The Terrible Privacy Of Maxwell Sim By Jonathan Coe:

The Terrible Privacy Of Maxwell Sim Jonathan Coe, 2010-05-27 Maxwell Sim seems to have hit rock bottom Estranged from his father newly divorced unable to communicate with his only daughter he realizes that while he may have seventy four friends on Facebook there is nobody in the world with whom he can actually share his problems Then a business proposition comes his way a strange exercise in corporate PR that will require him to spend a week driving from London to a remote retail outlet on the Shetland Isles Setting out with an open mind good intentions and a friendly voice on his SatNav for company Maxwell finds that this journey soon takes a more serious turn and carries him not only to the furthest point of the United Kingdom but into some of the deepest and darkest corners of his own past In his sparkling and hugely enjoyable new book Jonathan Coe reinvents the picaresque novel for our time *Understanding Jonathan Coe* Merritt Moseley, 2016-07-30 An examination of the life career and oeuvre of the British novelist and biographer In *Understanding Jonathan Coe* the first full length study of the British novelist Merritt Moseley surveys a writer whose experimental technique has become increasingly well received and critically admired Coe is the recipient of the John Llewellyn Rhys Prize the Prix Medicis the Priz du Meilleur Livre Entranger the Bollinger Everyman Wodehouse Prizes for Fiction and the Samuel Johnson Prize for Nonfiction His oeuvre includes eleven novels and three biographies two of famous Hollywood actors Humphrey Bogart and Jimmy Stewart and one of English modernist novelist B S Johnson Following an introductory overview of Coe s life and career Moseley examines Coe s complex engagement with popular culture his experimental technique his political satire and his broad canvased depictions of British society Though his first three books *An Accidental Woman* *A Touch of Love* and *The Dwarves of Death* received little notice upon publication Moseley shows their strengths as literary works and as precursors In 1994 Coe gained visibility with *What a Carve Up* which has remained his most admired and discussed novel He has since published a postmodern take on sleep disorders and university students *The House of Sleep* a two volume roman fleuve consisting of *The Rotters Club* and *The Closed Circle* a touching account of a lonely woman s life *The Rain before It Falls* a satiric vision of a misguided life *The Terrible Privacy of Maxwell Sim* and a domestic comedy thriller set at the 1958 world s fair in Brussels Expo 58 Moseley explicates these works and discusses the recurring features of Coe s fiction political consciousness a deep artistic concern with the form of fiction and comedy *Power in Politics and Academia in Jonathan Coe's Novels* Denisa Dumitrascu, 2018-04-18 This book explores the intricate manifestations of contemporary power its related ideology and the resistance and reaction to the dominant discourse in Jonathan Coe s political fiction covering the dismantling of the British social democratic consensus Thatcherism and Blairism up to the new ideology of Globalism Beyond the predictable dichotomy of support opposition to power the book argues the modern individual seems to have found another ontological approach for which it coins the concept of intentional unpower Furthermore it demonstrates that there are three possibilities regarding the evolution of this type of social response and invites the readers to discover them while

enjoying Coe's subtlety and humour. Given its broad approach, the book will appeal to researchers in a wide range of domains including literary and cultural studies, political theory and sociology, as well as any reader fascinated with the essence of power, intellectual response and discourses containing their own elements of subversion.

Anti-Heroes in the Works of Easton Ellis, Coe, Martel and Tsiolkas Panos Gerakis, 2024-04-02. In the late twentieth and early twenty-first centuries, globalization has significantly influenced gendered experiences worldwide. While scholarly attention has predominantly focused on women's lives and marked gender identities, since the seventies there remains a conspicuous gap in the exploration of the phenomenically unmarked gender and particularly men's identities and the unique challenges they face. Drawing upon a diverse array of texts and ideas from cultural theory, this book delves into crucial issues surrounding masculinity, the shame struggle, precariousness and predicaments inherent in navigating the expectations of being a man in today's era of neoliberalism and globalization. Through the lens of the main characters in novels by Bret Easton Ellis, Jonathan Coe, Yann Martel and Christos Tsiolkas, all from the anglophone sphere, the narrative illuminates these often overlooked facets of masculinity crisis. The book seeks to contribute to a deeper understanding of masculinities today, shedding light upon the vulnerable nature of the masculine experience.

Transnational French Studies Charles Forsdick, Claire Launchbury, 2023-10-01. The contributors to *Transnational French Studies* situate this disciplinary subfield of Modern Languages in actively transnational frameworks. The key objective of the volume is to define the core set of skills and methodologies that constitute the study of French culture as a transnational, transcultural and translingual phenomenon. Written by leading scholars within the field, chapters demonstrate the type of inquiry that can be pursued into the transnational realities, both material and non-material, that are integral to what is referred to as French culture. The book considers the transnational dimensions of being human in the world by focussing on four key practices which constitute the object of study for students of French language and

multilingualism the construction of transcultural places and the corresponding sense of space the experience of time and transnational subjectivities The underlying premise of the volume is that the transnational is present and has long been present throughout what we define as French history and culture Chapters address instances and phenomena associated with the transnational from prehistory to the present opening up the geopolitical map of French studies beyond France and including sites where communities identified as French have formed

Turn in Contemporary English Fiction Huw Marsh, 2022-02-24 The Comic Turn in Contemporary English Fiction explores the importance of comedy in contemporary literature and culture In an era largely defined by a mood of crisis bleakness cruelty melancholia environmental catastrophe and collapse Huw Marsh argues that contemporary fiction is as likely to treat these subjects comically as it is to treat them gravely and that the recognition and proper analysis of this humour opens up new ways to think about literature Structured around readings of authors including Martin Amis Nicola Barker Julian Barnes Jonathan Coe Howard Jacobson Magnus Mills and Zadie Smith this book suggests not only that much of the most interesting contemporary writing is funny and that there is a comic tendency in contemporary fiction but also that this humour this comic licence allows writers of contemporary fiction to do peculiar and interesting things things that are funny in the sense of odd or strange and that may in turn inspire a funny turn in readers Marsh offers a series of original critical and theoretical frameworks for discussing questions of literary genre style affect and politics demonstrating that comedy is an often neglected mode that plays a generative role in much of the most interesting contemporary writing creating sites of rich political stylistic cognitive and ethical contestation whose analysis offers a new perspective on the present
