Here are the documents that correlate with the stations. [Sources for all Reforms](#)

Station 1: Temperance

Context: A number of people worked to prevent alcohol abuse. Many people believed that Americans were drinking liquor at an alarming rate in the early and mid 1800s. At the time, water was not treated or cleaned. Thus, many Americans preferred to drink alcoholic beverages instead. During the 1830s the average alcohol consumption per person was seven gallons a year. (compared to 2.4 gallons today.) Many reformers related drinking to ruined family life and believed that it led to spousal and child abuse. Factory owners believed that drinking cut down on workers output and on the job accidents.

Temperance organizations formed with the goal of stopping the consumption of liquor and limiting the amount of beer and wine an individual drank. As the movement grew in strength, the goals became to ban all alcoholic drinks. Soon many cities and even states started to pass laws outlawing alcohol within their borders. **Maine became the first state to ban alcohol in 1851.**
