**Shaping Visions in U.S.-American Magazines** Annabel Friedrichs, 2024-12-30 Between 1890 and 1920 white U.S. American women experienced unprecedented sociopolitical changes a dynamic era vividly captured but also creatively and profoundly shaped by successful female illustrators within a burgeoning magazine market This study highlights five groundbreaking yet largely forgotten artists Rose O'Neill Nell Brinkley May Wilson Preston Jessie Willcox Smith and Alice Beach Winter Their work for mass and little magazines reached and inspired a large female readership while participating in broader dialogues about women's roles in society Four case studies explore the creative possibilities of visual textual expression across magazine covers advice columns advertisements and illustrated serials Shaping Visions not only chronicles an important era for visual and periodical culture but also makes a compelling case for recognizing female illustrators alongside male contemporaries like Charles Dana Gibson Featuring previously unexplored illustrations this book offers scholars and enthusiasts of art history gender or media studies fresh insights into the intersections of art femininity and magazines at the dawn of the twentieth century

Gritty City Nigel Webber, 2024-05-14 Gritty City is a love letter to Winnipeg a prairie metropolis born out of rebellion a river city marooned in the middle of a continent Maybe there is something in the water that makes us different Gritty City is the first book to tackle the history of Winnipeg hip hop treating it not as a passing fad or a subgenre of rock but as its own distinct and significant culture and artform Much like the city itself hip hop locally was born out of struggle out of the intense racism that plagued elements of Winnipeg for much of the 1980s As the culture blossomed and gained acceptance slowly but surely the community became more and more prominent leading from the DIY 90s to the heyday of the early 2000s Gritty City traces this timeline from the early 1980s to 2005 in an oral history format making it seem like you're just sitting around with your cousins and their friends as they reminisce Featuring over 100 voices of Winnipeg rappers producers DJs promoters and community members Gritty City is a one of a kind chronicle of an important but until now unknown chapter in Canadian music history

Security and Privacy Joseph Savirimuthu,2016-12-05 During the last decade in particular the levels of critical engagement with the challenges posed for privacy by the new technologies have been on the rise Many scholars have continued to explore the big themes in a manner which typifies the complex interplay between privacy identity security and surveillance This level of engagement is both welcome and timely particularly in a climate of growing public mistrust of State surveillance activities and business predisposition to monetize information relating to the online activities of users This volume is informed by the range of discussions currently conducted at scholarly and policy levels The essays illustrate the value of viewing privacy concerns not only in terms of the means by which information is communicated but also in terms of the political processes that are inevitably engaged and the institutional regulatory and cultural contexts within which meanings regarding identity and security are constituted

*Pests in the City* Dawn Day Biehler,2013-11-01 From tenements to alleyways to latrines twentieth century American cities created spaces where pests flourished and people struggled for healthy living conditions In *Pests in the City* Dawn Day Biehler argues that the urban ecologies that supported pests were shaped not only by the physical features of cities but also by social inequalities housing policies and ideas about domestic space Community activists and social reformers strived to control pests in cities such as Washington DC Chicago Baltimore New York and Milwaukee but such efforts fell short when authorities blamed families and neighborhood culture for infestations rather than attacking racial segregation or urban disinvestment Pest control campaigns tended to target public or private spaces but pests and pesticides moved readily across the porous boundaries between homes and neighborhoods This story of flies bedbugs cockroaches and rats reveals that such creatures thrived on lax code enforcement and the marginalization of the poor immigrants and people of color As Biehler shows urban pests have remained a persistent problem at the intersection of public health politics and environmental justice even amid promises of modernity and sustainability in American cities Watch the trailer <http://www.youtube.com/watch?v=GG9PFxLY7K4> feature c4 overview list
