Opting Back In Pamela Stone, Meg Lovejoy, 2021-02-23 Interrupting a professional career is for women who opt out a conflicted decision of last resort Most women envision returning to the labor force even as they leave it But can they Drawing on unique research that follows up women first interviewed for Opting Out this book profiles the efforts of a group of high achieving women to go back to work The good news is that these women who are able to draw on considerable resources are successful The bad news is that they face cross pressures of class and gender that create what we call the paradox of privilege which reinforces gender inequality in the family and workplace and results in re-entry strategies that either marginalize them as contingent workers or for the sizeable fraction who radically reinvent themselves segregate them in female dominated fields The book offers an in-depth look at the pressures high potential women face as they struggle with the mixed signals of their class privilege promise compromised by patriarchy and offers up close and personal insights in to how the twin pillars of gender inequality the leadership and wage gaps are created and maintained by the very women expected to transcend them Provided by publisher **Motherhood Misconceived** Heather Addison, Mary Kate

Goodwin-Kelly, Elaine Roth, 2009-10-06 As celebrities sporting baby bumps politicians Olympic athletes and talk show guests mothers are ubiquitous throughout U.S. media and popular culture Like lightning rods these high profile mothers attract accolades and judgments associated with ideals of female sexuality gender roles and constructions of contemporary families Motherhood Misconceived explores this widespread cultural fascination with motherhood through analyses of mothers in contemporary U.S. film including both mainstream and independent cinematic representations The contributors draw on a variety of critical approaches to consider the spectacle of pregnancy mother daughter relationships mothers as predators narcissists and absent victims and the ways in which cultural anxieties are displaced and projected onto marginalized mothers in films such as Fargo Transamerica Gas Food Lodging Ordinary People and Scream Ideal for women's studies or film studies classes Motherhood Misconceived will help students contextualize current debates about motherhood as they play out in popular and independent film **Glass Ceilings and 100-hour Couples** Karine S. Moe, Dianna J. Shandy, 2010

When significant numbers of college educated American women began in the early twenty first century to leave paid work to

become stay at home mothers an emotionally charged national debate erupted Karine Moe and Dianna Shandy a professional economist and an anthropologist respectively decided to step back from the sometimes overheated rhetoric around the so called mommy wars They wondered what really inspired women to opt out and they wanted to gauge the phenomenon s genuine repercussions Glass Ceilings and 100 Hour Couples is the fruit of their investigation a rigorous accessible and sympathetic reckoning with this hot button issue in contemporary life Drawing on hundreds of interviews from around the country original survey research and national labor force data Moe and Shandy refocus the discussion of women who opt out from one where they are the object of scrutiny to one where their aspirations and struggles tell us about the far broader swath of American women who continue to juggle paid work and family Moe and Shandy examine the many pressures that influence a woman s decision to resign reduce or reorient her career These include the mismatch between child care options and workplace demands the fact that these women married men with demanding careers the professionalization of stay at home motherhood and broad failures in public policy But Moe and Shandy are equally attentive to the resilience of women in the face of life decisions that might otherwise threaten their sense of self worth Moe and Shandy find for instance that women who have downsized their careers stress the value of social networks of running with a pack of smart women who ve also chosen to emphasize motherhood over paid work

Passing Fancies in Jewish American Literature and Culture

Judith Ruderman, 2019-01-09 This scholarly study explores the conflicting forces of assimilation and cultural heritage in literary portrayals of Jewish American identity In *Passing Fancies in Jewish American Literature and Culture* Judith Ruderman takes on the fraught question of who passes for Jewish in American literature and culture In today s contemporary political climate religious and racial identities are being reconceived as responses to culture and environment rather than essential qualities Many Jews continue to hold conflicting ideas about their identity seeking deep engagement with Jewish history and the experiences of the Jewish people while holding steadfastly to the understanding that identity is fluid and multivalent Looking at carefully chosen texts from American literature Ruderman elaborates on the strategies Jews have used to pass from the late nineteenth century to the present nose jobs renaming clothing changes religious and racial reclassification and even playing baseball While traversing racial and religious identities has always been a feature of America s nation of immigrants Ruderman shows how the complexities of identity formation and deformation are critically relevant during this important cultural moment
