Bluestone Carl J. Vipperman, 2015-11-25 They had a happy farm childhood surrounded by the natural beauty of the West Virginia mountains But for brothers Joe and Larry Collier all it took was one tragic accident to change their lives forever Thrown into a challenging series of events after the death of their father the young brothers eventually make a new life for themselves joining the ranks of the region's thriving coal industry But as the Collier brothers arrive at the mines so does a new source of tension between miners and mine owners The union movement armed with demands for fair pay and safe working conditions sparks a growing desire for change with unexpected and often destructive results Narrated by the older Collier brother Joe **Bluestone** is a compelling historical tale about the endurance of the human spirit and the indestructible bond between brothers Through a historically accurate narrative filled with surprising twists and turns it also addresses a topic that will be familiar to many modern readers the plight of the working class
