Safety First

Safe Operating Rules: Softail Models

WARNING

Motorcycles are different from other vehicles. They operate, steer, handle and brake differently. Unskilled or improper use could result in loss of control, death or serious injury. (00556c)

- Take a rider training course.
- Read Owner's Manual before riding, adding accessories or servicing.
- Wear a helmet, eye protection and protective clothing.
- Never tow a trailer.

Before operating your new motorcycle it is your responsibility to read and follow the operating and maintenance instructions in this manual, and follow these basic rules for your personal safety.

- Know and respect the rules of the road (see RULES OF THE ROAD section). Carefully read and observe the rules contained in the RIDING TIPS booklet accompanying this Owner's Manual. Read and familiarize yourself with the contents of the MOTORCYCLE HANDBOOK for your state.
- Before starting engine, check for proper operation of brake, clutch, shifter, throttle controls, correct fuel and oil supply.

WARNING

Do not use aftermarket parts and custom made front forks which can adversely affect performance and handling. Removing or altering factory installed parts can adversely affect performance and could result in death or serious injury. (00001a)

- Use only Harley-Davidson approved parts and accessories. Use of certain other manufacturer's performance parts will void your new motorcycle warranty. See your Harley-Davidson dealer for details.

WARNING

Stop the engine when refueling or servicing the fuel system. Do not smoke or allow open flame or sparks near gasoline. Gasoline is extremely flammable and highly explosive, which could result in death or serious injury. (00002a)

When refueling your motorcycle, the following rules should be observed.

heritage cinema is now firmly established as an influential as well as much debated and contested critical framework for the
discussion of period or historical representation in film most prominently with reference to British heritage and post heritage
film successes since the 1980s but also to comparable examples from Europe North America and beyond These successes
have ranged from Merchant Ivory's *A Room with a View* Maurice Howard's *End and The Remains of the Day* via Jane Austen
adaptations such as Ang Lee's *Sense and Sensibility* to post heritage adaptations such as Sally Potter's *Orlando* Yet the very
idea of the heritage film has rested on untested assumptions about its audiences This book breaks significant new ground in
the scholarship on contemporary period films and makes a distinctive new contribution to the growing field of film audience
studies by presenting the first empirically based study of the audiences for quality period films Monk engages directly with
two highly contrasting sections of these audiences surveyed in the UK in the late 1990s to explore their identities their wider
patterns of film taste and above all their attitudes and pleasures in relation to the period films they enjoy and on issues
central to debates around the heritage film literary adaptation and cultural value with illuminating and unpredicted results
