifically introduced in this volume extending its usefulness well beyond a review of the literature In addition the volume editors introduction proposes the application of cultural constructionism as an important third perspective on the thematic and topical analyses provided by the other contributors Beyond Texas Through Time offers both a vantage point and a benchmark serving as an important reference for scholars and advanced students of history and historiography even beyond the borders of Texas

Discovering Texas History Bruce A. Glasrud,Light Townsend Cummins,Cary D. Wintz,2014-09-09 Discovering Texas History is a historiographical reference book that will be invaluable to teachers students and researchers of Texas history Chapter authors are familiar names in Texas history circles a who s who of high profile historians Conceived as a follow up to the award winning but increasingly dated A Guide the History of Texas 1988 Discovering Texas History focuses on the major trends in the study of Texas history since 1990 In part one topical essays address significant historical themes from race and gender to the arts and urban history In part two chronological essays cover the full span of Texas historiography from the Spanish era to the modern day In each case the goal is to analyze and summarize the subjects that have captured the attention of professional historians so that Discovering Texas History will take its place as the standard work on the history of Texas history

Lone Star Suburbs Paul J. P. Sandul,M. Scott Sosebee,2019-10-10 How is it that nearly 90 percent of the Texan population currently lives in metropolitan regions but many Texans still embrace and promote a vision of their state s nineteenth century rural identity This is one of the questions the editors and contributors to Lone Star Suburbs confront One answer they contend may be the long shadow cast by a Texas myth that has served the dominant culture while marginalizing those on the fringes Another may be the criticism suburbia has endured for undermining the very romantic individuality that the Texas myth celebrates From the 1950s to the present cultural critics have derided suburbs as landscapes of sameness and conformity Only recently have historians begun to document the multidimensional industrial and ethnic aspects of suburban life as well as the development of multifamily

housing services and leisure facilities In Lone Star Suburbs urban historian Paul J P Sandul Texas historian M Scott Sosebee and ten contributors move the discussion of suburbia well beyond the stereotype of endless blocks of white middle class neighborhoods and fill a gap in our knowledge of the Lone Star State This collection supports the claim that Texas is not only primarily suburban but also the most representative example of this urban form in the United States Essays consider transportation infrastructure urban planning and professional sports as they relate to the suburban ideal the experiences of African Americans Asian Americans and Latinos in Texas metropolitan areas and the environmental consequences of suburbanization in the state Texas is no longer the bastion of rural life in the United States but now for better or worse represents the leading edge of suburban living This important book offers a first step in coming to grips with that reality

Texan Identities Light Townsend Cummins, Mary L. Scheer, 2016-09-15 *Texan Identities* rests on the assumption that Texas has distinctive identities that define what it means to be Texan and that these identities flow from myth and memory Each contributor to this volume provides in some fashion an answer to the following questions What does it mean to be Texan What constitutes a Texas identity and how may such change over time What myths memories and fallacies contribute to making a Texas identity and how have these changed for Texas Are all the myths and memories that define Texas identity true or are some of them fallacious Is there more than one Texas identity Many Texans do believe the story of their state s development manifesting singular unique attributes which are prone to expression as stereotypical iconic representations of what it means to be Texan Each of the essays in this volume addresses particular events places and people in Texas history and how they are related to Texas identity myth and memory The discussion begins with the idealized narrative and icons revolving around the Texas Revolution most especially the Alamo The Texas Rangers in myth and memory are also explored Other essays expand on traditional and increasingly outdated interpretations of the Anglo American myth of Texas by considering little known roles played by women racial minorities and specific stereotypes such as the cattleman

Biscuits, the Dole, and Nodding Donkeys Norman D. Brown, 2019-10-22 A fascinating tour of Texas state politics during the Great Depression from the historian and author of *Hood Bonnet and Little Brown Jug* Keith J Volanto author of *Texas Voices* When the venerable historian Norman D Brown published *Hood Bonnet and Little Brown Jug* in 1984 he earned national acclaim for revealing the audacious tactics at play in Texas politics during the Roaring Twenties detailing the effects of the Ku Klux Klan newly enfranchised women and Prohibition Shortly before his death in 2015 Brown completed *Biscuits the Dole and Nodding Donkeys* which picks up just as the Democratic Party was poised for a bruising fight in the 1930 primary Charting the governorships of Dan Moody Ross Sterling Miriam Ma Ferguson in her second term and James V Allred this engrossing sequel takes its title from the notion that Texas politicians should give voters what they want When you cease to deliver the biscuits they will not be for you any longer said Jim Pa Ferguson while remaining wary of federal assistance the dole in a state where the economy is fueled by oil pumpjacks nodding donkeys Taking readers to an era when a self serving group of

