ideological concepts of time and individualism **The Cambridge Companion to Canadian Literature** Eva-Marie Kröller, 2004-02-05 This book offers a comprehensive and engaging introduction to major writers genres and topics in Canadian literature Contributors pay attention to the social political and economic developments that have informed literary events Broad surveys of fiction drama and poetry are complemented by chapters on Aboriginal writing francophone writing autobiography literary criticism writing by women and the emergence of urban writing in a country traditionally defined by its regions Also discussed are genres that have a special place in Canadian literature such as nature writing exploration and travel writing and short fiction The Death of Cuyler Goodwill ,1996 **RE: Reading the Postmodern** Robert David Stacey, 2011-01-14 It would be difficult to exaggerate the worldwide impact of postmodernism on the fields of cultural production and the social sciences over the last quarter century even if the concept has been understood in various even contradictory ways An interest in postmodernism and postmodernity has been especially strong in Canada in part thanks to the country's non monolithic approach to history and its multicultural understanding of nationalism which seems to align with the decentralized plural and open ended pursuit of truth as a multiple possibility as outlined by Jean Fran ois Lyotard In fact long before Lyotard published his influential work *The Postmodern Condition* in 1979 Canadian writers and critics were employing the term to describe a new kind of writing **RE: Reading the Postmodern** marks a first cautious step toward a history of Canadian postmodernism exploring the development of the idea of the postmodern and debates about its meaning and its applicability to various genres of Canadian writing and charting its decline in recent years as a favoured critical trope Published in English *Relating Carol Shields's Essays and Fiction* Nora Foster Stovel, 2023-01-01 This collection of essays explores celebrated Canadian author Carol Shields's experimentation with the essay genre in relation to her fiction Shields's essays clarify her iconoclastic approach to rules of narrative and illuminate her revisionist policies elucidating the development of her fiction both novels and stories as her writing gradually becomes more explicitly feminist as well as more daringly postmodernist The dozen essays by the eminent Canadianists included in this edition throw fresh light on Shields's writing inviting us to read it with new eyes by revealing how her essays reflect and refract the brilliance of her fiction These essays read Shields's fiction through the lens of her essays including those contained in the recent Giardini edition wherein the author explains the creative methodologies involved in her fiction and also offers specific advice to writers of fiction

The Palgrave Handbook of Animals and Literature Susan McHugh, Robert McKay, John Miller, 2020-11-25 This volume is the first comprehensive guide to current research on animals animality and human animal relations in literature To reflect the history of literary animal studies to date its primary focus is literary prose and poetry in English while also accommodating emergent discussions of the full range of media and contexts with which literary studies engages especially film and critical theory User friendly language references even suggestions for further readings are included to help newcomers to the field understand how it has taken shape primarily through recent decades To further aid teachers sections

are organized by conventions of periodization and chapters address a range of canonical and popular texts Bookended by sections devoted to the field's conceptual foundations and new directions the volume is designed to set an agenda for literary animal studies for decades to come **NOVELS FOR STUDENTS** CENGAGE LEARNING.
