Nicholson bereft with grief now the single parent of two beautiful daughters Then in a tragic twist of fate her elder daughter Ellie also contracted the same disease dying shortly after Nicholson found that the stages of grief shock denial deep despair and depression although well documented did not progress in an orderly manner nor could anything prepare her for the emotions she was feeling In this courageous and inspiring book Lindsay Nicholson looks at the grieving process and offers a roadmap to help all of us navigate a path none of us chooses but all of us must walk **A Hole in My Genes** Jodie Fleming,2019-02-04 In 2010 exactly one month after the end of her marriage a thirty seven year old psychologist is diagnosed with two primary breast cancers Determined to help herself she develops her own toolkit to conquer cancer s psychological minefield of grief and loss infertility surgeries and survival **5-13** Nancy Rankie Shelton,2016-06-01 In 5 13 A Memoir of Love Loss and Survival the realities of sharing life and death exemplify what it means to live and to love and will resonate with readers It s two days after Christmas and seven days after Jack s 58th birthday Jack and his wife Nancy are enjoying their morning in their second home in Gainesville Florida when out of the blue Jack has a seizure That afternoon he s diagnosed with stage four metastatic lung cancer In the following weeks the constant uncertainty and ever changing diagnoses of his disease his rapidly deteriorating health and the stress and confusion of managing his treatment define their lives After four emergency trips to the hospital that all result in lengthy stays he fights back from everything even partial paralysis absolutely refusing to stay down By March Jack is strong enough to return home to Maryland with Nancy where he continues treatment while they try to pick up the pieces of their lives He survives three more emergency admissions to the hospital but the stays are much shorter and he experiences more outpatient than inpatient care Though Jack is able to return to work Nancy is not she spends her time and energy supporting Jack s efforts to heal and providing care and encouragement for him Jack s health continues to fail On June 9th he dies Cancer is not the sum total of their lives or this memoir Reflections of the 35 years they were together are woven throughout the narrative Jack s childhood their first date the birth of their only child their relationships with others that shaped both their personalities are all part of their story Nancy s identity as a wife mother and mother in law sister daughter and friend are all part of the experience In 5 13 A Memoir of Love Loss and Survival Nancy Rankie Shelton encourages readers to overcome their fears of cancer remain steadfast and loving survive the death of a loved one and continue living 5 13 is a brave love story beautifully written The Aftermath Elsie Frederick,2020-10-19 This is the second part of Elsie Frederick s autobiography so picking up from the first book and the astonishing saga of George s Heart Transplant this brings us right up to date She is not an author these are probably the only books she will ever write At 70 years of age and locked down amidst the Corona Virus Covid 19 epidemic she has taken the opportunity to finish the story started over 30 years ago The ensuing years brought more serious health issues to deal with From Stroke through to Dementia the problems she encountered could have been so much easier to deal with if she had received help from her extended family instead of denial greed avarice deceit and lies Her love and loyalty was tested to the

limit It shows the devastation that can happen between families when support and understanding is needed but not forthcoming It became eventually in 2013 catastrophic What followed was almost too dreadful to believe It has taken the last 7 years to get her head straight and finally heal herself She will never get over what happened but at least she can now go forward It has been a catharsis for her to write excruciatingly painful but necessary as it is a true record of what happened and the process has given her the freedom to live and laugh again Regrets yes of course it should never have happened but it did and she regards it now as the Ultimate Survival
