 Enrico Beltramini, 2025-10-01 The essential objective of this study is to unpack the complicity between historians and
 secularization theory in the study of late ancient and early medieval Christianity and then suggest a way out In this work of
 historiography of religion Enrico Beltramini argues that religious history is inherently secular and produces distorted
 representations of the Christian past He suggests moving from an epistemological to a hermeneutical approach so that the
 supernatural worldview of the Christian past can be addressed on its own terms This work also engages Markus s saeculum
 and replaces Markus s secularized relationship between the Kingdom and the government of the civitas with the Augustinian
 association of the Kingdom and divine government **Beyond Loving** Amy C. Steinbugler, 2012-09-06 Beyond Loving

MacLean,1995-07-13

On Thanksgiving night 1915 a small band of hooded men gathered atop Stone Mountain an imposing granite butte just outside Atlanta With a flag fluttering in the wind beside them a Bible open to the twelfth chapter of Romans and a flaming cross to light the night sky above William Joseph Simmons and his disciples proclaimed themselves the new Knights of the Ku Klux Klan named for the infamous secret order in which many of their fathers had served after the Civil War Unsure of their footing in the New South and longing for the provincial patriarchal world of the past the men of the second Klan saw themselves as an army in training for a war between the races They boasted that they had bonded into an invisible phalanx to stand as impregnable as a tower against every encroachment upon the white man s liberty in the white man s country under the white man s flag Behind the Mask of Chivalry brings the invisible phalanx into broad daylight culling from history the names the life stories and the driving passions of the anonymous Klansmen beneath the white hoods and robes Using an unusual and rich cache of internal Klan records from Athens Georgia to anchor her observations author Nancy MacLean combines a fine grained portrait of a local Klan world with a penetrating analysis of the second Klan s ideas and politics nationwide No other right wing movement has ever achieved as much power as the Ku Klux Klan of the 1920s and this book shows how and why it did MacLean reveals that the movement mobilized its millions of American followers largely through campaigns waged over issues that today would be called family values Prohibition violation premarital sex lewd movies anxieties about women s changing roles and worries over waning parental authority Neither elites nor poor white trash most of the Klan rank and file were married middle aged and middle class Local meetings or klonklaves featured readings of the minutes plans for recruitment campaigns and Klan barbecues and distribution of educational materials Christ and Other Klansmen was one popular tome Nonetheless as mundane as proceedings often were at the local level crusades over morals always operated in the service of the Klan s larger agenda of virulent racial hatred and middle class revanchism The men who deplored sex among young people and sought to restore the power of husbands and fathers were also sworn to reclaim the white man s country striving to take the vote from blacks and bar immigrants Comparing the Klan to the European fascist movements that grew out of the crucible of the first World War MacLean maintains that the remarkable scope and frenzy of the movement reflected less on members power within their communities than on the challenges to that power posed by African Americans Jews Catholics immigrants and white women and youth who did not obey the Klan s canon of appropriate conduct In vigilante terror the Klan s night riders acted out their movement s brutal determination to maintain inherited

hierarchies of race class and gender Compellingly readable and impeccably researched The Mask of Chivalry is an unforgettable investigation of a crucial era in American history and the social conditions cultural currents and ordinary men that built this archetypal American reactionary movement