Texas politicians operated in a system that was closed to anyone outside the state's white wealthy echelons. Brown unearths a riveting little known history whose impact continues to ripple at the capitol. Rich in personal detail and general audiences and aficionados of Texana will enjoy the colorful portraits of James and Miriam Ferguson, Ross Sterling Tom Love, John Nance Garner and others. History Reviews of New Books **The History of Texas**, 2014-01-28 The History of Texas is fully revised and updated in this fifth edition to reflect the latest scholarship in its coverage of Texas history from the pre-Columbian era to the present. Fully revised to reflect the most recent scholarly findings. Offers extensive coverage of twentieth century Texas history. Includes an overview of Texas history up to the Election of 2012. Provides online resources for students and instructors including a test bank, maps, presentation slides and more. **Tracking the Texas Ranger Historians** Bruce A. Glasrud, Harold J. Weiss Jr., 2024-10-15 The first systematic inquiry into the Texas Rangers did not begin until 1935 with Walter Prescott Webb's publication *The Texas Rangers*. Since then numerous works have appeared on the Rangers but no volume has been published before that covers the various historians of the Rangers and their approaches to the topic. Editors Bruce A. Glasrud and Harold J. Weiss Jr. gather essays that profile individual historians of the Texas Rangers, explore themes and issues in Ranger history, and comprise archival research, biographies, and autobiographies. Several approaches in Texas historiography have influenced the writings on the Texas Rangers and serve to organize the chapters in the volume. Traditionalists Chuck Parsons, Stephen L. Moore, and Bob Alexander stress the revered happenings in the nineteenth century that brought about the Lone Star state and its empire building Ranger force. To these historical writers the Texas Rangers were part of a golden age. Revisionists Robert M. Utley, Louis R. Sadler, and Charles H. Harris pull back from this adulation, emphasize the importance of overlooked ethnic and racial groups, and point out misbehavior on the part of Rangers. They also want to separate fact from fiction. Some Ranger historians Frederick Wilkins and Mike Cox straddle both traditional and revisionist approaches in their works. The final group Cultural Constructionalists Gary Clayton Anderson, Amrico Paredes, and Monica Muñoz Martinez continue the work of Revisionists and focus on an interconnected past that includes theoretical approaches and the study of memory and regional identities. Several themes emerge throughout the book. One is how the Rangers changed from unorganized mounted militia dragoons in the modern sense to organized cavalry forces with six shooter firepower who served as a military arm of the state and nation. A second is how the dichotomous views of the Rangers as either patriot warriors or bloody avengers left their imprint on Anglo and Hispanic society. This divergent examination especially derived from incidents in the US Mexican War, the period from 1910 to 1920, and the lower Rio Grande valley in the 1960s. And yet another theme is how the Rangers first resisted and fought against yet ultimately absorbed all creeds and colors into their ranks over two hundred years as they evolved into police officers. Anglo, Black, Hispanic, Indian, and women Rangers. [The History of Texas](#) Robert A. Calvert, Arnoldo De Leon, Gregg Cantrell, 2020-03-10 The most comprehensive best illustrated survey of the Lone Star State, the new updated edition of the classic text *The History of Texas* offers a

sweeping exploration of the Lone Star State covering its history from the pre Columbian period to the era of Spanish control to nineteenth century watershed events through the 1900s and into the new millennium This engaging student friendly textbook looks at how people of diverse politics identity class ethnicity and race shaped the state s past and continue to influence its present Recent knowledge on the political social and cultural history of Texas provides insights on the celebrated figures unsung heroes and ordinary people of the state s past The sixth edition of this classic text has been revised and updated to reflect the latest scholarship in all fields of Texas history among them New Indian History and cultural and gender studies The text offers fresh perspectives on Texas history including discussions of the Progressive Era the Great Depression the Second World War and post war modernization and the state s transition during the 1960s and into the 1980s Revised chapters provide wide ranging coverage of Texas in the late 20th and early 21st centuries including recent statewide and national elections and political debates This textbook Connects events in post World War II Texas to the larger U S historical narrative Offers substantial coverage of events occurring from 1900 to 2018 Uses a chronological approach to divide chapters into easily identifiable eras Includes engaging illustrations maps and tables an appendix and inclusive lists of recommended readings Features online resources for students and instructors including a test bank maps presentation slides and more Effectively organized to better meet the needs of instructors The History of Texas is the ideal resource for undergraduate and graduate courses in Texas history at colleges and universities across both the state and the nation

