**John Venn and the Clapham Sect** Michael Hennell, 1958     *John Venn and the Clapham Sect*, by Michael Hennell  
Michael Hennell, 1958     Incest and Influence Adam Kuper, 2010-02-28 Like many gentlemen of his time Darwin married his first cousin In fact marriages between close relatives were commonplace in 19th century England and Kuper argues that they played a crucial role in the rise of the bourgeoisie This study brings out the connection between private lives public fortunes and the history of imperial Britain     Evangelicals and Culture Doreen Rosman, 2011-04-01 Nineteenth century evangelicals have often been dismissed as anti intellectual and philistine This book draws on periodicals memoirs and letters to discover how far this was true of British evangelicals between 1790 and 1833 It examines their leisure pursuits along with their enjoyment of art music literature and study and concludes that they shared the thought and taste of their contemporaries to a far greater extent than is usually acknowledged What is more their theology encouraged such activities Evangelicals regarded recreations which engaged the mind or which could be pursued within the safety of the home as more concordant with spirituality than sensual or worldly pleasures Nevertheless their faith did militate against culture and learning Some evangelicals dismissed all non religious pursuits as vanity since their deep rooted otherworldliness made them suspicious of anything that did not contribute to eternal well being A new generation adopted a more rigid attitude to the Bible which made them unwilling to examine new ideas In the last resort even the most cultured evangelicals were unable to reconcile their delight in the arts with their world denying theology     African Initiative and Inspiration in the East African Revival Daewon Moon, 2022-09-12 The East African Revival is a fascinating historical example of the significant role indigenous agency can play in creating a new Christian spirituality African revivalists initiated the spread of the movement employing creative practices such as public testimony and fellowship meetings to sustain the effects of conversion experiences Daewon Moon integrates theological and sociological analyses of conversion with interviews and personal narratives that express insiders perspectives As active agents in the multiethnic and multicultural movement African revivalists articulate through their words and changed lives what it means to be saved     *Reclaiming the Women of Britain's First Mission to West Africa: Three Lives Lost and Found* Fiona Leach, 2018-11-26 Reclaiming the Women of Britain's First Mission to Africa is the compelling story of three long forgotten women two white and one black who lived worked and died on the Church Missionary Society's first overseas mission at the dawn of the nineteenth century It was a time of momentous historical events the birth of Britain's missionary movement the creation of its first African colony as a home for freed slaves and abolition of the slave trade Casting its long shadow over much of the women's story was the protracted war with Napoleon Taking as its starting point a cache of fifty letters from the three women the book counters the prevailing narrative that early missionary endeavour was a uniquely European and male affair and reveals the presence of a surprising number of women among them several with very forceful personalities Those who are interested in women's life history black history the

history of the slave trade and British evangelism will find this book immensely enjoyable     *The Life and Theology of Alexander Knox* David McCready,2020-06-02 In his *The Life and Theology of Alexander Knox* David McCready highlights one of the most important figures in the history of Anglicanism A disciple of John Wesley Knox presents his mentor as a representative of the Neo Platonic tradition within Anglicanism a tradition that Knox himself also exemplifies Knox also significantly impacted John Henry Newman and the Tractarians But Alexander Knox is an important theologian in his own right one who engaged substantially with the main intellectual currents of his day namely those stemming from the Enlightenment and Romanticism Meshing Knox s theological teaching on various topics with details of his life this book offers a fascinating portrait of a man who in the words of Samuel Taylor Coleridge changed the minds and with them the acts of thousands     **A.V. Dicey and the Common Law Constitutional Tradition** Mark D. Walters,2020-11-12 Offers a distinctive account of the rule of law and legislative sovereignty within the work of Albert Venn Dicey     The Trend of Economic Thinking F.A. Hayek,2020-06-29 This volume presents much newly published work by Hayek on methodology of economics its development as a subject its key thinkers and its important debates It is published in corrected revised and annotated form with a long introduction     Exciting Holiness Brother Tristram,2013-01-03 Contains information on public worship private devotion and connecting us with our spiritual heritage This work offers a resource for Eucharistic worship on all festivals and feast days It provides prayers and Scripture readings for each day of the calendars of four national Anglican provinces     Exciting Holiness ,2003-01-01 A best selling liturgical resource that now covers the calendars of all four Anglican provinces in Britain and Ireland     Edinburgh 2010 Kirsteen Kim,Andrew Anderson,2011     **British Philanthropy in the Globalizing World** Roshan Allpress,2024-02-16 Between 1756 and 1840 philanthropy in the British world grew from the domain of small associational committees to a vast enterprise of philanthropic and humanitarian societies with global reach *British Philanthropy in the Globalizing World* tells the story of this movement from its inception in small networks of mercantile and religious entrepreneurs to its signal projects and achievements in the abolition of slavery in evangelical missionary societies Bible societies and in the early indigenous rights movement It traces the lives and networks of hundreds of philanthropists across four generations showing how their social religious economic intellectual and cultural worlds intersected to foster philanthropic innovation through organisational models transnational networks and the creation of a unique formative culture It shows how groups such as the Clapham Sect including William Wilberforce Henry Thornton Hannah More James Stephen and others emerged in an intergenerational context and how they sought to effect social and cultural change across multiple spheres For every headline achievement there were many failed experiments inner wrestlings and long running intellectual collaborations that left a wide and deep imprint on the cultural and political landscape of the English speaking world Drawing on the separate historiographies of metropolitan philanthropy associational culture anti slavery moral reform Evangelicalism colonial missions and economic thought the study unites into one analytical

frame both the imaginative and organizational realities of philanthropy offering a dual focus on individual philanthropists their inner lives daily practices and participation in collaborative communities and on mapping the networks that bound philanthropic societies and projects together in metropolitan London and at the far reaches of the British world In doing so it offers a very human portrait of these entrepreneurs and evangelicals as they pursued a philanthropic global vision **Bible & Treaty** Keith Newman,2014-06-01 Bible Treaty Missionaries among the M ori is a complex and colourful adventure of faith bravery perseverance and betrayal that seeks to recover lost connections in the story of modern New Zealand It brings a fresh perspective to the missionary story from the lead up to Samuel Marsden s first sermon on New Zealand soil and the intervening struggle for survival and understanding to the dramatic events that unfolded around the Treaty of Waitangi and the disillusionment that led to the Land Wars in the 1860s While some missionaries clearly failed to live up to their high calling the majority committed their lives to M ori and were instrumental in spreading Christianity brokering peace between warring tribes and promoting literacy resulting in a M ori language edition of the Bible This highly readable account from the author of *Ratana Revisited An Unfinished Legacy* 2006 and *Ratana The Prophet* 2009 shines a new light on the ever evolving business of New Zealand s early history Religion Versus Empire? Andrew Porter,2004-10-29 This is the only book that addresses the relations between religion Protestant missions and empire building linking together all three fields of study by taking as its starting point the early eighteenth century Anglican initiatives in colonial North America and the Caribbean It considers how the early societies of the 1790s built on this inheritance and extended their own interests to the Pacific India the Far East and Africa Fluctuations in the vigor and commitment of the missions changing missionary theologies and the emergence of alternative missionary strategies are all examined for their impact on imperial expansion Other themes include the international character of the missionary movement Christianity s encounter with Islam and major figures such as David Livingstone the state and politics and humanitarianism all of which are viewed in a fresh light **The Oxford Dictionary of the Christian Church** Frank Leslie Cross,Elizabeth A.
