Bloedbroeders Een Geschiedenis Van De Ndrangheta De Calabrische Maffia:

Bloedbroeders Nicola Gratteri, Antonio Nicaso, 2009 Overzicht van het ontstaan de geschiedenis de werkwijze en de organisatie van de Ndrangheta de maffiaorganisatie die de misdaad in Zuid Itali beheerst **Bloedbroeders / druk 1** John Dickie, 2011-06 Geschiedenis van het ontstaan van de maffia in Zuid Itali en de expansie van deze misdaadorganisaties vanaf de tweede helft van de negentiende eeuw tot en met de Tweede Wereldoorlog Mafia Republic John Dickie, 2014 In **MAFIA REPUBLIC** John Dickie Professor of Italian Studies at University College London and author of the international bestsellers **COSA NOSTRA** and **MAFIA BROTHERHOODS** shows how the Italian mafias have grown in power and become more and more interconnected with terrifying consequences 'Ndrangheta Anna Sergi, Anita Lavorgna, 2016-07-12 This book presents an historical and sociological account of the Italian mafia type organisation known as the ndrangheta It draws together diverse perspectives on the various ndrangheta clans and their behavioural models focusing specifically on their organisational skills their bonds with Calabrian society and Calabrian communities around the world their mobility and their characterisation as poly crime organisations The authors demonstrate that ndrangheta clans have an innovative way of being and doing mafia work through a dense network of relationships both in the upperworld and in the underworld a particularly acute sense of business a reputation built on the protection of blood and family ties and last but not least a symbiotic relationship and camouflage within Calabrian society By focusing on both the structures and the activities of the clans and with findings based on judicial documents this book explores why the ndrangheta is today labeled as the most powerful Italian mafia It will be of great interest to upper level students and scholars of organised crime and sociology Blood Brotherhoods John Dickie, 2011 The Sicilian mafia or Cosa Nostra is far from being Italy's only dangerous criminal fraternity The south of the country hosts two other major mafias the camorra from Naples and its hinterland and the ndrangheta the mafia from the poor and isolated region of Calabria that has now risen to become the most powerful mob of all Each of these brotherhoods has its own methods its own dark rituals its own style of ferocity and corruption Their early history is little known indeed some of it has been entirely shrouded in myth and silence Until now 'Ndrangheta Charles River Editors, 2019-10-22 Includes pictures Includes a bibliography for further reading The word mafia Sicilian in origin is synonymous with Italy but Italy is home to several different mafias with three being particularly notorious While the Cosa Nostra of western Sicily is the most infamous other powerful groups include the ferocious Ndrangheta of Calabria and the Camorra the third largest mafia which is active in Naples and the Campania region A mafia is loosely defined as a criminal organization that is interested in social economic and political power combining elements of a traditional secret society with those of a business but further levels of nuance are necessary in order to understand these groups In a general sense this is because each mafia creates a myth about the development of the organization which becomes like an unquestionable truth In essence part of what makes its members so completely loyal to it is also what makes outsiders so utterly afraid of it The

Ndrangheta pronounced an drang et ah is a close neighbor of the Cosa Nostra and currently considered the most powerful and difficult to spell criminal organization in Italy The Ndrangheta is centered around Calabria the most southwestern region of Italy almost touching the Sicilian city of Messina Though it began as far back as the late 19th century it was not until the 1950s that the Ndrangheta started to spread its tentacles throughout Italy and then across the entire globe forming an empire that now ranges from Australia and Turkey to Chile to Canada The fact that the Ndrangheta is overshadowed by the Sicilian Cosa Nostra as well as by the Neapolitan mafia the Camorra allowed it to grow and develop outside of the public eye For years people actually considered the Calabrian mafia to be part of the Cosa Nostra as a mere appendage rather than its own entity This false belief was perpetuated by the high profile Sicilian pentito Tommaso Buscetta and it was not until the beginning of the 21st century that the Ndrangheta came into the public eye due to two dramatic killings the assassination of a politician and the Duisburg massacre in a small German village Nonetheless the Ndrangheta is actually the second oldest mafia in Italy and despite its origins in Calabria the poorest region of Italy it is the wealthiest of Italy s illegal criminal organizations Given that people have always been less familiar with this organization studies on the Ndrangheta have also lagged behind work done on the Camorra and the Cosa Nostra The government took an early interest in the Camorra and Cosa Nostra creating a paper trail that does not exist for the Ndrangheta and the region of Calabria suffered numerous earthquakes that destroyed what little archival evidence there was available Of course the Ndrangheta places a premium on secrecy and thus far it has only had an extremely low number of traitors who were able to testify to the organization s inner workings Finally the fact that the Ndrangheta is essentially a plural organization makes it very hard to delineate the parameters of what constitutes an Ndrangheta cell and what is simply gang activity Ndrangheta The History of Italy s Most Powerful Organized Crime Syndicate examines how one of the world s strongest mobs formed its inner workings and the events that made it feared around the globe Along with pictures of important people places and events you will learn about the Ndrangheta like never before *The 'Ndrangheta and Sacra Corona Unita* Nicoletta Serenata,2014-05-31
