The Tragedy of Common Sense John P. Clark,2016-08-01 Introduction by Salvatore Engel Di Mauro Foreword by Ariel Salleh This book takes as its object of critique one of the best known and most influential arguments in contemporary applied ethics which is biologist Garrett Hardin s case for lifeboat ethics John Clark analyzes the moral dimensions of world hunger foreign aid immigration policy and population growth Clark critiques the lifeboat ethics as a way to explore in depth both the common and the commons It is about the truth we hold in common and about certain falsehoods that we hold in common This book also contains Garrett Hardin s 1974 essay Living on a Lifeboat **Navigating Cross-Cultural Ethics** Eileen Morgan,2012-09-10 Through the personal stories of managers running global business this book takes an inside look into the dilemmas of managers who are asked to make profits ethically according to the dictates of their company s ethics code It examines what companies think they are doing to help managers in those situations and how those managers are actually affected Thanks to the boost from the 1991 Sentencing Guidelines which minimizes penalties for companies with ethics codes

caught in ethical wrongdoing more than 85% of US companies and two thirds of all Canadian companies and half of all European companies now have Codes of Ethics Yet over and over we hear of stories of personal dilemmas and conflicts experienced by individual managers navigating those business waters in other cultures *Ethics and the Autonomy of Philosophy* Bernard James Walker,2014-11-06 In *Ethics and the Autonomy of Philosophy* Bernard Walker sets out with two objectives First Walker argues that ethics is autonomous as a discipline Oftentimes ethics books from a Christian perspective lean toward grounding ethics in theology or in biblical proof texting Walker departs from this tradition Ethics grounded in theology entails a limited scope for those doing ethics in that the Christian God must be assumed for both Christian and non Christian when at the table of ethical dialogue For the non Christian this loads the dice and shuts down ethical consensus and dialogue if not ethical truth With that said this book does not depart from Christian ethical views on such issues as the sanctity of life antiracism the death penalty the objectivity of ethics and the importance of integrating faith into ethics however Walker does so from a common denominator of philosophy rather than theology Second Walker ventures into the streets and engages the man woman on the streets approach to ethics and ethical decision making He points out the shortcomings of the ubiquitous views of the man woman on the streets viz cultural relativism skepticism and the attitude that ethics is merely a matter of personal choice **Land, Value, Community** Wayne Ouderkirk,Jim Hill,2012-02-01 *Land Value Community* provides an in depth critical study of the theories of J Baird Callicott one of the world s foremost environmental philosophers An international group of scholars representing philosophy ecology ecofeminism Native American studies political science and religion studies critically assesses Callicott s contributions to environmental ethics and philosophy and presents alternative perspectives from their own work Each section consists of several authors focusing on one aspect of Callicott s thought raising questions not only for Callicott but also for anyone affected by environmental issues A noteworthy feature of the book is Callicott s own response to his critics This volume allows readers to explore multiple avenues in their search for answers to the significant philosophical questions raised by environmental problems *The Ethics of the Family* Linda Oravec,Adam Potthast,Stephen Scales,2010-03-08 Our families are our first and most important ethical training grounds But what is the family And what are our ethical commitments to our family members and to the broader moral community After a brief introductory chapter on basic ethical concepts and theories the essays in this volume provide readers with ethical analyses of issues ranging from same sex marriage to a controversial proposal to license parents The chapters cover love sex marriage parents and children the relationship between the family and the larger moral community and the influence of emerging technologies on the ethical issues inherent in family life The volume is intended to open up this exciting territory in applied ethics to those interested in philosophy family studies social work and to anyone who wants a deeper understanding of the ethical forces at work in this most basic social institution *Myth of Universal Human Rights* David N. Stamos,2015-11-17 In this groundbreaking and provocative new book philosopher of science David N Stamos

challenges the current conceptions of human rights and argues that the existence of universal human rights is a modern myth Using an evolutionary analysis to support his claims Stamos traces the origin of the myth from the English Levellers of 1640s London to our modern day Theoretical defenses of the belief in human rights are critically examined including defenses of nonconsensus concepts In the final chapter Stamos develops a method of naturalized normative ethics which he then applies to topics routinely dealt with in terms of human rights In all of this Stamos hopes to show that there is a better way of dealing with matters of ethics and justice a way that involves applying the whole of our evolved moral being rather than only parts of it and that is fiction free

Cartesian Views Thomas Lennon, 2003-12-01 Many kinds of Cartesian views are treated by these papers the views that Descartes held views from our perspective on those views views on Descartes held by his early critics and followers and views that are Cartesian in outlook not for nothing is Descartes still regarded as the father of modern philosophy These overlapping views provide the unity of this volume and reflect the unity of Richard A Watson s philosophical work Not least among Watson s contributions has been his depiction of Cartesianism as a response to a set of problems within Descartes s philosophy The later Cartesians were not slavish followers of Descartes The contributors to this volume might be viewed as standing to Watson as the Cartesians did to Descartes Contributors include Jean Robert Armogathe Leslie Armour Alan Gabbey Daniel Garber William H Gass Alan Hausman David Hausman Thomas M Lennon Jos R Maia Neto Steven Nadler Richard H Popkin Han van Ruler Theo Verbeek Fred Wilson and Alison Wylie

The Ethics of Reading in Manuscript Culture John Dagenais, 1994-02-18 Reexamining the roles played by author reader scribe and text in medieval literary practice John Dagenais argues that the entire physical manuscript must be the basis of any discussion of how meaning was made Medievalists he maintains have relied too heavily on critical editions that seek to create a single definitive text reflecting an author s intentions In reality manuscripts bear not only authorial texts but also a variety of elements added by scribes and readers glosses marginal notes pointing hands illuminations and fragments of other seemingly unrelated works Using the surviving manuscripts of the fourteenth century Libro de buen amor a work that has been read both as didactic treatise on spiritual love and as a celebration of sensual pleasures Dagenais shows how consideration of the physical manuscripts and their cultural context can shed new light on interpretive issues that have puzzled modern readers Dagenais also addresses the theory and practice of reading in the Middle Ages showing that for medieval readers the text on the manuscript leaf including the text of the Libro was primarily rhetorical and ethical in nature It spoke to them directly individually always in the present moment Exploring the margins of the manuscripts of the Libro and of other Iberian works Dagenais reveals how medieval readers continually reshaped their texts both physically and

ethically as they read and argues that the context of medieval manuscript culture forces us to reconsider such comfortable received notions as text and literature and the theories we have based upon them Exploring the Dimensions of Human Sexuality Jerrold S. Greenberg, Clint E. Bruess, Sarah C. Conklin, 2007 Exploring The Dimensions Of Human Sexuality Third Edition Has Been Extensively Updated To Include Information And Statistics About Recent Developments This Text Continues To Encourage Students To Explore The Varied Dimensions Of Sexuality And To See How Each Affects Their Personal Sexuality Sexual Health And Sexual Responsibility All Aspects Of Sexuality Biological Spiritual Psychological And Sociocultural Are Presented Factually And Impartially **Principles of Leadership and Management in Law**

Enforcement Michael L. Birzer, Gerald J. Bayens, Cliff Roberson, 2012-06-18 Effective police organizations are run with sound leadership and management strategies that take into account the myriad of challenges that confront today's law enforcement professionals Principles of Leadership and Management in Law Enforcement is a comprehensive and accessible textbook exploring critical issues of leadership within police agencies
