AMY LIPTRON Beautiful, deep, transfixing, it will burn a home in your heart. LEMN SISSAY Essential reading, life-changing. Beautiful, earth-shattering and unforgettable. SAMANTHA MORTON Mesmerising, heart-breaking. I'll never forget it. ANNIE MAC Should be required reading. CLAIRE FULLER The government told a story about me before I was born. Jenni Fagan was property of the state before birth. She drew her first breath in care and by the age of seven she had lived in fourteen different homes and had her name changed multiple times. Twenty years after her first attempt to write this powerful memoir, Jenni is finally ready to share her account. Ootlin is a journey through the broken UK care system; it is one of displacement and exclusion but also of the power of storytelling. It is about the very human act of making meaning from adversity.

The Panopticon Jenni Fagan, 2013 The Panopticon is a circular prison with cells so constructed that the prisoners can be observed at all times. Anais Hendricks, fifteen, is in the back of a police car headed for the Panopticon, a home for chronic young offenders. She cannot remember the events that led her here but across town a policewoman lies in a coma and there is blood on Anais's school uniform. Smart, funny and fierce, Anais is a counter-culture outlaw, a bohemian philosopher in sailor shorts and a pillbox hat. She is also a child who has been let down or worse by just about every adult she has ever met. The residents of the Panopticon form intense bonds, heightened by their place on the periphery and Anais finds herself part of an ad hoc family there. Much more suspicious are the social workers, especially Helen, who is about to leave her job for an elephant sanctuary in India but is determined to force Anais to confront the circumstances of her birth before she goes. Looking up at the watchtower that looms over the residents, Anais knows her fate: she is part of an experiment she always was. It's a given: a liberty, a fact. And the experiment is closing in.

Hex Jenni Fagan, 2022-03-03 A powerfully poignant tale of one of the most turbulent moments in Scotland's history: the North Berwick Witch Trials. IT'S THE 4TH OF DECEMBER 1591. On this, the last night of her life in a prison cell, several floors below Edinburgh's High Street, convicted witch Geillis Duncan receives a mysterious visitor, Iris, who says she comes from a future where women are still persecuted for who they are and what they believe. As the hours pass and dawn approaches, Geillis recounts the circumstances of her arrest, brutal torture, confession and trial, while Iris offers support, solace and the tantalising prospect of escape. Hex is a visceral depiction of what happens when a society is consumed by fear and