Single Star of the West Kenneth W. Howell, Charles Swanlund, 2017-03-15 Does Texas s experience as a republic make it unique among the other states In many ways Texas was an accidental republic for nearly ten years until Texans voted overwhelmingly in favor of annexation to the United States after winning independence from Mexico *Single Star of the West* chronicles Texas s efforts to maneuver through the pitfalls and hardships of creating and maintaining the accidental republic The volume begins with the Texas Revolution and examines whether or not a true Texas identity emerged during the Republic era Next several contributors discuss how the Republic was defended by its army navy and the Texas Rangers Individual chapters focus on the early founders of Texas Sam Houston Mirabeau B Lamar and Anson Jones who were all exceptional men but like all men suffered from their own share of fears and faults Texas s efforts at diplomacy and persistence and transformation in its economy also receive careful analysis Finally social and cultural aspects of the Texas Republic receive coverage with discussions of women American Indians African Americans Tejanos and religion The contributors also focus on the extent that conditions in the republic attracted political and economic opportunists some of whom achieved a remarkable degree of success *Single Star of the West* also highlights how the Texas Republic was established on American political ideology With the majority of the white settlers coming from the United States this will not surprise many scholars of the era In some cases the Texans successfully adopted American political and economic ideology to their needs while other times they failed miserably Texas Women Elizabeth Hayes Turner, Stephanie Cole, Rebecca

Sharpless,2015-01-15 *Texas Women Their Histories Their Lives* engages current scholarship on women in Texas the South and the United States It provides insights into Texas s singular geographic position bordering on the West and sharing a unique history with Mexico while analyzing the ways in which Texas stories mirror a larger American narrative The biographies and essays illustrate an uncommon diversity among Texas women reflecting experiences ranging from those of dispossessed enslaved women to wealthy patrons of the arts That history also captures the ways in which women s lives reflect both personal autonomy and opportunities to engage in the public sphere From the vast spaces of northern New Spain and the rural counties of antebellum Texas to the growing urban centers in the post Civil War era women balanced traditional gender and racial prescriptions with reform activism educational enterprise and economic development Contributors to *Texas Women* address major questions in women s history demonstrating how national and regional themes in the scholarship on women are answered or reconceived in Texas Texas women negotiated significant boundaries raised by gender race and class The writers address the fluid nature of the border with Mexico the growing importance of federal policies and the eventual reforms engendered by the civil rights movement From Apaches to astronauts from pioneers to professionals from rodeo riders to entrepreneurs and from Civil War survivors to civil rights activists the subjects of *Texas Women* offer important contributions to Texas history women s history and the history of the nation

Reverberations of Racial Violence Sonia Hernández,John Morán González,2021-06-15 Between 1910 and 1920 thousands of Mexican Americans and Mexican nationals were killed along the Texas border The killers included strangers and neighbors vigilantes and law enforcement officers in particular Texas Rangers Despite a 1919 investigation of the state sanctioned violence no one in authority was ever held responsible *Reverberations of Racial Violence* gathers fourteen essays on this dark chapter in American history Contributors explore the impact of civil rights advocates such as Jos Tom s Canales the sole Mexican American representative in the Texas State Legislature between 1905 and 1921 The investigation he spearheaded emerges as a historical touchstone one in which witnesses testified in detail to the extrajudicial killings carried out by state agents Other chapters situate anti Mexican racism in the context of the era s rampant and more fully documented violence against African Americans Contributors also address the roles of women in responding to the violence as well as the many ways in which the killings have continued to weigh on communities of color in Texas Taken together the essays provide an opportunity to move beyond the more standard Black white paradigm in reflecting on the broad history of American nation making the nation s rampant racial violence and civil rights activism

Lone Star Mind Ty Cashion,2018-11-01 There is the story the Lone Star State likes to tell about itself and then there is the reality a Texas past that bears little resemblance to the manly Anglo myth of Texas exceptionalism that maintains a firm grip on the state s historical imagination *Lone Star Mind* takes aim at this traditional narrative holding both academic and lay historians accountable for the ways in which they craft the state s story A clear sighted far reaching work of intellectual history this book marshals a wide array of pertinent

