Shooting Ladders Gary Keeney, 2010-08-03 Shooting Ladders is a book of advice written to a little girl named Tori. She was four years old when the author started writing the first topic and she was eight years old when he finished the last topic. But he didn't write it for the Tori of then or even the Tori of now; instead, he wrote it for the Tori of the future as something to help her make the right decisions in her late childhood, early adult years, and throughout her life. The book contains the author's opinions on hundreds of various subjects; some of them are practical, many of them are philosophical, some are serious, some are whimsical. On a typical subject, the author tells a story from his own personal experiences and then adds a moral lesson for her to learn from the story. Although he's not trying to tell her what to think, he is trying to guide her into making the proper decisions in life. The author hopes that she'll carefully weigh all the options and choose the paths that lead her to a good and happy life.
