The Roosevelts and Their Descendants F. Martin Harmon,2017-08-11 Few families have influenced America like the Roosevelts two presidents from different parties including our longest serving chief executive and the First Lady of the World Born into aristocratic society Theodore Franklin and Eleanor nee Roosevelt shared a commitment to progress and the common good over class Their lives have been the focus of numerous books but their legacy and the extended family they left behind warrant a closer look This book chronicles the Roosevelts and those other Roosevelts a family of individuals always striving to measure up but united by an illustrious past **Senators of the United States** Diane B. Boyle,1995 S Doc 103

34 Compiled by Jo Anne McCormick Quatannens Diane B Boyle editorial assistant prepared under the direction of Kelly D Johnston Secretary of the Senate Lists scholarly works that profile the lives and legislative service of senators and their autobiographies and other published works The Myth of Southern Exceptionalism Matthew D. Lassiter,Joseph Crespino,2009-11-19 The Myth of Southern Exceptionalism dismantles clichés about regional distinctiveness and rewrites modern American history through a national focus on topics such as the civil rights movement conservative backlash and liberal reform the rise of the Religious Right the emergence of the Sunbelt and the increasing diversity of the suburbs

Historical Dictionary of the Gilded Age Leonard C. Schlup,James Gilbert Ryan,2003 Covers all the people events movements subjects court cases inventions and more that defined the Gilded Age **New York Magazine** ,1980-05-26 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea *Family* James E. Hughes, Jr.,2010-05-13 Why do some families thrive for generations What accounts for the sad deterioration that others experience This book takes families and the professionals who serve them beyond the now widely accepted practices offered in Family Wealth and offers a view of Hughes's panoramic insights into what makes families flourish and fail It lays out the basis for the vision of family governance the author has been developing through his work and research His advice addresses not only what to do but how to think about the complex issues of family governance growth and stability and the ongoing challenge of nurturing the happiness of each family member Exchange of Ideas Adam R. Nelson,2023-12-05 The first volume of an ambitious new economic history of American higher education Exchange of Ideas launches a breathtakingly ambitious new

economic history of American higher education In this volume Adam R Nelson focuses on the early republic explaining how knowledge itself became a commodity as useful ideas became salable goods and American colleges were drawn into transatlantic commercial relations American scholars might once have imagined that higher education could sit beyond the sphere of market activity that intellectual exchange could transcend vulgar consumerism but already by the end of the eighteenth century they saw how ideas could be factored into the nation's balance of trade Moreover they concluded that it was the function of colleges to oversee the complex process whereby knowledge could be priced and purchased The history of capitalism and the history of higher education Nelson reveals are intimately intertwined which raises a host of important and strikingly urgent questions How do we understand knowledge and education as commercial goods Who should pay for them And fundamentally what is the optimal system of higher education in a capitalist democracy *Senators of the United States*, 1995 *Black Powder, White Lace* Margaret M. Mulrooney, 2022-12-09 This anniversary edition of *Black Powder White Lace* Margaret Mulrooney's history of the community of Irish immigrant workers at the du Pont powder yards is being published to remind readers of the rich materials on the du Pont workers now publicly available through the Hagley Library and Museum and of Mulrooney's powerful conclusions about immigrant communities in America **"Better Living"** William L. Bird, 1999 *Better Living Advertising Media and the New Vocabulary of Business Leadership 1935-1955* is a history of how big business learned to be both entertaining and persuasive when talking to the public Examining the years from the Depression to postwar prosperity *Better Living* follows the dissemination of a politically competitive claim of more new and better in industry and in life Beginning with the changes in business government relations during the New Deal this study looks at the ways in which politically active corporations and their leaders learned how to speak at a time when speaking was not enough Using archival sources such as the NBC Ford Motor Company DuPont and Franklin Delano Roosevelt collections William L Bird Jr establishes the importance of industrial films and their role in public relations and employee relations as well as the use of dramatic radio productions in corporate public relations The author examines the interplay between general mass radio and print advertising radio program sponsorship and scriptwriting sponsored motion pictures and television entertainment as well as exhibitions and industrial fairs and the role these media played in shaping ideas about American business and political and cultural institutions in this country for the decades to come Book Jacket **Beating Plowshares Into Swords** Paul A. C. Koistinen, 1996 Koistinen describes how an undeveloped preindustrial economy forced Americans to fight defensive wars of attrition like the Revolution and the War of 1812 By the time of the Mexican War however a gradually maturing economy allowed the United States to use a much more offensive minded strategy to achieve its goals The book concludes with an exhaustive examination of the Civil War a conflict that both anticipated and differed from the total wars of the industrialized era Koistinen demonstrates that the North relied upon its enormous economic might to overwhelm the Confederacy through a strategy of annihilation while the South bungled its own strategy of attrition by

