Blue River Apple An Exploration Of Alzheimers Through Poetry:

Blue.River.Apple Nancy Nelson,2014-08 Confirmation that I was to follow in my father s footsteps jarred me in ways I never imagined Since hearing the news I awaken between 3 and 5 in the morning Zero dark thirty is when my eyes fly open and I m full on aware The words that normally tumble off my tongue now flow feverishly by pencil over a yellow lined pad as though I am possessed And I write Poetry It is through my stepping up speaking out and sharing my own very personal thoughts and feelings that will emancipate the stigma attached to the growing numbers of those of us relegated to a diminishing memory It gives purpose to feelings of less than and bolsters a roguish stubborn ruggedness in me for a worthwhile fight to maintain dignity honor and respect

Blue.River.Apple Nancy Nelson,2014-08 I began waking early mornings writing poetry after a diagnosis of early on set Alzheimer s disease The power within me spoke as I ve never been called to speak before The poems explain my mixed up feelings of why me what now and where do I begin I began listening reading and researching my diagnosis and decided to speak up and out about a disease most do not want to acknowledge Communication is key My Dad had Alzheimer s I ve been diagnosed Who else Statistics say it could be you and your family and more of my own family there is a need to build awareness dispel the stigma and my poetry does that Some are light hearted some informative and others helpful for families friends and caregivers *Blue. River. Apple. SECOND HARVEST*

Nancy Nelson,2017-04-12 My reality poetry began right after my diagnosis of early on set Alzheimer s disease Waking early mornings writing as though I am possessed by someone far greater than myself My poems are intended to help others walking through the uncharted waters of AD If I can help you and your family your friends and caregivers to better understand the choppy feelings of fear frustration and overwhelm that the diagnosis of dementia brings with it then I find value in my own journey I stand in hope and even joy most days by building AD awareness dispelling the stigma and being a strong advocate for Alzheimer s causes Communication is key and with it everyone is in a winner *The Canadian Who's who* ,1983

Hughes, 2009 This is a literary collection that illuminates the darkness of Alzheimer's disease It is a unique collection of poetry and short prose about the disease written by 100 contemporary writers doctors nurses social workers hospice workers daughters sons wives and husbands whose lives have been touched by the disease A Slipknot Into Somewhere Else Michael H Brownstein, 2018-09-20 A master poet explores the linguistic world of Alzheimer's With patience and love Michael demonstrates logical thought patterns which develop meaning when a listener gives the speaker space and time Once you've taken this journey with Michael you'll discover the diagnosis of dementia much less overwhelming for caregivers and family *Living with Alzheimer's: a Poetic Expression* Margaret Carter, 2017-08-13 A collection of poems that explore the experience of living with Alzheimer's Disease **A Turbulent Mind** Jay Artale, 2018-11-26 Creating Moments of Joy Amid Alzheimer's storm are rainbow moments that lead to pots of gold and flashes of sunshine that push dark clouds away The 39 poems in this collection were inspired by the author's experiences and interactions with her mother who is suffering from Alzheimer's The most useful thing those of us on the outside of this disease can do is live in the moment and embrace the moments of joy that still pass through every day Jay Artale has created a memorable collection of poems that scratch the surface of Alzheimer's and make you aware of the multifaceted impact of a disease that is both cruel and unkind She takes you on a journey through denial anger guilt sadness and acceptance But she also doesn't forget one of the most important elements moments of joy Her wry humor is sprinkled within this collection adding the emotional highs of the roller coaster ride she takes you on These moments of joy are something that Jay discovered after reading Jolene Brackey's book *Creating Moments of Joy* and they are the backbone of her coping mechanism she uses to navigate her caregiving interactions It's a collection of lighthearted but impactful poetry inspired by Hilaire Belloc that deals with a difficult topic in a unique and

adventurous way making it easy for a poetry sceptic to love As well as getting a glimpse of Jay s current relationship with her mother we re also awarded glimpses of the mother she once knew The woman who was strong determined and always pragmatic By adding this view into their past Jay manages to heighten the level of emotional response we experience while eavesdropping on their current reality Who is this book for For any carers especially daughter and sons of dementia or Alzheimer s sufferers this collection pulls back the covers to reveal what it is like to embark on a journey into the unknown and how the see saw of emotions you encounter along the way cannot be planned for or pre empted Take a moment from your hectic life and the challenges of your day to immerse yourself in a daughter s journey with the mother she loves Jay s experiences are not unique There are many other families going through the same scenarios and some much worse but what is unique is Jay s poetic take on her relationship experiences and the impact on those around her We hope that this book creates a moment of joy in your life and brings you some solace and comfort while caregiving for your aging parents Embrace your role and thank those around you who make the journey more comfortable and bearable flip through these pages to discover a tale of Alzheimer s rhymes that fully regale an enticing life of loss laughter and pain and my mother s memories that can t be regained it s a daughter s attempt to soothe a charred soul which burns then smolders beneath her new role tread gently inside on this journey of hope with a balance of words to help you to cope
