Bmc A Series 1300 Engine Manual:

BMC 1100 and 1300 James Taylor, 2015-07-31 The British Motor Corporation's 1100 and 1300 model range was amongst the most successful in the Corporation's history selling more than 2.1 million of all types between its introduction in 1962 and its demise in 1974. World wide it was sold under eight different marque names and in two door saloon, four door saloon, two door estate and five door hatchback forms and very nearly as a van as well. In Britain it was the country's best selling car between 1962 and 1971 being beaten just once in 1967 by the Ford Cortina. BMC 1100 and 1300 looks at the design and development of a model range that at the time confirmed BMC as a pioneer of new automotive ideas and had a profound impact on other manufacturers. It covers not only the full standard model range but special conversions, cars built abroad and owning and running the cars today. Superbly illustrated with 150 colour photographs. **Motor Cycling and Motoring**, 1977. The British National Bibliography Arthur James Wells, 1973. The National Union Catalog, 1968-1972, 1973. The stylist of the Austin Allegro, Harris Mann, said of the car that it took a lot of stick but it wasn't that bad a car. The trouble was that every one off the line was different in some way thanks to quality control. As a result few have bothered to explore the little Austin's background, what it was designed to achieve, how it became the way it was and what happened to make it so infamous. Austin Allegro: An Enthusiast's Guide redresses the balance, telling the Allegro's tale of grand designs, high hopes, management compromises, failed dreams, industrial unrest, national ridicule and finally redemption. Now experiencing something of a comeback as a cheap and cheerful classic, the book provides ownership advice and buying information for all models.
