Many cities in the developed world are undergoing a digital revolution and have placed the smart city on their list of priorities Smart cities use technological solutions such as Internet of Things AI 5G Big Data Cloud computing Smart Grid as well as all the emerging technologies of the digital era to improve the management and efficiency of the urban environment The aim is to make residents happier healthier smarter and more prosperous and to make the city greener cleaner more sustainable more responsible more functional more resilient and more competitive Enhanced by extensive research studies and carried out under the guidance of international scientific experts in the field This book explores various papers related to smart cities including digital twins geo smart information systems education healthcare economy and digital business building and home automation environment and agriculture and information technologies and computer science *Journal of Rehabilitation R & D*, 2008 **The Carbon Buster's Home Energy Handbook** Godo Stoyke, 2006-11-01 Most people

are unaware that environmental problems such as climate change can be easily avoided at a profit through the intelligent application of appropriate technology The Carbon Buster s Home Energy Handbook describes how to achieve this goal in the residential field The first book in North America to provide a detailed carbon accounting of a family s carbon emissions and how to reduce them it systematically analyzes energy costs and evaluates which measures yield the highest returns for the environment and the pocketbook It provides answers to questions such as Which measure is more effective putting solar panels on your roof or buying a hybrid car Where do I need to invest first in high efficiency shower heads or solar tubes Is a 500 fridge that uses 800 kWh of power per year a good buy The book allows individuals to quickly and accurately assess which products are a good deal and which aren t It systematically analyzes residential carbon emissions and energy costs

and prioritizes solutions based on highest carbon reductions and monetary returns yielding results that are often surprising. The book enables readers to dramatically reduce their carbon emissions far below the levels targeted under the Kyoto Protocol. At the same time, readers implementing the recommendations will save an average of 15 000 in energy costs over the next five years. Journal of Rehabilitation Research and Development ,2008 **Journal of Rehabilitation Research & Development** ,2008 **SmartShadow: Models and Methods for Pervasive Computing** Zhaohui Wu, Gang Pan, 2013-05-28 SmartShadow Models and Methods for Pervasive Computing offers a new perspective on pervasive computing with SmartShadow which is designed to model a user as a personality shadow and to model pervasive computing environments as user centric dynamic virtual personal spaces. Just like human beings, shadows in the physical world follow people wherever they go, providing them with pervasive services. The model, methods, and software infrastructure for SmartShadow are presented, and an application for smart cars is also introduced. The book can serve as a valuable reference work for researchers and graduate students in the field of pervasive ubiquitous computing. Zhaohui Wu is a Professor at Zhejiang University Hangzhou, China. Gang Pan is a Professor at the same institute. **Smart Car Buying & Leasing 101** Charles DeVorak, 1997 Put the brakes on those car salesmen who drive you crazy.
