Teaching Languages to Students with Specific Learning Differences Judit Kormos,Anne Margaret Smith,2012-01-18 This book is intended to help language teachers to work effectively and successfully with students who have specific learning differences SpLD such as dyslexia The book takes an inclusive and practical approach to language teaching and encourages teachers to consider the effects that an SpLD could have on a language learner It suggests strategies that can be implemented to enable learners to succeed both in the classroom and in formal assessment The book places issues of language teaching for learners with an SpLD in a broad educational context and in addition to practical advice on methodologies and classroom management also discusses discourses of the field the identification of SpLDs and facilitating progression

Outside the Hospital: The Delivery of Health Care in Non-Hospital Settings Donald J. Griffin,Polly Griffin,2009-10-07 While the hospital is the centerpiece of the health care system so much health care is delivered outside this setting As the first text of its kind Outside the Hospital introduces the reader to many types of healthcare services offered outside the traditional hospital setting Divided into four parts traditional care diagnosing acute care treatment and chronic care the book offers 31 concise chapters that explore the

basic operations of various health care settings such as physician offices pharmacies outpatient laboratories chiropractic centers dentistry optometry oncology centers adult day care hospice care and more Perfect as a companion to Hospitals What They Are and How They Work also by Don Griffin this text is an ideal introduction to the health care workplace for aspiring health professionals It is also an excellent reference for the practicing health professional Features Offers concise chapters on 31 types of health care services delivered outside the hospital setting Offers key vocabulary words chapter review questions and materials for group discussion in each chapter Is accompanied by downloadable instructor resources including chapter lecture slides as well as a midterm and final exam

Language beyond Words: The Neuroscience of Accent Ignacio Moreno-Torres, Peter Mariën, Guadalupe Dávila, Marcelo L. Berthier, 2017-03-23 Language learning also implies the acquisition of a set of phonetic rules and prosodic contours which define the accent in that language While often considered as merely accessory accent is an essential component of psychological identity as it embodies information on origin culture and social class Speaking with a non standard foreign accent is not inconsequential because it may negatively impact communication and social adjustment Nevertheless the lack of a formal definition of accent may explain that as compared with other aspects of language it has received relatively little attention until recently During the past decade there has been increasing interest in the analysis of accent from a neuroscientific perspective This e book integrates data from different scientific frameworks The reader will find fruitful research on new models of accent processing how learning a new accent proceeds and the role of feedback on accent learning in healthy subjects In addition information on accent changes in pathological conditions including developmental and psychogenic foreign accent syndromes as well as the description of a new variant of foreign accent syndrome is also included It is anticipated that the articles in this e book will enhance the understanding of accent as a linguistic phenomenon the neural networks supporting it and potential interventions to accelerate acquisition or relearning of native accents

SSC English Topic-wise LATEST 43 Solved Papers (2010-2017) 2nd Edition Disha Experts, 2018-01-10 The thoroughly revised updated 2nd Edition of the book Topic wise Solved Paper SSC English consists of past solved papers of SSC CGL 10 2 CHSL Sub Inspector and Multi Tasking from 2010 to 2017 The coverage of the papers has been kept RECENT 2010 to 2017 as they actually reflect the changed pattern of the SSC exams In all there are 43 Question papers from 2010 to 2017 which have been provided topic wise along with detailed solutions Practicing these questions aspirants will come to know about the pattern and toughness of the questions asked in the examination In the end this book will make the aspirants competent enough to crack the uncertainty of success in the Entrance Examination The strength of the book lies in the originality of its question papers and Errorless Solutions The solution of each and every question is provided in detail step by step so as to provide 100% concept clarity to the students

Resources in Education, 2001-04 **Syndrome-based Approach to Diagnosis** Efim Benenson, 2013-03-12 Many young inexperienced doctors have difficulty pinpointing a diagnosis Is it a condition to which certain diseases could belong or a

disease definable in line with certain criteria How can I apply my basic knowledge of diseases to a real patient How can I find the correct diagnosis for a disease that I am seeing for the very first time The traditional diagnostic pathways conveyed by current methods of teaching from visual identification of the disease knowledge of diseases understanding of symptoms or patterns to diagnosis leave certain diagnostic questions unanswered especially on first experience of such a clinical pattern Syndrome based Approach to Diagnosis A Practical Guide offers lecturers an alternative training concept in their teaching which provides students with a model for self study as well as the educational tools for learning how to think in clinical terms

The Green Book of Language Revitalization in Practice Leanne Hinton, Kenneth Hale, 2013-06-13 With world wide environmental destruction and globalization of economy a few languages especially English are spreading rapidly in use while thousands of other languages are disappearing taking with them important cultural philosophical and environmental knowledge systems and oral literatures We all stand to suffer from such a loss none more so than the communities whose very identity is being threatened by the impending death of their languages In response to this crisis indigenous communities around the world have begun to develop a myriad of projects to keep their languages alive This volume is a set of detailed accounts about the kind of work that is going on now as people struggle for their linguistic survival It also serves as a manual of effective practices in language revitalization Following are the key features 23 case studies of language revitalization in practice from Native American languages Australian languages Maori Hawaiian Welsh Irish and others written primarily by authors directly involved in the programs short introductions situate the languages to help make the languages more real in the minds of readers each chapter gives a detailed overview of the various kinds of programs and methods in practice today introductions and maps for each of the languages represented familiarize the reader with their history linguistic structure and sociolinguistic features and strong representation in authorship and viewpoint of the people and communities whose languages are threatened gives the readers an inside understanding of the issues involved and the community internal attitudes toward language loss and revitalization This book was previously published by Academic Press under ISBN 978 01
