**Beyond the Myth** Polly Schoyer Brooks,1999 Places the life of the fifteenth century girl who has become a French national symbol within the social religious and political context of her time     *Beyond the Myth* Polly Schoyer Brooks, Brooks, 1999-10-25 The king was going mad So begins Polly Schoyer Brooks s account of one of history s most compelling stories and one of the world s most popular heroines Joan of Arc Brooks tells us of a fifteenth century France ravaged by war plague and religious conflict of a king who suffered fits of madness and his weak son who made a disappointing successor and of a peasant girl from the countryside who accomplished what appeared to be miracles by rallying the dispirited French nation with her desire to see the rightful king rule Little more than a year after her astounding triumphs uniting the nation and securing the throne for Charles VII with her victory over the English at Orlean nineteen year old Joan was imprisoned on charges of witchcraft and sorcery tried for heresy and burned at the stake Polly Schoyer Brooks s detailed narrative unveils the spirited young woman who became a patron saint and continues to inspire courage and faith

Visions of the Maid Robin Blaetz,2001 Representations of Joan of Arc have been used in the United States for the past two hundred years appearing in advertising cartoons popular song art criticism and propaganda The presence of the fifteenth century French heroine in the cinema is particularly intriguing in relation to the role of women during wartime Robin Blaetz argues that a mythic Joan of Arc was used during the First World War to cast a medieval glow over an unpopular war but that she only appeared after the Second World War to encourage women to abandon their wartime jobs and return to the home In Visions of the Maid Blaetz examines three pivotal films Cecil B DeMille s 1916 Joan the Woman Victor Fleming s 1948 Joan of Arc and Otto Preminger s 1957 Saint Joan as well as addressing a broad array of popular culture references and every other film about the heroine made or distributed in the United States Blaetz is particularly concerned with issues of gender and the ways in which Joan of Arc s androgyny virginity and sacrificial victimhood were evoked in relation to the evolving roles of women during war throughout the twentieth century

**Programs for Young Adults** Martha Seif Simpson,2015-11-16 School and public libraries often provide programs and activities for children in preschool through the sixth grade but there is little available to young adults For them libraries become a place for work the place to research an assignment or find a book for a report but the thought of the library as a place for enjoyment is lost So how do librarians recapture the interest of teenagers This just might be the answer Here you will find theme based units such as Cartoon Cavalcade Log On at the Library Go in Style Cruising the Mall Space Shots Teens on TV and 44 others that are designed for young adults Each includes a display idea suggestions for local sponsorship of prizes a program game to encourage participation 10 theme related activities curriculum tie in activities sample questions for use in trivia games or scavenger hunts ideas for activity sheets a bibliography of related works and a list of theme related films The units are highly flexible allowing any public or school library to adapt them to their particular needs

Literature Lover's Book of Lists Judie L. H. Strouf, 1999-09-15 Wonderful for browsing and invaluable for finding specific information. Literature Lovers Book of Lists is a compendium of useful and sometimes whimsical information for anyone who loves books and loves to read at any age or reading level. It is organized into nine sections and provides nearly 200 lists relating to genres, authors, characters, and settings; awards; literary terms with their definitions; and much more. There are even lists of books of prose and poetry available on audiocassettes. If it has to do with literature, this book has the answers. What book has had the longest run on The New York Times best seller list? Who is the only four time winner of the Pulitzer Prize for drama? What is the complete list of Shakespeare's plays and poems? Who are some of the most notable African American authors? What are the three main variations of the sonnet? What famous writers belonged to The Bloomsbury Group? Literature Lovers Book of Lists is both exciting and informative at the same time.

**Failing at Fairness** Myra Sadker, David

Sadker, 2010-05-11 Failing at Fairness: the result of two decades of research shows how gender bias makes it impossible for girls to receive an education equal to that given to boys. Girls' learning problems are not identified as often as boys' are. Boys receive more of their teachers' attention. Girls start school testing higher in every academic subject yet graduate from high school scoring 50 points lower than boys on the SAT. Hard hitting and eye opening. Failing at Fairness should be read by every parent especially those with daughters.

**May Her Likes Be Multiplied** Marilyn Booth, 2001-07-30 Marilyn Booth's elegantly conceived study reveals the Arabic tradition of life writing in an entirely new light. Though biography had long been male authored in the late nineteenth century, short sketches by and about women began to appear in biographical dictionaries and women's journals. By 1940 hundreds of such biographies had been published, featuring Arabs, Turks, Indians, Europeans, North Americans, and ancient Greeks and Persians. Booth uses over five hundred famous women biographies which include subjects as diverse as Joan of Arc, Jane Austen, Aisha bt Abi Bakr, Sarojini Naidu, and Lucy Stone to demonstrate how these narratives prescribed complex role models for middle class girls in a context where nationalist programs and emerging feminisms made defining the ideal female citizen an urgent matter. Booth begins by asking how cultural traditions shaped women's biography and to whom the Egyptian biographies were directed. The biographies were published at a time of great cultural awakening in Egypt when social and political institutions were in upheaval. The stories suggested that Islam could be flexible on social practice and gender holding out the possibility for women to make their own lives. Yet ultimately they indicate that women would find it extremely difficult to escape the nationalist ideal of the nuclear family with woman at its center. This conflict remains central to Egyptian politics today and in her final chapter Booth examines Islamic biographies of women's lives that have been published in more recent years.
