Blood Stripes The Grunts View Of The War In Iraq:

Blood Stripes David J. Danelo, 2006 The grunt's view of the war in Iraq **Grunts** John C. McManus, 2010-08-03 A superb book an American equivalent to John Keegan's *The Face of Battle* I sincerely believe that *Grunts* is destined to be a classic Dave Grossman Author of *On Killing* and *On Combat* From the acclaimed author of *The Dead* and *Those About to Die* comes a sweeping narrative of six decades of combat and an eye opening account of the evolution of the American infantry From the beaches of Normandy and the South Pacific Islands to the deserts of the Middle East the American soldier has been the most indispensable and most overlooked factor in wartime victory In *Grunts* renowned historian John C McManus examines ten critical battles from Hitler's massive assault on U S soldiers at the Battle of the Bulge to counterinsurgency combat in Iraq where the skills and courage of American troops proved the crucial difference between victory and defeat Based on years of research and interviews with veterans this powerful history reveals the ugly face of war in a way few books have and demonstrates the fundamental and too often forgotten importance of the human element in serving and protecting the nation **American Book Publishing Record** , 2005 Fallujah Memoirs Alexander Saxby, 2021-04-21 The Second Battle of Fallujah was a watershed moment in the Iraq War US Marines recaptured the city in some of the heaviest fighting since Hue City Put yourself in the midst of the action with the Marines during the most significant and bloodiest battle of the war This first hand account gives readers a front row seat to modern urban combat with Bravo Company of the 1st Battalion 8th Marines Picking up *Fallujah Diary* readers will find out exactly what it takes to fight house to house in the deserts of Iraq This is not a story written from the perspective of generals commanders or academics This is written by a grunt with a grunt's eye view Join Lance Corporal Alex Saxby and the rest of 3rd Platoon as they prepare to deploy then follow them through Al Anbar Province and ultimately the Second Battle of Fallujah This book is an in depth first person view of the heaviest urban fighting the Marine Corps has fought since the Vietnam War Ambush Alley Tim Pritchard, 2006-09-26 March 23 2003 U S Marines from the Task Force Tarawa are caught up in one of the most unexpected battles of the Iraq War What started off as a routine maneuver to secure two key bridges in the town of Nasiriyah in southern Iraq degenerated into a nightmarish twenty four hour urban clash in which eighteen young Marines lost their lives and more than thirty five others were wounded It was the single heaviest loss suffered by the U S military during the initial combat phase of the war On that fateful day Marines came across the burned out remains of a U S Army convoy that had been ambushed by Saddam Hussein's forces outside Nasiriyah In an attempt to rescue the missing soldiers and seize the bridges before the Iraqis could destroy them the Marines decided to advance their attack on the city by twenty four hours What happened next is a gripping and gruesome tale of military blunders tragedy and heroism Huge M1 tanks leading the attack were rendered ineffective when they became mired in an open sewer Then a company of Marines took a wrong turn and ended up on a deadly stretch of road where their armored personal carriers were hit by devastating rocket propelled grenade fire USAF planes called in for fire

support play their own part in the unfolding cataclysm when they accidentally strafed the vehicles. The attempt to rescue the dead and dying stranded in Ambush Alley only drew more Marines into the slaughter. This was not a battle of modern technology but a brutal close quarter urban knife fight that tested the Marines resolve and training to the limit. At the heart of the drama were the fifty or so young Marines most of whom had never been to war who were embroiled in a battle of epic proportions from which neither their commanders nor the technological might of the U S military could save them. With a novelist's gift for pace and tension Tim Pritchard brilliantly captures the chaos panic and courage of the fight for Nasiriyah bringing back in full force the day that a perfunctory task turned into a battle for survival. Ambush Alley is a gut wrenching account of unadulterated terror that's hard to read yet impossible to put down. London based journalist and filmmaker Tim Pritchard who was embedded with US troops during the initial stages of the American led invasion of Iraq paints a compelling picture of one of the costliest battles of the Iraq war that will at turns anger horrify and sadden regardless of one's political views. The Boston Globe

Lava Dawgs Charlie Moose, 2014-02-16 An infantry battalion of Marines from Hawaii find themselves deployed to fight in the biggest urban battle since the Vietnam War. The city of Fallujah in al Anbar Province Iraq has been hijacked by a foreign Islamic fundamentalist insurgency that is hell bent on attacking Americans and torturing and killing Iraqi civilians. The Marines are tasked with ridding the city of the jihadist fighters and giving it back to its people. Lava Dawgs is a down and dirty perspective of grunts on the front lines of urban combat.
