Jackson, 2016-05-11

Published anonymously in 1823 *The Night Before Christmas* has traditionally been attributed to Clement Clarke Moore 1779-1863 who included it in his *Poems* 1844 But descendants of Henry Livingston 1748-1828 claim that he read it to his children as his own creation long before Moore is alleged to have composed it This book evaluates the opposing arguments and for the first time uses the author attribution techniques of modern computational stylistics to settle the long standing dispute

Both writers left substantial bodies of verse which have been computer analyzed for distinguishing characteristics Employing a range of tests and introducing a new one statistical analysis of phonemes this study identifies the true author and makes a significant contribution to the growing field of attribution studies     **The Publishers' Trade List Annual** ,1990     The Whole Story John E.