scholarship analysis and original ideas to point the way toward a new usable past that twenty first century Texans will find relevant Ty Cashion fixes T R Fehrenbach s Lone Star A History of Texas and the Texans in his crosshairs in particular laying bare the conceptual deficiencies of the romantic and mythic narrative the book has served to codify since its first publication in 1968 At the same time Cashion explores the reasons why the collective efforts of university trained scholars have failed to diminish the appeal of the state s iconic popular culture despite the fuller and more accurate record these historians have produced Framing the search for a collective Texan identity in the context of a post Christian age and the end of Anglo male hegemony Lone Star Mind illuminates the many historiographical issues besetting the study of American history that will resonate with scholars in other fields as well Cashion proposes that a cultural history approach focusing on the self interests of all Texans is capable of telling a more complete story a story that captures present day realities Lone Star Unionism, Dissent, and Resistance Jesús F. de la Teja, 2016-03-09 Most histories of Civil War Texas some starring the fabled Hood s Brigade Terry s Texas Rangers or one or another military figure depict the Lone Star State as having joined the Confederacy as a matter of course and as having later emerged from the war relatively unscathed Yet as the contributors to this volume amply demonstrate the often neglected stories of Texas Unionists and dissenters paint a far more complicated picture Ranging in time from the late 1850s to the end of Reconstruction Lone Star Unionism Dissent and Resistance restores a missing layer of complexity to the history of Civil War Texas The authors all noted scholars of Texas and Civil War history show that slaves freedmen and freedwomen Tejanos German immigrants and white women all took part in the struggle even though some never found themselves on a battlefield Their stories depict the Civil War as a conflict not only between North and South but also between neighbors friends and family members By framing their stories in the analytical context of the long Civil War Lone Star Unionism Dissent and Resistance reveals how friends and neighbors became enemies and how the resulting violence often at the hands of secessionists crossed racial and ethnic lines The chapters also show how ex Confederates and their descendants as well as former slaves sought to give historical meaning to their experiences and find their place as citizens of the newly re formed nation Concluding with an account of the origins of Juneteenth the nationally celebrated holiday marking June 19 1865 when emancipation was announced in Texas Lone Star Unionism Dissent and Resistance challenges the collective historical memory of Civil War Texas and its place in both the Confederacy and the United States It provides material for a fresh narrative one including people on the margins of history and dispelling the myth of a monolithically Confederate Texas **Progressive Country** Jason Mellard, 2013-10-01 Published in Cooperation with the William P Clements Center for Southwest Studies Southern Methodist University **Pioneer Jewish Texans** Natalie Ornish, 2011-09-01 With more than 400 photographs extensive interviews with the descendants of pioneer Jewish Texan families and reproductions of rare historical documents Natalie Ornish s Pioneer Jewish Texans quickly became a classic following its original release in 1989 This new Texas A she tells of Jewish patriots who fought at the Alamo and at

virtually every major engagement in the war for Texan independence she traces the careers of immigrants with names like Marcus Sanger and Gordon who arrived on the Texas frontier with little more than the packs on their backs and went on to build great mercantile empires Cattle barons wildcatters diplomats physicians financiers artists and humanitarians are among the other notable Jewish pioneers and pathfinders described in this carefully researched and exhaustively documented book Filling a substantial void in Texana and Texas history the Texas A M University Press edition of Natalie Ornish s Pioneer Jewish Texans brings back into circulation this treasure trove of information on a rich and often overlooked vein of the multifaceted story of the Lone Star State

Lone Star Tarnished Cal Jillson, 2025-05-12 Texas pride like everything else in the state is larger than life So too perhaps are the state s challenges Lone Star Tarnished approaches public policy in the nation s most populous red state from historical comparative and critical perspectives The historical perspective provides the scope for asking how various policy domains have developed in Texas history In each chapter Cal Jillson compares Texas public policy choices and results with those of other states and the United States in general Finally the critical perspective allows readers to question the balance of benefits and costs attendant to what is often referred to as the Texas way or the Texas model and to assess the many claims of Texas s exceptionalism Through Jillson s lively and lucid prose students are well equipped to analyse how Texas has done and is doing compared to selected states and the national average over time and today This text is aimed at students and professors of Texas politics who want to stress history political culture and public policy New to the Fifth Edition Fully updated to include the most recent Texas elections and political events Covers the 2023 legislative session Highlights new population data with projections forward to 2050 recently released by the U S Census and the Texas State Data Center Explores the dramatic increases in Texas oil and gas production and their impact on global and U S prices and on the profitability and the viability of many Texas producers in light of the recent plunge in prices All figures and tables include the most recent data available

Civil Rights in Black and Brown Max Krochmal, Todd Moye, 2021-11-09 Not one but two civil rights movements flourished in mid twentieth century Texas and they did so in intimate conversation with one another Far from the gaze of the national media African American and Mexican American activists combated the twin caste systems of Jim Crow and Juan Crow These insurgents worked chiefly within their own racial groups yet they also looked to each other for guidance and at times came together in solidarity The movements sought more than integration and access they demanded power and justice Civil Rights in Black and Brown draws on more than 500 oral history interviews newly collected across Texas from the Panhandle to the Piney Woods and everywhere in between The testimonies speak in detail to the structure of racism in small towns and huge metropolises both the everyday grind of segregation and the haunting acts of racial violence that upheld Texas s state sanctioned systems of white supremacy Through their memories of resistance and revolution the activists reveal previously undocumented struggles for equity as well as the links Black and Chicana organizers forged in their efforts to achieve self determination

