My Soul Has Grown Deep Cheryl Finley, Randall R. Griffey, Amelia Peck, Darryl Pinckney, 2018-05-21 My Soul Has

Grown Deep considers the art historical significance of contemporary Black artists and quilters working throughout the southeastern United States and Alabama in particular. Their paintings, drawings, mixed media compositions, sculptures, and textiles include pieces ranging from the profoundly moving assemblages of Thornton Dial to the renowned quilts of Gee's Bend. Nearly sixty remarkable examples originally collected by the Souls Grown Deep Foundation and donated to The Metropolitan Museum of Art are illustrated alongside insightful texts that situate them in the history of modernism and the context of the African American experience in the twentieth century South. This remarkable study simultaneously considers these works on their own merits while making connections to mainstream contemporary art. Art historians Cheryl Finley, Randall R. Griffey, and Amelia Peck illuminate shared artistic practices including the novel use of found or salvaged materials and the artists' interest in improvisational approaches across media. Novelist and essayist Darryl Pinckney provides a thoughtful consideration of the cultural and political history of the American South during and after the Civil Rights era. These diverse works described and beautifully illustrated tell the compelling stories of artists who overcame enormous obstacles to create distinctive and culturally resonant art.

Photo Album Quilts Wendy Butler Berns, 2008. What do quilting and photography have in common? Both are time honored ways of preserving cherished memories and they both come together in a very special one of a kind volume. Written by popular quilt designer Wendy Butler Berns, it shows how to incorporate your most precious pictures from beloved snapshots of ancestors to children's artwork into a unique quilt. Anyone from beginners to confident experienced quilters can master the creative techniques which include creating a line drawn template from the enlarged original image, breaking down the dark and light tones, choosing the fabrics for each piece of the design, then reassembling and appliquéing the image onto a backing. The 25 quilts are all perfect for hangings and each is shown with the photo that inspired it. *Gee's Bend* William Arnett, 2006. In 2002, Gee's Bend burst into international prominence through the success of Tinwood's Quilts of Gee's Bend exhibition and book which revealed an important and previously invisible art tradition from the African American South. Critics and popular audiences alike marveled at these quilts that combined the best of contemporary design with a deeply rooted ethnic heritage and compelling human stories about the women of Gee's Bend. *The Architecture of the Quilt* is a major book and museum exhibition that will premiere at the Museum of Fine Arts, Houston (MFAH) in June 2006, before traveling to seven American museums through 2008. The book's 330 color illustrations and insightful text bring home the exciting experience to readers while displaying all the cultural heritage and craftsmanship that have gone into these remarkable quilts. *The Quilts of Gee's Bend* John Beardsley, Museum of Fine Arts, Houston, 2002. Since the 19th century, the women of Gee's Bend in southern Alabama have created stunning vibrant quilts. Beautifully illustrated with 110 color illustrations, *The Quilts of Gee's Bend* includes a historical overview of the two hundred years of extraordinary quilt making in this African American community, its people, and their art making tradition.
