Agricultural Development in China, 1368-1968 Dwight H. Perkins, 2013-08-21 Originally published Chicago Aldine Publishing Company 1969 With new introduction **Agricultural Development in China, 1368-1968** Dwight Heald Perkins, Social Science Research Council (U.S.). Committee on the Economy of China, 1969 [Agricultural Development in China, 1368-1968](#) Dwight H. Perkins, 2017-10-02 *Agricultural Development in China* explains how China's farm economy historically responded to the demands of a rising population Dwight H Perkins begins in the year A D 1368 the founding date of the Ming dynasty More importantly it marked the end of nearly two centuries of violent destruction and loss of life primarily connected with the rise and fall of the Mongols The period beginning with the fourteenth century was also one in which there were no obvious or dramatic changes in farming techniques or in rural institutions The rise in population and hence in the number of farmers made possible the rise in farm output through increased double cropping extending irrigation systems and much else Issues explored in this book include the role of urbanization and long distance trade in allowing farmers in a few regions to specialize in crops most suitable to their particular region Backing up this analysis of agricultural development is a careful examination of the quality of Chinese historical data This classic volume now available in a paperback edition includes a new introduction assessing the continuing importance of this work to understanding the Chinese economy It will be invaluable for a new generation of economists historians and Asian studies specialists and is part of Transaction's Asian Studies series **Agricultural Development in China, 1368-1968, by Dwight H. Perkins, with the Assistance of Yeh-chien Wang, Kuo-ying Wang Hsiao And Yung-ming Su** Dwight Heald Perkins, 1969

[Agricultural Development in China, 1368-1968. With the Assistance of Yeh-Chien Wang, Kuo-ying Wang Hsiao \[a.o.\].](#) Dwight H. Perkins, Yeh-Chien Wang, Kuo-ying Wang Hsiao, 1969 *Agricultural Development in China and Africa* Li Xiaoyun, Qi Gubo, Tang Lixia, Zhao Lixia, Jin Leshan, Guo Zhanfeng, Wu Jin, 2012-05-04 Many African countries are increasingly interested in learning from China's experiences in achieving effective agricultural development The Chinese government and academic community are also keen to share experiences and lessons with Africa China made agriculture one of its development assistance priorities at the Third FOCAC Summit in Beijing in 2006 This systematic comparative study of agricultural development in China and Africa provides a unique basis for African countries and international organizations seeking to understand agricultural development in China and for China to understand agricultural development on the African continent The book highlights experiences and lessons from China and in particular analyzes why Africa has not yet been able to emulate China's agricultural development trajectory It compares the similarities and discrepancies in conditions processes and outcomes between China and Africa from the perspectives of investment science and technology policies and international development aid Based on this it explores which experiences and lessons from China's agriculture development can be shared with African countries in order to contribute to the sustainable improvement and transformation of African

agriculture It does not claim that China has all of the answers but while recognizing the diversity within both China and Africa concludes that much can be gained from such a comparison

Agricultural Development in Qing China Zhihong Shi, 2017-10-02 In *Agricultural Development in Qing China A Quantitative Study 1661 1911* SHI Zhihong offers for the first time an overview of agricultural development in Qing China in the English language Being by far the largest sector in one of the largest economies in the world understanding its development is crucial not only for agricultural studies but also to advance economic debates such as on the Great Divergence Combining the recent quantitative paradigm with the more traditional scholarly approach this book uses a great number of primary sources to arrive at new and revised estimates of crucial indicators such as land acreage crop yield pasture and total output Its main conclusion is that a serious economic and social problem occurred since the mid Qing where agriculture was increasingly less able to feed a growing population which was a major factor contributing to the growing crisis in the rule of the dynasty

Chinese History in Economic Perspective Thomas G. Rawski, Lillian M. Li, 2024-07-26 This volume marks a turning point in the study of Chinese economic history It arose from a realization that the economic history of China as opposed to the history of the Chinese economy had yet to be written Most histories of the Chinese economy whether by Western or Chinese scholars tend to view the economy in institutional or social terms In contrast the studies in this volume break new ground by systematically applying economic theory and methods to the study of China While demonstrating to historians the advantages of an economic perspective the contributors comprising both historians and economists offer important new insights concerning issues of long standing interest to both disciplines

Part One on price behavior presents for the first time preliminary analyses of the incomparably rich and important grain price data from the imperial archives in Beijing and Taipei during the Qing Dynasty 1644 1911 These studies reveal long term trends in the Chinese economy since the seventeenth century and contain surprising discoveries about market integration the agricultural economy and demographic behavior in different regions of China The essays in Part Two on market response deal with different aspects of the economy of Republican China 1912 49 showing that markets for land labor and capital sometimes functioned as predicted by models of economic rationality but at other times behaved in ways that can be explained only by combining economic analysis with knowledge of political regional class and gender differences Based on new types of data they suggest novel interpretations of the Chinese economic experience The resulting collection is interdisciplinary scholarship of a high order which weaves together the analytic framework provided by economic theory and the rich texture of social phenomena gathered by accomplished historians This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1992