This Corner

of Canaan Randolph B. Campbell, 2013 Randolph B. Mike Campbell has spent the better part of the last five decades helping Texans rediscover their history producing a stream of definitive works on the social, political, and economic structures of the Texas past. Through meticulous research and terrific prose, Campbell's collective work has fundamentally remade how historians understand Texan identity and the state's southern heritage, as well as our understanding of such contentious issues as slavery, westward expansion, and Reconstruction. Campbell's pioneering work in local and county records has defined the model for grassroots research and community studies in the field. More than any other scholar, Campbell has shaped our modern understanding of Texas. In this collection of seventeen original essays, Campbell's colleagues, friends, and students offer a capacious examination of Texas's history ranging from the Spanish era through the 1960s. War on Poverty to honor Campbell's deep influence on the field. Focusing on themes and methods that Campbell pioneered, the essays debate Texas identity, the creation of nineteenth-century Texas, the legacies of the Civil War and Reconstruction, and the remaking of the Lone Star State during the twentieth century. Featuring some of the most well-known names in the field, as well as rising stars, the volume offers the latest scholarship on major issues in Texas history and the enduring influence of the most eminent Texas historian of the last half-century.

Country of the Cursed and the Driven Paul Barba, 2021-12 2022 WHA W Turrentine Jackson Award for best first book on the history of the American West 2022 WHA David J. Weber Prize for the best book on Southwestern History. In eighteenth and nineteenth-century Texas, a hotly contested land where states wielded little to no real power, local alliances and controversies, face-to-face relationships, and kin ties structured personal dynamics and cross-communal concerns alike. *Country of the Cursed and the Driven* brings readers into this world through a sweeping analysis of Hispanic, Comanche, and Anglo-American slaving regimes, illuminating how slaving violence, in its capacity to bolster and shatter families and entire communities, became both the foundation and the scourge, the panacea and the curse of life in the borderlands. As scholars have begun to assert more forcefully over the past two decades, slavery was much more diverse and widespread in North America than previously recognized, engulfing the lives of Native, European, and African-descended people across the continent from the Atlantic to the Pacific and from Canada to Mexico. Paul Barba details the rise of Texas's slaving regimes, spotlighting the ubiquitous, if uneven and evolving, influences of colonialism and anti-Blackness. By weaving together and reframing traditionally disparate historical narratives, *Country of the Cursed and the Driven* challenges the common assumption that slavery was insignificant to the history of Texas prior to Anglo-American colonization, arguing instead that the slavery imported by Stephen F. Austin and his colonial followers in the 1820s found a comfortable home in the slavery-stained borderlands, where for decades Spanish colonists and their Comanche neighbors had already unleashed waves of slaving devastation.

Red State Wayne Thorburn, 2014-09-01 A political scientist and Republican party insider examines how Texas made its dramatic shift from Democratic stronghold to GOP dominance. In November 1960, the Democratic party dominated Texas. Democrats held all thirty statewide elective positions as well as the entire state

legislature Fifty years later this stronghold had not only been lost it had reversed In November 2010 Republicans controlled every statewide elective office as well as the Texas Senate and House of Representatives The state s congressional delegation in Washington was comprised of twenty five Republicans and nine Democrats Red State explores why this transformation took place and what these changes imply for the future of Texas politics Wayne Thorburn analyzes a wealth of data to show how changes in the state s demographics including an influx of new residents the shift from rural to urban and the growth of the Mexican American population have moved Texas through three stages of party competition from two tiered politics to two party competition and then to the return to one party dominance this time by Republicans Thorburn reveals that the shift from Democratic to Republican governance has been driven not by any change in Texans ideological perspective or public policy orientation even when Texans were voting Democrat conservatives outnumbered liberals or moderates but by the Republican party s increasing identification with conservatism since 1960

This is likewise one of the factors by obtaining the soft documents of this **Beyond Texas Through Time Breaking Away From Past Interpretations** by online. You might not require more mature to spend to go to the book opening as with ease as search for them. In some cases, you likewise do not discover the pronouncement Beyond Texas Through Time Breaking Away From Past Interpretations that you are looking for. It will entirely squander the time.

However below, following you visit this web page, it will be correspondingly totally easy to get as without difficulty as download lead Beyond Texas Through Time Breaking Away From Past Interpretations