failing to mobilize effectively a much less developed economy Provocative Plastics Susan Lambert,2021-01-07 Plastics have now been our most used materials for over fifty years This book adopts a new approach exploring plastics contribution from two perspectives as a medium for making and their value in societal use The first approach examines the multivalent nature of plastics materiality and their impact on creativity through the work of artists designers and manufacturers The second perspective explores attitudes to plastics and the different value systems applied to them through current research undertaken by design materials and socio cultural historians The book addresses the environmental impact of plastics and elucidates the ways in which they can and must be part of the solution The individual viewpoints are provocative and controversial but together they present a balanced and scholarly unpicking of the debate that surrounds this ubiquitous group of materials The book is essential reading for a wide academic readership interested in the Arts and Humanities especially Design and Design History Anthropology and Cultural Material and Social Histories American Classicist Victoria Houseman,2023-10-03 Flanders who led the movement in the Senate to censure Joseph McCarthy and inspired Hamilton's depiction of Demosthenes in her final book The Echo of Greece Houseman also situates Edith Hamilton's writing in relation to contemporary events such as the Great Depression the rise of fascism American involvement in the Second World War the dropping of the atomic bombs and American foreign policy during the Cold War among others She argues that Hamilton's writing and themes were often a response to these events Even Mythology intended as a modern version of Bulfinch's Mythology was partly written during the fascist Italian invasion of Greece and makes many arguments for the special claims of Greece in Western history Her work has influenced generations of readers as well and was even said to have been a favorite of Robert Kennedy's who drew on The Greek Way for inspiration in drafting speeches **A Review and Annotated Bibliography of Family Business Studies** Pramodita Sharma,James J. Chrisman,Jess H. Chua,2012-12-06 Interest in the study of family business has increased significantly over the last decade The research on this subject and the related subject of entrepreneurship has developed in parallel within a number of different disciplines making it the perfect candidate for an annotated bibliography This book aims to catalog the major empirical theoretical and practical articles on family business Included for each article listed are a summary of key findings and a list of the methodologies and key conceptual models used It also features a review of the literature a discussion of how family businesses have been defined and agenda for future research into both family business and entrepreneurship studies Alfred I. Du Pont Joseph Frazier Wall,1990 In this brilliantly written biography Wall ranges from Pierre Samuel du Pont de Nemour's spectacular rise in pre Revolutionary France to the family's migration to America and the founding of the Du Pont Company to Alfred's death in 1935 charting the growth of one of America's great industrial dynasties Illustrated Pivotal Policies in Delaware William W. Boyer,Edward C. Ratledge,2013-11-05 This book identifies ten pivotal policies in Delaware that still impact public life in this small state Much that has happened since the mid twentieth century in Delaware public policy evolved from particular

events These events consisted of court decisions laws passed or incidents that happened to particular persons They prompted public policies the effects of which were not clearly understood that were often counter to what was anticipated had undesirable side effects or were inadequate to deal with the problems encountered This chronicle begins in 1954 when the U S Supreme Court confronted racially segregated Delaware with the necessity to desegregate its public schools with all deliberate speed Chapter 2 evolves from 1964 when the Supreme Court ordained by virtue of its one person one vote decision that states end over representation of rural voters in their state legislatures Chapter 3 turns to the 1968 assassination of Martin Luther King followed by the Delaware National Guards occupation of Wilmington for over nine months Chapter 4 focuses on the 1970 establishment of the cabinet system in Delaware s state government Chapter 5 concentrates on the 1971 enactment to protect Delaware s coastal zone and its aftermath Chapter 6 records 1977 as a turning point for Delaware s response to increasing crime by option for increasing punishment in place of rehabilitating prisoners Chapter 7 highlights how the General Assembly s over ride of the 1978 budget evoked consensus and bipartisan politics Chapter 8 focuses on the newly ensconced pro business climate illustrated in 1951 by the Financial Center Development Act that deregulated credit card banking Chapter 9 tells that story of how Delaware sought to confront its high cancer rate beginning with the 1990 report of the Governor s advisory council Chapter 10 concentrates on Delaware s troubled efforts to develop energy policies beginning with the 1999 legislation deregulating electric power The book s Afterword broadly assesses how these major policy developments have effected systemic institutional change in how Delaware is governed

Arming America through the Centuries Benjamin Franklin Cooling, 2022-09-29 While many associate the concept commonly referred to as the military industrial complex with President Dwight D Eisenhower s 1961 farewell address the roots of it existed two hundred years earlier This concept as Benjamin Franklin Cooling writes was part of historical lore as a burgeoning American nation discovered the inextricable relationship between arms and the State In Arming America through the Centuries Cooling examines the origins and development of the military industrial complex MIC over the course of American history He argues that the evolution of America s military industrial business political experience is the basis for a contemporary American Sparta Cooling explores the influence of industry on security the increasing prevalence of outsourcing ever present economic and political influence and the evolving nature of modern warfare He connects the budding military industrial relations of the colonial era and Industrial Revolution to their formal interdependence during the Cold War down to the present day resurrection of Great Power competition Across eight chronological chapters Cooling weaves together threads of industry finance privatization appropriations and technology to create a rich historical tapestry of US national defense in one comprehensive volume Integrating information from both recent works as well as canonical older sources Cooling s ambitious single volume synthesis is a uniquely accessible and illuminating survey not only for scholars and policymakers but for students and general readers as well
