 AXIOMS of Marketing you have 6 undeniable truths about marketing what they can do and how to implement them in your

 marketing results invariably falls short of the mark What s the difference between a rule and an AXIOM A rule is a guideline
 to follow that has a strong probability of yielding the expected result An AXIOM is an immutable law which can be violated
 only under the most extraordinary circumstances if at all The value of having these AXIOMS written out for you is I think
 obvious but in case not let me state it plainly By obeying these AXIOMS and making your promotions conform to them you
 can substantially improve your marketing results Conversely when you ignore all or even one of these marketing axioms you
 risk poor results and monetary losses One other advantage of mastering and following these 6 AXIOMS of marketing is that
 they unlike marketing technology and channels are immutable and do not change over time The same principles of human

 understand what motivates them You also have to know how to prevent yourself and your product to get their interest their
