Bloodlust The Unsavoury Tale Of Alexander Pearce The Convict Cannibal:

Bloodlust Nick Bleszynski, 2011-07-01 The Unsavoury Tale of Alexander Pearce The Convict Cannibal Powerful and relentless the hunger pursues you like a wild beast without respite You can resist it for hours even days but it eventually overwhelms your reason with its desperate desire to be satisfied Eat or be eaten that was the terrible choice facing the eight convict bolters from Macquarie Harbour Australia's most remote and brutal penal colony Lost and starving after a week in a wilderness no white man had ever crossed order breaks down when one finally gives voice to their secret thoughts I could eat a piece of a man Soon betrayal lies and murder reign and the convicts start to fear each other more than the spears of the Aborigines Who'll be served next Will any of them reach the settled areas alive *Bloodlust* is the story of this terrible journey as seen through the eyes of Irishman Alexander Pearce who discovers what happens when men are pushed past their limits and what lies in the dark shadows beyond Nick Bleszynski author of the bestselling *Shoot Straight You Bastards* and *You'll Never Take Me Alive* mixes archive history and the power of imagination to bring Australia's darkest and most controversial legend to life

Caught on Screen James Findlay, 2025-09-18 From innocent criminals to radical revolutionaries feisty feminists to manly pioneers egalitarian settlers to violent invaders *Caught on Screen* shows how over successive generations the shape shifting convict emerged on screen as a potent historical symbol Convicts loom large in Australian history As transported criminals and the first European settlers they have shackled the nation to a curious and contested origin story Historians were largely silent on their exploits until the second half of the twentieth century but before then a tradition of convict representation on screen appeared with the rise of cinema taking hold of the popular imagination From silent films to more recent television series screen culture has elevated the convict experience to become a key historical narrative through which filmmakers and audiences have repeatedly reframed and challenged an understanding of Australia's colonial past *Caught on Screen* traverses this history of convict representation for the first time Through detailed archival research into their production and reception the book explores engaging case studies produced in Australia and internationally including the work of Douglas Sirk Alfred Hitchcock and Jennifer Kent It illuminates the fact that the convict as historical symbol is one that intersected with and helped to direct major debates about nationalism the legacies of colonisation Aboriginal dispossession and the origins and character of Australian society

Imagined Landscapes Jane Stadler, Peta Mitchell, Stephen Carleton, 2015-12-21 An analysis of the depiction of Australia's landscape in its films and literature *Imagined Landscapes* teams geocritical analysis with digital visualization techniques to map and interrogate films novels and plays in which space and place figure prominently Drawing upon *A Cultural Atlas of Australia* a database driven interactive digital map that can be used to identify patterns of representation in Australia's cultural landscape the book presents an integrated perspective on the translation of space across narrative forms and pioneers new ways of seeing and understanding landscape It offers fresh insights on cultural topography and spatial history by examining the technical and conceptual

challenges of georeferencing fictional and fictionalized places in narratives Among the items discussed are *Wake in Fright* a novel by Kenneth Cook adapted iconically to the screen and recently onto the stage the Australian North as a mythic space spatial and temporal narrative shifts in retellings of the story of Alexander Pearce a convict who gained notoriety for resorting to cannibalism after escaping from a remote Tasmanian penal colony travel narratives and road movies set in Western Australia and the challenges and spatial politics of mapping spaces for which there are no coordinates It will likely be the indispensable touchstone for any future work in these areas with respect to Australian cultural studies Robert T Tally Texas State University Definitely original in its approach since it combines a conceptual approach with a more applied one The book is a serious contribution to the field of mapping spatial narratives and to a better understanding of the production and spatial structure of fictional places S bastien Caquard Concordia University
