

# SECOND PLACE IS NO PLACE

So you should ride a 1987 Kawasaki KX80.

The #1 winner in 80cc motocross continued to dominate last season, from Ponca and Hurricane Mills—where KXs won more titles than any other 80—to the Amateur Triple Crown of Motocross—where KX80s took all three class championships.

Now we've got a few more tricks up our mean green sleeves.

Like a reshaped combustion chamber. Higher compression. A new exhaust system. New porting. New piston. New airbox.

So you still get the best peak power in the class, plus a lot more mid-range punch. And that makes it easier for any rider to win.

We also cut weight, firmed up the fork, and modified the shock linkage for even sharper handling.

So if you want to ride a winner this year, don't give it a second thought.

Just ride an '87 KX80.

Big mid-range power boost means quicker laps.
