The Ultimate Book of Survival Gear James C. Jones, 2021-04-20 When the Shit Hits the Fan and The End of The World As We Know It Has Arrived, Who Will Survive and Who Will Perish? Chances are that those people who seriously prepare ahead of time, who have contingency survival plans, will have a definite edge over most other people. Part of those contingency plans involve having the right gear to help you make it. In this book, survival expert James C. Jones lists every item of gear you need to have in order to survive and eventually thrive. Here you will find detailed descriptions of the following gear: sleeping bags, shovels, and saws, stoves, clothing, and footwear, advanced medical care equipment, communications, and monitoring devices, biological and chemical survival equipment, and much more. Not only is every item examined carefully, but Jones also tells you how to use it and how to maintain it. You may not take the possible ending of the world seriously, but you need to, as it is a real possibility, and those who survive are those who are prepared. **Ranger Handbook** US Army, 2016-02-12 The history of the American Ranger is a long and colorful saga of courage, daring, and outstanding leadership.
