*The Lives of the Caesars* Suetonius, 2025-04-29 A masterful new translation of Suetonius renowned biography of the twelve Caesars bringing to life a portrait of the first Roman emperors in stunning detail A Penguin Classic The ancient Roman empire was the supreme arena where emperors

had no choice but to fight to thrill to dazzle To rule as a Caesar was to stand as an actor upon the great stage of the world No biographies invite us into the lives of the Caesars more vividly or intimately than those by Gaius Suetonius Tranquillus written from the center of Rome and power in the early 2nd century AD By placing each Caesar in the context of the generations that had gone before and connecting personality with policy Suetonius succeeded in painting Rome's ultimate portraits of power The shortfalls foreign policy crises and sex scandals of the emperors are laid bare we are shown their tastes their foibles their eccentricities we sit at their tables and enter their bedrooms The result is perhaps the most influential series of biographies ever written That Rome lives more vividly in people's imagination than any other ancient empire owes an inordinate amount to Suetonius Now award winning author and translator Tom Holland brings us even closer in a new spellbinding translation Giving a deeper understanding of the personal lives of Rome's first emperors and of how they swayed the fates of millions The Lives of the Caesars is an astonishing immersive experience of a time and culture at once familiar and utterly alien to our own

**THE 12 CAESARS**

Suetonius, 2023-11-30 Suetonius The 12 Caesars offers a captivating exploration of the lives and reigns of the first twelve emperors of Rome from Julius Caesar to Domitian Written in a succinct and engaging prose style Suetonius employs a biographical approach that interweaves anecdotes political intrigue and personal vices illuminating the complexity of power dynamics in ancient Rome His narrative is marked by an undeniable wit reflecting the literary context of the early second century AD where historical narrative sought to entertain as well as inform The work serves not only as a political history but also as a keen psychological study of its subjects revealing the interplay between personal character and imperial power Suetonius an accomplished Roman biographer and historian lived during a time when the Roman Empire was transitioning into its imperial phase His proximity to the imperial court and his role under Emperor Hadrian likely provided him with unique insights into the lives of these rulers Suetonius extensive research combined with his keen observational skills resulted in a nuanced portrayal of each emperor's contributions and failings I highly recommend The 12 Caesars to anyone interested in Roman history political biography or the intricacies of human nature under power It offers not only invaluable historical insights but also serves as a timeless reminder of the fragility of authority and the complexities of leadership
